Welcome to Koala Nation!

On behalf of the Division of Student Affairs, I would like to welcome you to the 2023-2024 academic year at Columbia College. Whether you are a first-year student, a new transfer student, or a returning student, we hope the year ahead will provide you with countless opportunities to grow intellectually, to develop your leadership skills, and to interact with the amazing students, faculty, and staff who make up our community of scholars.

I hope that you will use the *Student Handbook* as a resource to answer questions you may have about services provided to you as a student, resources available to support your academic and personal development, campus expectations, opportunities for involvement, and guidelines for effective decision-making as a member of the Columbia College community. While the *Student Handbook* is to assist you throughout this academic year, it does not constitute the whole of college policies concerning students. The *Academic Bulletin* and other official publications and contracts are also important references, and it is your responsibility to know and understand the expectations outlined for you as a Columbia College student. Please note that the College reserves the right to alter its policies, procedures, or other information listed in the *Student Handbook* at any time.

As you begin the academic year, **I encourage you to B-E-E! Be yourself! Engage! Excel!** Our goal is to provide a challenging yet supportive environment that encourages you to set and achieve meaningful goals, develop habits for academic and personal success, engage in the campus community, contribute actively outside of the classroom, and fulfill your potential as a Columbia College student and future alumni! We want to assist you in your journey to become your best self.

Best wishes for this academic year. If I can be of any assistance to you, please do not hesitate to contact me.

Sincerely,

LaNaé Budden, Ed.D.
Vice President for Student Affairs & Dean of Students

INTRODUCTION

THE MISSION OF COLUMBIA COLLEGE

Columbia College prepares every student personally and professionally for success through liberal arts and professional programs emphasizing service, social justice, and leadership development.

OPERATION OF THE COLLEGE

Columbia College is comprised of five academic divisions, with approximately 1,400 students enrolled in degree programs. Decisions regarding academic policy, planning, student life, and the formation of policies and procedures lie within a network of interlinking governing bodies including student, faculty, administrative, and College-wide committees. You should read the *Student Handbook*, the *Columbia College Bulletin*, and specific policy materials and campus publications to become familiar with the guidelines that apply to you. The College reserves the right to change requirements for degrees, policies, prerequisites, fees, scheduling, and related matters.

Major administrative, financial, and College-wide policies are determined by the President and other administrative officers, who are responsible to the Board of Trustees.

THE FOUR Cs (STEPS) OF LEADERSHIP DEVELOPMENT AT CC

The Four Cs of leadership development at Columbia College – **Courage, Commitment, Confidence, and Competence** – are an expression of our mission emphases on Leadership and Social Justice. At Columbia College, we define leadership as the choice to exercise the privilege of education in a way that embraces opportunity for positive change in ourselves and in the world around us. The Four Cs are characteristics that the College hopes to promote among our graduates; they are also a series of phases in a process of leadership development. At Columbia College, students learn how the definitions of Courage, Commitment, Confidence, and Competence fit favorably with many of the initiatives that the College has already built into its four-year structure for student development.

DIVISION OF STUDENT AFFAIRS

STUDENT AFFAIRS MISSION STATEMENT

The Division of Student Affairs provides students with a variety of opportunities, activities, events, and services that support learning in and out of the classroom, assists students in becoming engaged in the campus community, and promotes success during and after college.

STUDENT AFFAIRS STRUCTURE

The Division of Student Affairs is the collective name for several offices that work closely with students in the out-of-class learning environment. The Division of Student Affairs consists of the Office of the Vice President for Student Affairs & Dean of Students; Counseling Services; Multicultural Affairs & Community Resources; Residence Life & Housing; Spirituality and Community Service; and Student Activities.

Services provided by these offices are generally offered at little or no charge to students. Student Affairs staff members provide students with a variety of opportunities, activities, programs, and events that support learning in and out of the classroom, assist the student in

becoming engaged in the campus community, enhance a student's leadership knowledge and skills, and promote success during and after college.

VICE PRESIDENT FOR STUDENT AFFAIRS & DEAN OF STUDENTS

The mission of the Office of the Vice President for Student Affairs & Dean of Students is to create a vibrant student-centered co-curricular environment where student learning, development, and growth are fostered through the promotion of student involvement, collaborative partnerships, policy development, and student advocacy.

This office commits to being responsive to the needs of students and providing support and leadership to the offices within the Division of Student Affairs that provide services, programs, and experiential opportunities for students. The Vice President for Student Affairs & Dean of Students' office is a resource for students, answering questions, solving problems, and promoting active involvement, engaged learning, and leadership.

The Vice President for Student Affairs & Dean of Students works closely with the Student Government Association and various leadership programs. This office also oversees non-academic policies and procedures and publishes them annually in the *Student Handbook*.

Students are encouraged to stop by the office in the T.J. Harrelson Student Services Center on the 2nd floor or to call 803-786-3856 anytime they have a question or need assistance.

COUNSELING SERVICES

The mission of Counseling Services is to assist students in their total development by providing student-centered counseling services and case management that accommodate and serve the physiological, emotional, psychological, and intellectual, needs of Columbia College students.

Counseling helps students acquire the skills and knowledge needed for improving their emotional and psychological well-being. Counseling encourages students to (1) Develop insight into oneself and their concerns. (2) Obtain personal growth. (3) Feel more confident and develop life skills to resolve life crises. (4) Develop better ways of coping with concerns. (5) Function better socially and academically. Case management helps students access and navigate resources to alleviate distress impeding upon their education, growth, and success.

Counseling Services strives to support students by providing individual and group counseling, referral services, case management, consultation to students, faculty, staff, and family members, and by providing educational outreach to the campus community. These services, taken together, help our students to fully experience and embrace the many challenges they may face in their educational process.

Students often seek personal counseling for help with such issues as anxiety and stress, depression, difficulty adjusting, relationship concerns, grief and loss, trauma, and many other concerns. Students

who are experiencing challenges accessing food, shelter, clothing, financial assistance may seek the services of the case manager.

Students may receive up to 12 sessions per semester. Individual, short-term counseling is available at no charge to all currently enrolled, full-time students. If longer-term or more specialized treatment is indicated, every reasonable effort will be made to find a referral source in the community. All costs associated with referrals are the responsibility of the student.

MULTICULTURAL AFFAIRS AND COMMUNITY RESOURCES

The Office of Multicultural Affairs & Community Resources (OMACR) includes Columbia College's Diversity Officer and two staff members, the Director of OMACR and the Graduate Assistant of OMACR. The mission of OMACR is to foster respect for multiculturalism and an appreciation for the diverse experiences of our campus community while promoting access and equity for underrepresented students. The OMACR mission complements those of the College and Division of Student Affairs by providing support in four specific areas: diversity programs and services, community resources, international student support, and study abroad advising.

Diversity Programs and Services

To empower our community members to become culturally competent citizens, OMACR facilitates diversity and inclusion initiatives, including educational outreach programs for employees and students through the Diversity Peer Educator Program, DiversiTea Dialogue Series, and the Diversity Resource Room. OMACR programming also includes diversity trainings to increase multicultural competence and social justice awareness, which helps our students live and work successfully in an increasingly diverse world.

Specifically for historically underrepresented students, OMACR offers support services and events such as the Minority Student Welcome and cultural heritage month celebrations in collaboration with student groups and organizations through the Multicultural Organization Success Team (MOST).

Community Resources

OMACR provides students with support and assistance addressing difficult life circumstances, such as basic medical concerns, financial struggles, family challenges, and navigating local transportation.

International Student Support

OMACR provides an orientation program for new first-year and transfer international students. Additionally, OMACR offers all international students support services, advising on immigration compliance, and social programs. By monitoring College compliance with federal immigration laws, OMACR can advise international students in resolving academic, financial, and personal difficulties in coordination with campus constituents. Beyond compliance with campus policies, the Principal Designated School Official (PDSO) and additional Designated School Officials (DSOs) can assist students in identifying appropriate external immigration assistance. Students can get involved with international student support services through the Diversity Peer Educator Program (DPE), Association for Multicultural Affairs (AMA), and the International Studies Association (ISA).

Study Abroad Advising

Students interested in studying abroad for a semester, for an academic year, or during the summer at one of our partnering exchange institutions may receive advising and assistance in planning the experience. Students interested in short-term service or research-based study travel may also contact OMACR for guidance. We provide program-specific information, including cost analyses and funding guidance; assist students and their academic advisors in preparing to assess the viability of the potential experience; and provide pre-departure and return education opportunities for students traveling outside the U.S. as well as inbound international orientation programs for students who choose to study abroad at Columbia College.

RESIDENCE LIFE AND HOUSING

Through intentional engagement, the Office of Residence Life & Housing supports the mission of Columbia College by educating students in a safe environment that fosters a sense of community, developing the varied needs of a diverse population, encouraging students to take personal responsibility, and supporting academic pursuits and co-curricular activities for all residential students.

The Office of Residence Life and Housing has three professional staff members, as well as eighteen paraprofessional student staff members. The office is headed by a director with a master's degree and two area coordinators (ACs) who have earned either the master's or the bachelor's degree. The office has one area coordinator for McNair Hall and one for Mirse, Wesley, Hudson, and the Cottages residence halls.

The office employs seventeen student staff members called resident assistants (RAs). These students are chosen to be the leaders in the community and to assist students with anything they should need while living in the residence halls. Their primary purpose is to build community and to foster the academic, social, and personal success of students living in the halls. CCPD will notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to health or safety of students, faculty, or staff occurring on the campus or in the immediate vicinity. Taking into account the safety of the community, CCPD will determine the content of the notification and initiate the notification system (unless issuing a notification will in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency). After the initial notification, the College may disseminate follow-up information via the messaging system, as needed.

Columbia College maintains a subscription to a third party e-mail and text messaging service notification system that enables CCPD to send e-mail and text messages for emergency alerts to students, faculty, and staff of Columbia College. The emergency notification

service requires users to opt-in to the service by providing their cell phone or wireless device number if they would like to receive text messages.

STUDENT EMPLOYMENT OFFICE

The Student Employment Office (SEO) helps students participate in the most beneficial work experience possible while at Columbia College. Currently, there are three work programs coordinated through the SEO. Two of these programs involve campus employment. The following is a brief description of these different work programs:

Federal Work-Study (FWS)

Federal Work-study is a federally subsidized program awarded to students based on financial need. Students must apply for financial aid to determine eligibility. If you are not sure about your award eligibility, please contact your Financial Aid counselor. This program is not available to international students.

Workshop (WS)

Workshop is an institutionally funded program awarded to students based on their skills and the campus student work needs. This program is subject to limited funding levels and budget decisions are made by Executive Management.

Community Service-CS

This program was introduced to Columbia College in 1993. The purpose of the Community Service Program is to encourage and enable students to participate in off-campus employment that will complement their educational goals and to develop jobs that service low-income families. Students must be eligible for FWS to participate in this program.

Students who are interested in on-campus (Federal Work-study or Workshop) and off-campus Work-study (Community Service) positions must submit a Student Employment Application (<https://app.joinhandshake.com/login>). When jobs become available and you meet the job qualifications, your application will be forwarded to the hiring department. It is up to each supervisor to contact students to be interviewed and then hired. For more information, you can find us online at www.columbiasc.edu under Current Students/Student Resources/Student Employment. The SEO is in the Allison Administration building in room 309.

CHECK CASHING/LOCAL BANKING

The tuition accounts cashier window, located on the 3rd floor of the Allison Administration, is open from 10:00am to 3:00pm Monday through Friday. Checks can be cashed up to \$50.

RELIGIOUS AND SPIRITUAL LIFE

As a United Methodist Church-affiliated college, Columbia College has a longstanding tradition of emphasizing spiritual values as a part of the total educational experience. The Chaplain to the College, while an ordained minister of The United Methodist Church, serves the entire Columbia College community regardless of religious affiliation or non-religious beliefs. The Chaplain is available to students, staff, or faculty for counseling regarding faith issues, theological questioning, vocational calling, family concerns, etc.

In addition to providing pastoral care, the Chaplain works with students, student organizations, faculty, and staff to develop and implement a variety of opportunities for spiritual growth, reflection, and service. Columbia College strives to be a community where faith and service go hand-in-hand, and where religious diversity and differences are respected.

Mitzi's Prayer Labyrinth and Meditation Garden, located behind T.J. Harrelson Student Center, is available for silent reflection and prayer. An Interfaith Prayer Room, called The Oasis, is also available in the basement of Wesley Hall. Services of inspiration, prayer, worship, and communion are offered at various times throughout each semester. All persons of the Columbia College campus and local community may attend.

COMMUTER STUDENT SERVICES

Recognizing that commuter students have distinct needs, Columbia College offers a variety of specific services and involvement opportunities for this student population. The Division of Student Affairs works to ensure services are provided for commuter students. The Commuter Student Association organizes several social events for commuters and advocates for commuter needs. Commuter students are strongly encouraged to participate in all campus organizations and activities. A Commuter Student Lounge, specifically for commuter students, is located on the 1st floor of J. Drake Edens Library in Room 204. The lounge is open from 8:00am to 10:00pm Monday through Thursday, 8:00am-5:00pm Friday, 10:00am-5:00pm Saturday and 3:00pm-10:00pm Sunday so commuters can study, enjoy their lunch, store their belongings in lockers, or hang out with their friends.

Commuter students are also encouraged to take advantage of all of the campus facilities and resources described in the *Student Handbook*, whether it is to type a paper or check e-mail in one of the campus computer labs, study in Edens Library, meet friends or grab a cup of coffee in the Student Union, or research internship opportunities through Career Services. Commuters are also welcome to bring their own meals with them into the Dining Hall or to place funds on their ID cards for purchasing meals. Bulletin boards throughout campus post pertinent notices for commuters, and the Columbia College Police Department provides Courtesy Officers to escort commuter students to their cars after dark, upon request. Columbia College values its commuter student population and strives to meet their needs through accessible and welcoming facilities, programs, and services.

Consult the section on Automobile Regulations found in this *Student Handbook* in the section entitled "Policy Statements" for information about student parking.

RESIDENT STUDENT INFORMATION

The Residence Hall Community

Columbia College has a commitment to make the residence halls more than just a place to live while going to school. A Columbia College education includes not only classroom learning, but also becoming a part of a community in which each member gains self-awareness and learns how the student's attitudes and behaviors affect the individuals with whom the student lives and interacts. The experience and knowledge gained while living in the residence halls contribute to both academic and personal success. It is for these reasons that all Columbia College students are required to reside on campus, following the residency requirement.

Residence Life Staff & Structure

Resident Assistants (RAs)

Each Resident Assistant is an undergraduate staff member with at least one year of college experience. The RAs are trained to provide a positive living and learning experience for resident students and they are students who are chosen for their leadership and interpersonal skills. The RAs reside on the halls with the residents and serve as a resource, providing residents with programs and advisement on a variety of subjects, ranging from personal and academic issues to conflict mediation and community development. Any community life questions or concerns should be addressed initially to the RA.

Desk Coordinators and Desk Assistants

The Desk Staff that work for the Office of Residence Life and Housing play a vital role in promoting the safety and security of our residence halls. Desk Coordinators provide supervision of the desk staff and ensure that all desks are running smoothly. Desk Assistants are responsible for providing outstanding customer service to the students, faculty, staff, and visitors to Columbia College. Desk Assistants are charged with ensuring all guest and visitation policies in the residence halls are followed.

Graduate Assistants

These individuals serve in many different capacities for the Division of Student Affairs at Columbia College. They work in Student Activities and the Dean's Office. In addition to working in these offices, they may also live in the residence halls and serve as a resource to students. Graduate Assistants living in the residence halls serve in the AC On-Call duty schedule for the campus residence halls.

Area Coordinators (ACs)

The Area Coordinators are full-time Bachelor's or Master's degree professionals who live in the residence halls to be of assistance to the Director or Residence Life and Housing with various aspects of residential life. Each AC supervises a staff of RAs, mediates conflicts, and manages all aspects of their building(s). ACs serve in the AC On-Call schedule for the campus residence halls and serve in other committee and leadership capacities on campus.

Director of Residence Life and Housing

The Director of Residence Life and Housing, a Master's degree professional, is responsible for the Columbia College Residence Life and Housing Program, including residential student development and housing services, supervision of all professional staff, advisement and coordination of the judicial process and Judicial Board, and creation of an engaging and vibrant residence life

program with faculty collaboration that is linked to the 4Cs of Leadership.

Residence Hall Association (RHA)

In a residential community, it is important that individuals have the opportunity to voice opinions, plan activities, and relay information to administrators who, along with students, make decisions about Residence Life. At Columbia College, all resident students are members and can choose to actively participate in the Residence Hall Association (RHA) to address community concerns and plan events. Contact the Area Coordinator for Upper-class Housing for more information about how to get involved.

HEALTH CARE INFORMATION

Columbia College offers a wide array of programs and services to help students understand the importance of maintaining good health and personal wellness. The College's Immunizations policy, which can be found in the "Policies" section of the *Student Handbook*, is in place to help protect the greater campus community. The Student Affairs staff and the Columbia College Police Department are prepared to assist students in accessing medical services in the Columbia area. More information on Columbia area resources can be found on the Koala Connection Campus Life tab under Office of Multicultural Affairs and Community Resources or online at <http://tiny.cc/CCofSHealth>.

Due to COVID-19, some hours of operation have change. Call ahead for hours of operation.

Accessing Health Care

In the event of a medical emergency, the student should immediately contact CCPD at 803-786-3333 or dial 9-1-1. CCPD officers are first responders trained in first aid, adult and child CPR, and use of the AED. If necessary, CCPD will summon Emergency Medical Care. For a non-emergency situation, resident students needing medical attention may contact their Resident Assistant or the Office of Multicultural Affairs & Community Resources to identify local medical facilities in the Columbia area.

Students should have insurance information and their driver's license/student ID available when visiting these facilities.

Students are encouraged to take proactive measures by selecting preferred healthcare providers and a primary care physician early in the academic year or better yet prior to their arrival to campus.

Being proactive will alleviate undue stress in making these choices during potential future instances where a student is experiencing a sickness or injury. While students are free to select their own health care providers, the providers below are located in Columbia and near campus.

Primary Care Providers

A primary care physician (PCP), or primary care provider, is a health care professional who practices general medicine. PCPs offer preventative care, treat injuries and illnesses, and can make referrals to specialists as needed. The recommended medical partner providers listed below are not meant to replace your PCP; however, we highly encourage our students to choose a local PCP in Columbia for insurance purposes and convenience while you are away from home. If interested in establishing your medical home with one of our partnering providers, please call or visit the Office of Multicultural Affairs & Community Resources or use the information below for direct contact with the provider.

Student Financial Responsibilities and Insurance

Students are financially responsible for all office visits, laboratory tests, x-rays, prescriptions, follow-up visits, hospitalization, special referrals to medical facilities and/or specialists, and any costs

associated with transportation. Students should have insurance information and their driver's license/student ID available when visiting any medical facility.

Transportation

Students are encouraged to use their personal vehicles whenever possible. Columbia College students and employees can ride the COMET for free by showing their ID card. Learn more about how to Catch the Comet buses at <http://catchthecometsc.gov/fare-info/>. Resident students needing transportation after business hours should contact a local rideshare company like Lyft and Uber or a cab company; we suggest Capitol City Cab, Checker Yellow Cab, or Blue Ribbon Taxi. Emergency Medical Services will be summoned by CCPD, if needed.

Chronic Illness and Medications

If a student has a chronic illness requiring in-depth medical care and follow-up, prior arrangements must be made with a local physician at the student's expense. Students with chronic illnesses or conditions are encouraged to report this information to the Office of Student Success so the appropriate staff members can best assist the student, if needed. All medications, prescription and over-the-counter medications, may be kept in the student's possession. It is highly recommended and preferred by the College that students keep medications in the original pharmacy container labeled with the student's name and current date. Glucose testing, insulin administration, and any other subcutaneous or intravenous injectable medications that require the use of needles and sharps will necessitate a student having their own personal sharps container for disposal in the residence halls. Students requiring regular allergy injections or infusions will need to make arrangements with a local physician or medical center. Students needing to find an infusion center or local specialty pharmacy may contact the Office of Multicultural Affairs & Community Resources.

Class Absences

Absence from class will be excused at the discretion of the individual professor. No academic or administrative office can validate student absences. Students who are ill should discuss their absences with each individual professor.

Medical Records

Undergraduate day students wishing to request a copy of their immunizations may do so by submitting a Release of Medical Information form to the Division of Student Affairs (T.J. Harrelson Student Center, room 201). Completion of the release form is a requirement of HIPPA regulations.

STUDENT UNION

Situated in the heart of the Columbia College campus, the Student Union provides students with an exciting array of services and opportunities. Like the living room in a home, the Student Union serves as a gathering place for students to connect with others, a relaxing environment, and a space for students to develop skills beyond what is learned in the classroom. Whether it's getting food from the Dining Hall or Terrace Café, playing pool, attending an event, or just relaxing in the Lounge, students find that some of the best memories can be made in the Student Union.

Students can check out books and other materials at the Information Desk by presenting their student identification card. Books circulate for three weeks, and videos circulate for one week. A student loses circulation privileges upon owing \$5.00 or more in fines or charges.

The library sends borrowers a notice of overdue materials, but it is the borrower's responsibility to know when materials are due and to see that they are returned on time. If a student loses an item, the student will be charged the cost of replacing the item plus a \$10.00 non-refundable processing fee. Overdue accounts may be referred to the Business Office for collection.

PASCAL Delivers is available to request books that Edens Library does not own. It is a service of SC academic libraries. Reserve Materials

Students can check out reserve materials at the Information Desk by presenting their student identification card. Materials are placed on reserve at the request of a faculty member. Circulation of the material is restricted to a specified length of time.

Educational Technology

The Educational Technology office is located on the main level of Edens Library in 214-B behind the Information Desk. This Library department supports Columbia College through the use of technologies such as Google apps, SMART Boards, video editing tools, and the campus's online learning management system. Students, faculty, and staff are all welcome to make appointments to discuss the use of technology in the classroom.

A list of available tutors and their hours will be displayed outside the center and on the Mastery Lab Canvas course. The Mastery Lab also provides access to computers, calculators, books, DVDs, and other resource materials for student use while in the center or through the Mastery Lab Canvas course. It's also a place where students can study and work with minimal distraction. Contact the Mastery Lab at 803-786-3724 or by emailing the director, Dr. Adrienne Oxley, at ayoxley@columbiasc.edu.

GETTING INVOLVED

Part of an engaging college experience is getting involved in activities, organizations, or projects outside of the classroom. Co-curricular experiences provide students with an opportunity to practice and enhance classroom learning, develop leadership skills, and build strong relationships with other students, faculty, and staff. All students are encouraged to participate in activities, events, and organizations on a regular basis. This section details a number of organizations and activities that are specially designed and offered to Columbia College students.

Student Involvement in Institutional Decision-Making

Students play a pivotal role in institutional decision-making at Columbia College. An active student governance system, a strong set of student organizations and a significant student presence on College committees ensures regular collaboration between students and administration on policy issues. The most visible vehicle for

student participation in institutional decision-making is through the major governance organizations, which include the Columbia College Student Government Association (CCSGA), Evening & Oline Student Government association, Commuter Student Association (CSA), and Residence Hall Association (RHA). These organizations and their student-elected representatives are regularly consulted on matters related to institutional direction and student concerns. Student representatives can voluntarily serve on a number of institutional committees as available. Periodically surveys will be distributed to the entire campus, and students are encouraged to submit them in order to enhance their experiences on campus.

Establishing a College Recognized Organization

In order to establish a new student organization at Columbia College, the following conditions must be met:

1. The proposed organization must have a clear educational value, intending to make positive contributions to the College and its mission.
2. The policies, purposes, and ideals of the organization must be consistent with those of the College.
3. There must be agreement among the students creating the organization to abide by all policies and procedures set forth by the College community.
4. There must be an understanding that the College reserves the right to revoke any organization's charter should the organization violate College policies or stray from its original intention to uphold the College's policies, purposes, and ideals.
5. There must be an understanding that the College does not assume financial responsibility or support for any organization.

If these conditions are met, then students may pursue the following steps necessary to gain recognition as a Columbia College organization:

1. Go to the Campus Life section on Koala Connection to obtain the *New Org Application*. Completion of this application is required in order to petition for recognition as a student organization.
2. Secure a full-time Columbia College faculty or staff member to serve as the organization's advisor.
3. Prepare a constitution containing the purpose, policies, and procedures of the organization using the framework provided.
4. Provide proof that the organization has substantial potential membership to achieve its stated purpose and goals.
5. Submit constitution and other organizing documents to the Office of Student Activities.

Upon completion of these steps, an organization will be considered for recognition. The procedure will be as follows:

1. All requested information pertaining to the organization will be reviewed by the Director of Student Activities and an additional staff member in Student Activities.
2. The Vice President for Student Affairs & Dean of Students will review the information, and if approved a charter will be granted.
3. An organization that is denied recognition may petition again.

To achieve continued recognition as a Columbia College student organization, the newly elected president of the organization or their designee must submit the following information to the Office of Student Activities by the first week in April of each year:

1. A list of newly elected officers and their contact information.
2. The name of the organization's advisor for the next year.

All newly elected organizational officers will be expected to attend the annual officer training session coordinated by the Student Government Association and Office of Student Activities each year.

Whenever there are changes to the organization's officers, advisor, or constitution, the organization must submit the new information to the Office of Student Activities. Constitutional changes are subject to review by two members of the Student Activities staff (one being the Director of Student Activities) and the Vice President for Student Affairs & Dean of Students. Failure to adhere to these requirements may result in the organization being declared inactive and their funds frozen until the items are updated and current.

Before space can be reserved, the event or meeting must be approved by and registered with the Office of Student Activities, which must be done at least two weeks in advance. STUDENT CODE OF CONDUCT, HONOR CODE, AND JUDICIAL SYSTEM

A COMMUNITY OF HONOR

The terms and conditions of the Honor Code function as an integral part of the Student Code of Conduct and the procedures outlined within. As members of the Columbia College community, we believe that the Honor System is more than just a set of rules; we believe it is a way of living. The central purpose of the Honor System is to

sustain and protect a community of trust in which students can enjoy the freedom to develop their potential, both intellectually and personally, without restraint or limitation. We feel that dishonest means are incompatible with this development. Both the Student Code of Conduct and the Honor Code support the development of persons who will be trusted and respected both as members of this community and after they leave Columbia College.

STUDENT CODE OF CONDUCT

Columbia College aspires to provide a living and learning community in which students can meet their academic goals. The College has a responsibility to provide students with a clear understanding of the academic requirements and policies which are generally published in the Columbia College Bulletin and the Student Handbook. As a community, the College is dedicated to both academic and personal excellence. Therefore, choosing to join the Columbia College community obligates each member to a code of honorable behavior.

The College determines, publishes, and communicates its policies and procedures concerning student conduct. In addition, the College has the right to determine when its community standards have been violated and to determine the appropriate course of action. The purpose of this chapter is to present the College's policies and procedures that govern student conduct and student activities on and off campus. These policies should be read broadly and are not designed to define prohibited conduct in exhaustive terms. Designed to address disruptive behavior in a preventative way, these policies and procedures are considered to be an integral part of the Student Code of Conduct, as are the terms and conditions of the Honor Code and Housing Contract.

By enrolling in Columbia College, each student accepts the responsibility to become fully acquainted with the College's community standards, to comply with the College's authority, to respect the rights and property of others, and to recognize that student actions reflect upon the entire College community as well as the student involved. The College reserves the right to take appropriate action for any conduct which reasonably interrupts and/or infringes upon orderly life in the College community, disrupts the academic environment, or infringes on the rights of others. Students shall be afforded all opportunities for fairness in judicial proceedings. However, the College reserves the right to suspend or expel a student at any time for any reason deemed sufficient by the College in accordance with the procedures outlined in this chapter. Students are reminded that Columbia College's judicial system operates within the boundaries of fundamental fairness and not criminal and civil rules of due process.

SECTION 4: JUDICIAL AUTHORITY

1. The Vice President for Student Affairs & Dean of Students is the person designated by the College's President to be responsible for the administration of the Student Code of Conduct (non-academic violations); the Provost is the person designated by the College's President to be responsible for the administration of academic violations. These duties may be delegated to one or two other staff or faculty members who are referred to as Judicial Coordinators.
2. The Judicial Coordinator shall determine the composition of judicial bodies and determine which judicial body shall be authorized to hear each case.
3. The Judicial Coordinator shall develop procedures for the administration of the judicial program and procedural

guidelines for the conduct of hearings, which are not inconsistent with provisions of the Student Code of Conduct, the Honor Code, and the judicial system.

4. Decisions made by a judicial body and/or Judicial Coordinator shall be final, subject to the normal appeals process.
5. A judicial body may be designated as arbiter of disputes within the student community in cases which do not involve a violation of the Student Code of Conduct (e.g., roommate conflict). All parties must agree to arbitration and to be bound by the decision.

SECTION 5: JURISDICTION OF THE COLLEGE

Generally, College jurisdiction and discipline shall be limited to conduct which adversely affects the College community and/or the pursuit of its objectives, whether it occurs on the College premises, at a College-sponsored event, or elsewhere while a student is enrolled at the College.

SECTION 6: VIOLATION OF LAW AND COLLEGE DISCIPLINE

1. If a student is charged only with an off-campus violation of federal, state, or local law(s), but not with any other violation of the Student Code of Conduct, disciplinary action may be taken and sanctions imposed for grave misconduct which demonstrates flagrant disregard for the College community. In such cases, the student or students charged with a violation of federal, state, or local laws may be placed on an interim suspension if there is a concern for the well-being and safety of other members of the campus community. The period of suspension may last until the College has finished its own investigation or feels that more information has been provided to prove that there is no longer a concern for the safety of the community. The College may conduct its own investigation and judicial proceedings prior to, simultaneously with, or following civil or criminal proceedings off campus. The student will be afforded the chance to bring legal representation to any judicial proceedings taking place before or during criminal proceedings fitting this description; however, legal representation may only provide counsel to the student and may not speak on the student's behalf or ask questions on the student's behalf.
2. College judicial proceedings may be instituted against a student charged with violation of federal, state, or local law(s) which is also a violation of the Student Code of Conduct if both violations result from the same factual situation. College judicial proceedings will occur without regard to the pendency of civil litigation in court or criminal arrest and prosecution and may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus. The only exception to this policy will be in the case of a situation as referenced above in this section.
3. For cases in which criminal investigations and/or proceedings are concurrent or pending, the College normally may proceed independent of such investigations or proceedings. The accused student or the complainant may request that the College delay its proceeding. Such requests should be submitted in writing at least two business days prior to the scheduled review to the Judicial Coordinator stating the requested action and the supporting rationale for the request. The Judicial Coordinator may grant the request but is not obligated to do so. The mere fact that criminal investigation or proceedings exist will not ordinarily be considered grounds for delay.

4. When a student is charged by federal, state, or local authorities with a violation of outside law, the College will not request or agree to special consideration for that individual because of their status as a student. If the alleged offense is also the subject of a proceeding before a judicial body under the Student Code of Conduct, the College may advise off-campus authorities of the existence of the Student Code of Conduct and of how such matters will be handled internally within the College community. The College will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

SECTION 7: THE JUDICIAL PROCESS

A. Interim Suspension

Interim Suspension is when a student is suspended immediately or soon thereafter from the College and/or the residence halls for a time, while the judicial process is proceeding. In certain instances, the Vice President for Student Affairs & Dean of Students, or a designee, may impose a College or residence hall interim suspension.

1. Interim suspension may be imposed for the following reasons:
 - a. to ensure the safety and well-being of members of the College community or preservation of College property,
 - b. to ensure the student's own physical or emotional safety and well-being,
 - c. to prevent a judicial matter from occurring for any other reason, or
 - d. if the student's behavior poses a definite threat of disruption or interference with the normal operations of the College.
2. Interim suspension will be imposed in all instances of physical violence. All involved students (regardless of who was alleged to have started the altercation) will be asked to leave campus immediately and will not be permitted to return to campus until given permission to do so by the Judicial Coordinator (may be limited to specific areas of campus and/or for specific reasons) or until the matter is heard and decided by the Judicial Coordinator or a judicial body. Interim suspension may also be imposed when a student's behavior is deemed overly aggressive or includes threats of violence.
3. During the interim suspension, the student is denied access to all of campus for all reasons, including academic classes and all other College activities or privileges for which the student might otherwise be eligible.

B. Initial Warning

1. In certain instances, a Residence Life staff member may impose an initial warning to students for first-time, low level code of conduct and/or Residence Life policy infractions. Warnings may be given for low level infractions (see below for list of potential categories). It is at the discretion of the Residence Life staff member whether a warning is appropriate or not. These one-time warnings will serve in place of the Judicial Process noted below in C. Charges and Notifications.
 - a. Noise violations

- b. Visitation violations
- c. Re-occurring lock outs
- 2. Initial warnings will be given by Residence Life Staff members and will include an intentional conversation about the violation along with a written warning.
- 3. All initial warnings will be tracked and after receiving one (per category) any further infractions require that the student proceed through the formal Judicial Process.

C. Charges and Notification

- 1. Any member of the College community may file complaints against any student for possible misconduct. Reports should be submitted as soon as possible after the event takes place, preferably within one week. Communication Information Forms are available from Student Affairs or Residence Life staff members. Reports should be submitted to the Judicial Coordinator.
- 2. The Judicial Coordinator may conduct a preliminary investigation to collect more information on the report and see if any violations of the Student Code of Conduct may have occurred.
- 3. If the accused student is an athlete, the Office of Athletics will be notified of the charges.
- 4. The Judicial Coordinator shall present all known charges in writing to the accused student and shall inform the student to contact them by the date listed on the notification (typically within three (3) but not more than five (5) business days after the student has been notified of the charges) to schedule a hearing. Notification will be sent to the student's campus e-mail address. During the initial meeting, the student will be asked to come to the Office of Residence Life and Housing (or the assigned Area Coordinator's office) to sign, pick up the official judicial notification, and speak with the assigned Judicial Officer about the process. In most cases, it is during this meeting that the hearing will be scheduled. Should a student fail to pick up the notification and meet with their Judicial Officer by the due date as specified in the initial e-mail, the Judicial Officer may schedule the hearing. If the student fails to appear for a hearing, the Judicial Officer or judicial body shall conduct a hearing in the student's absence (in absentia) on the basis of the information made available during the course of the investigation and hearing and may make a determination as to whether a violation of the Student Code of Conduct has occurred. The Judicial Coordinator or judicial body may impose a sanction if a violation is believed to have occurred. This decision shall be communicated in writing to the student through their campus e-mail.

D. Administrative Hearings

- 1. A time shall be set for the initial meeting, not less than five (5) nor more than fifteen (15) business days after the student has been notified. The Hearing will usually be held within three business days of the initial meeting. Maximum time limits for scheduling of hearings may be extended at the discretion of the Judicial Coordinator.
- 2. Admission of any person other than the accused to the hearing shall be at the discretion of the Judicial Coordinator.
- 3. An administrative hearing may be conducted by a designated College official, on behalf of the Judicial Coordinator.
- 4. The Judicial Coordinator or their designee may also conduct meetings with individual witnesses, for the

purpose of collecting information. If, during this meeting, the Judicial Coordinator is given information which suggests that the witness may have also been involved in the possible violation of the Student Code of Conduct, the Judicial Coordinator may notify the witness of this and stop the witness meeting. If this does occur, the student will then be allowed to go through the judicial process.

- 5. Before an administrative hearing, the following steps shall occur:
 - a. The accused student will be informed about the difference between an administrative and Judicial Board hearing. The accused will have the opportunity to ask any questions about the possible judicial proceedings and their processes and may be asked to confirm the choice of conducting one or the other.
 - b. If the accused wishes to move forward with the administrative hearing, the accused will be presented with the basic report and facts of the case.
 - c. The accused will sign the original hearing notification letter.
 - d. The accused may request to read the reports associated with their case.
 - e. An Administrative hearing will be scheduled.
- 6. During an administrative hearing, the following steps shall occur:
 - a. The accused will be reminded of the Columbia College retaliation policy.
 - b. The accused will be allowed to present their version of the incident being discussed and all facts which the accused believes to be relevant.
 - c. The Judicial Coordinator will have the chance to ask questions, in order to collect all information needed.
 - d. Once all information needed has been collected by the Judicial Coordinator and the accused has been provided the opportunity to share all relevant information, the Judicial Coordinator will review all charges presented to the accused. The accused will have the opportunity to ensure that full understanding of the charges and their meanings is achieved.
 - e. The accused will be provided the opportunity to state the level of responsibility for each charge. The Judicial Coordinator will also discuss their thoughts on the accused student's level of responsibility. If the two parties are unable to agree, the Judicial Coordinator will be allowed to send the case to a Judicial Board hearing or to make the final decision, as an appeal is possible.
 - f. If a final decision is made in regard to the accused student's level of responsibility and there are findings of "responsible," the Judicial Coordinator will decide upon and communicate all sanctions being assigned to the accused. The Judicial Coordinator may choose to schedule a follow-up meeting to discuss these sanctions, if the Judicial Coordinator wishes to have more time to decide upon the appropriate sanction. The Judicial Coordinator may also discuss possible sanctions with the accused during the hearing but may choose to send notification of the final sanctions later.
 - g. The accused will be asked to acknowledge receipt of the findings and sanctions (if applicable). This receipt will be done in the form of the signing of a printed letter with all of the relevant information. If the letter is not made available for the accused during the time

of the hearing, the accused will be notified via campus e-mail once the letter is ready for signature and collection.

7. If, at any time, the accused wishes to stop the administrative hearing and move to a Judicial Board hearing, the accused may do so. However, once the accused has signed a notification of the findings and sanctions, there is no ability to move to a Judicial Board hearing and only an appeal may be conducted.
8. During the hearing, the Judicial Coordinator may take notes on the statements being made by the accused and the steps conducted during the hearing. These notes are considered to be part of the accused student's judicial record and may be used if the student wishes to move to a Judicial Board hearing.
9. All Judicial Hearings will have a single verbatim recording, such as an audio recording. The record shall be the property of the College. No other recordings will be allowed.

E. Judicial Board Hearings

1. A time shall be set for a hearing, not less than five (5) nor more than fifteen (15) business days after the student has been notified. Maximum time limits for scheduling of hearings may be extended at the discretion of the Judicial Coordinator.
2. The Judicial Coordinator may choose to present the case on behalf of the College and complainant(s) if (1) the complainant does not wish to appear before the Judicial Board; (2) the complainant is not a student; (3) there is more than one complainant; (4) the charges are more serious in nature; or (5) it is believed that the Judicial Coordinator will present the case in a more thorough and effective manner. This decision is left to the discretion of the Judicial Coordinator and in these cases, the Judicial Coordinator may still request that the original complainant(s) appear as a witness.
3. Admission of any person other than the accused, the complainant, the witnesses, the campus advisors, and the Judicial Board members to the hearing shall be at the discretion of the Judicial Coordinator.
4. In hearings involving more than one accused student, the Judicial Coordinator or chairperson of the Judicial Board may permit the hearings concerning each student to be conducted separately.
5. The complainant and the accused have the right to be assisted by a campus advisor. The campus advisor must be a current student, faculty or staff member. The complainant and/or the accused is responsible for presenting their own case; therefore, campus advisors are not permitted to speak or to participate directly in any hearing before the Judicial Board.
6. The complainant, the accused, the Judicial Board, and the Judicial Coordinator shall have the privilege of calling witnesses. The complainant, the accused, and the witnesses are subject to the right of questioning by the opposing party, the Judicial Board, and the Judicial Coordinator.
7. Pertinent records and exhibits may be accepted as evidence for consideration by a Judicial Board at the discretion of the chairperson and Judicial Coordinator.
8. During a Judicial Board hearing, the accused student shall be:
 - a. afforded the privilege to remain silent and not have that silence taken as admission of responsibility for the violation;

- b. afforded the privilege to have a campus advisor who does not appear as a witness during a hearing. Advisors are not permitted to speak or to participate directly in any hearing before a Judicial Board. Advisors should be Faculty and Staff members that are currently employed at Columbia College. When answering a question, the student may seek assistance from the campus advisor; however, the advisor cannot address the judicial board directly.
 - c. afforded the privilege to present witnesses of fact and information on their behalf;
 - d. informed that any oral or written statements the student may make pertaining to the alleged violation may be presented in any subsequent proceedings;

 - j. afforded the privilege to appeal a decision by the Judicial Board to an Appellate Board (see the Appeals information in this section).
9. All procedural questions are subject to the final decision of the chairperson of the Judicial Board. The chairperson may consult with the Judicial Coordinator on procedural issues, as the chairperson deems necessary.
 10. After the hearing, the Judicial Board shall convene outside the presence of everyone else and determine (by majority vote) whether the student has violated each section of the Student Code of Conduct, which the student have been charged in writing with violating.
 11. The Judicial Board's determination shall be made on the basis of whether it is more likely than not the accused student violated the Student Code of Conduct.
 12. There shall be a single verbatim record, such as an audio recording, of all hearings before a Judicial Board (with the exception of the Judicial Board's conversation of the findings and sanctions after the hearing has finished). The record shall be the property of the College. Parties are not permitted to make their own recordings or remove any pieces of evidence not originally brought by the accused, complainant, and/or witnesses into the hearing room.
 13. In each case in which the Judicial Board determines that a student has violated the Student Code of Conduct, the sanction(s) shall be determined by the Judicial Board and implemented by the Judicial Coordinator. All sanctions are made in the form of a recommendation to the Judicial Coordinator. The Judicial Coordinator has the authority to approve, reject, or modify the recommended sanctions; however, in no case may the Judicial Coordinator impose a sanction more severe than recommended by the Judicial Board. Following the hearing, the Judicial Coordinator shall advise the accused in writing of the Judicial Board's determination of the findings and of any sanctions imposed (if applicable).

 - c. Any sanctions listed in the Sanctions list above.
- #### **I. Judicial Holds**
1. The Judicial Coordinator may place a judicial hold on a student's account for the following reasons:
 - a. Failure on behalf of the accused student to respond to a judicial hearing notification.
 - b. Failure on behalf of the accused student to complete the sanction(s) as assigned by the deadline assigned.

- c. Failure on behalf of any student to provide information necessary for an investigation.
- d. Wanting to ensure that a thorough investigation is completed and sanctions are assigned, as needed, before an accused person can continue or return as a student.

If a judicial hold is placed on a student's account, the student will be notified by letter sent to the student's campus e-mail. Only the Judicial Coordinator may place judicial holds on accounts or remove holds, or may do so at the request of others associated with the judicial process, as warranted.

The Judicial Coordinator will use two different types of holds. Holds may prohibit students from registering for classes, adding or dropping classes, receiving an official transcript from the College, and graduating from Columbia College, along with other possible restrictions.

J. Appeals

1. A decision or sanction may be appealed by an accused student or organization/group/team to the Vice President for Student Affairs & Dean of Students or the Provost of the College depending on the nature of charges, within five (5) business days of notification of the decision. Such appeals shall be in writing and shall be delivered to the appropriate Judicial Coordinator, unless notified to submit the appeal to another judicial body in the decision letter.
2. Except as required to explain the basis of new evidence, an appeal shall be limited to review of the verbatim record of the initial hearing (if available) and supporting documents for one or more of the following purposes:
 - a. procedural defect that would very likely impact the outcome;
 - b. newly acquired evidence that was not previously available; or
 - c. the sanction imposed was unduly harsh.
 The Vice President for Student Affairs or Provost may deny the appeal if it does not address one or more of the above or if they do not believe the appeal is meritorious.
3. If the Vice President for Student Affairs or Provost upholds the appeal for a procedural defect or newly acquired evidence that was not previously available, the matter shall be sent back to the Judicial Coordinator or judicial body for a re-hearing. If the Vice President for Student Affairs or Provost determines the decision regarding the accused student was based on insufficient evidence, the judicial body's decision will be withdrawn, the charges will have not been proven and the matter will be at an end. If the Vice President for Student Affairs or Provost determines that sanctions imposed were inappropriate, the matter will be sent back to the Judicial Coordinator or judicial body for reconsideration of the sanction(s) based upon the evidence adduced at the original hearing.
4. Any subsequent appeal of a new hearing will be made to the President of the College. Such appeals must conform to the provisions outlined in Section I, Appeals, numbers 1 and 2, located in this section, and be received within five (5) business days of the decision of the re-hearing judicial body. In such cases, the decision of the President of the College shall be final and binding.
5. In cases involving appeals by a student accused of violating the Student Code of Conduct, review of the sanctions by the Vice President for Student Affairs and Dean of Students,

Provost, or the President of the College may not result in more severe sanction(s) for the accused student.

SECTION 8: VIOLATIONS OF THE HONOR CODE AS RELATED TO ACADEMIC WORK

Academic Integrity is important at Columbia College. Students who are believed to have engaged in behavior that is in violation of the Honor Code as related to academic work as outlined in the Student Handbook- Section 31 are subject to the following process.

1. Faculty members will identify alleged violations of the Honor Code/Academic Integrity policy and notify students of their concerns. Ideally, this is an educational conversation through which students gain clarity as to why their behavior is in violation of the policy.
2. Faculty members must use the Academic Integrity Reporting Form to report all violations related to academics as outlined in the Student Code of Conduct. Individual faculty members determine the consequences for violations in their courses, which may range from a 0 on an assignment, to an additional partial or full-letter final grade reduction, to an "F" in the course; consequences must be outlined in the course syllabus. The provost shall maintain records of all notifications of violations of the academic integrity policy. Notifications are kept confidential, but they become relevant evidence for the provost and Judicial Board if a student violates the Honor Code again. If student does not accept responsibility for the violation, the student will be referred to the provost or designated representative and may request an administrative hearing or judicial board hearing, as outlined in the Student Handbook (Student Code of Conduct, Honor Code, And Judicial System, Section 7D-E).
3. A second violation of the Honor Code in any course at any time the student is enrolled at Columbia College in any program will result in an administrative hearing with the provost or designated representative or judicial board hearing. The provost or Judicial Board may assign additional consequences—up to and including suspension from the College—as deemed appropriate. Typically, a second violation will result in an "F" grade in the course in which the second violation occurred.
4. A third violation in any course at any time the student is enrolled at Columbia College in any program results in suspension for the remainder of the semester in which the violation occurs, an "F" in the course in which the violation took place and a "W" in all other classes. Suspended students must apply for re-admission to the College and be approved by the Judicial Board.
5. Students may appeal decision made by the provost or designated representative or Judicial Board following the appeal process outlined in the Student Handbook (Student Code of Conduct, Honor Code, and Judicial System, Section 7).
6. When an Academic Integrity Reporting Form has been issued to a student in a course, the student may not withdraw from the applicable course nor may the student change to pass/fail grading in the course unless the student is found non-responsible by the provost or designated representative or the Judicial Board.

SECTION 9: FERPA AND JUDICIAL RECORDS

Other than College expulsion and sanctions relating to sexual misconduct, judicial sanctions shall not be made a part of a student's

permanent academic record, but shall become a part of the student's confidential judicial record. Confidential judicial records will be maintained by the Judicial Coordinator and may be shared on any request for student conduct related information issued to the College with the express permission of the student. If a student has withdrawn permanently from the College or is otherwise permanently disassociated from the institution, and wishes to have judicial actions that did not involve sexual misconduct or result in residence hall expulsion, college suspension, or college expulsion removed from the student's conduct record, the student may request, in writing, to the appropriate Judicial Coordinator that those judicial actions be expunged. The Judicial Coordinator has the sole discretion to grant or deny the request.

The Family Educational Rights and Privacy Act (FERPA) does allow for the right of the College to contact the parent or legal guardian in cases of alcohol and drug misuse for students under the age of 21. If a student is found responsible for an alcohol or drug violation and is under the age of 21, the College may contact the parent or legal guardian of the student, in cases of sanctions resulting in suspension or expulsion from the residence halls and/or College and in any instance when there is a repeated violation of an alcohol or drug policy. The College also reserves the right to contact the parent or legal guardian of a student in any other finding of responsibility for an alcohol or drug policy violation for a student under the age of 21.

SECTION 10: STUDENT RIGHTS AND RESPONSIBILITIES

All members of the Columbia College community have certain rights which include:

1. The right to organize one's personal life and behavior and to pursue individual activities, including freedom of movement, except when these interfere with the rights of others or violate established College, local, state, and federal laws and policies.
2. The right to freedom from personal force, violence, threats of personal abuse, and harassment, either as individuals or groups within the Columbia College community.
3. The right to be protected from arbitrary or unauthorized search or seizure.
4. The right of privacy of personal information in accordance with local, state, and federal laws.
5. The right to dissent; in other words, to carry on individual or organized activity which expresses grievances held against, or changes desired in society, the College, or both. This activity is carried on within the limits of the democratic process of freedom of speech, assembly, and petition.
6. No student shall be subjected to judicial procedures or found to be responsible of charges made under this Statement without adherence to the procedures outlined in this chapter.
7. The right of the accused to know the charges made against that student; the right to be heard and to state the accused student's version of the events; the right to question witnesses consistent with the appropriate management of the judicial hearing; the preservation of the rights of others to know the content of any other factual bases for the charge; and the right to have the matter resolved by an impartial person or body. In cases of interim suspension, an initial hearing will be conducted by the Judicial Coordinator to review the basis for the decision for the interim suspension.
8. The right of access to the College's judicial system.
9. The right to petition the College for resolution of complaints and to petition the College through the Columbia College

Student Government Association for amendments of College procedures and modification of College policy.

10. The opportunity to receive a statement of College policies and procedures.
11. The right to an education including the reasonable and legal use of those services and facilities intended for students' education and development.
12. The right to a campus advisor during a judicial process if the student requests such assistance.
13. The right to waive their rights and to accept responsibility, which can result in a hearing not occurring and sanctions being assigned by the Judicial Coordinator.

A Statement of Responsibilities

Students at Columbia College, as individuals and in groups, have certain responsibilities which include:

1. The responsibility to observe all duly established College, local, state, and federal laws. Nothing in this Student Code of Conduct can affect in any way the jurisdiction of courts and other civil authorities over any Columbia College student. Membership in the Columbia College community does not mean a privileged or immune status from the law. However, because a student is or has been involved in criminal proceedings is not necessarily sufficient cause for a College judicial hearing.
2. The responsibility to attend all judicial meetings when issued notice to do so. Failure of the accused to appear at a scheduled judicial board meeting without giving notice will result in the hearing taking place without the accused being present.
3. The responsibility to refrain from the use of force against a person or group, the forcible interference with another person's freedom of movement, or personal abuse of another person.
4. The responsibility to preserve the right of privacy of other individuals and groups and to respect the right of property of individuals, groups, the neighboring community, and the College itself.
5. The responsibility to respect the confidentiality of personal information about members of the CC community.
6. The responsibility to refrain from actions which deny other members of the community their rights as described.
7. The responsibility to participate actively in training and educational opportunities tied to campus leadership roles and/or paid positions.

POLICY STATEMENTS AND PROCEDURES

JURISDICTION OF THE COLLEGE

Once admitted to the Columbia College, the student is considered a member of the College community and is subject to all College policies. The College reserves the right to require the withdrawal of students whose scholarship is not satisfactory and/or whose presence is thought to be injurious to the interests of the College community, in accordance with the processes outlined in this chapter.

NONDISCRIMINATION POLICY

Columbia College does not discriminate on the basis of race, color, ancestry, national origin, gender, identity sexual orientation, marital status, religion, age, disability, national origin, results of genetic testing or service in the military.

CONFIDENTIALITY OF STUDENT RECORDS

(Family Educational Rights and Privacy Act of 1974)

With the exception of limitations herein stated, Columbia College permits any student, presently or previously enrolled, access to their official records created during their period of enrollment. The creation and maintenance of student records are based upon recommended practices, and, except for the permanent academic transcript, records are destroyed periodically. Confidential information placed in the educational record prior to January 1, 1975, is excluded from student inspection. Students may not have access to records of instructional, supervisory, or administrative personnel which are in the sole possession of the maker. Records created and maintained by a physician, psychiatrist, psychologist, or other recognized professionals and used in relation to treatment of the student are not open to the student. These records may be reviewed by a professional selected by the student. Also excluded are financial records of parents.

A student wishing access to their file or record must present to the appropriate office personal identification credentials, along with their written request for an appointment to make the inspection. The accuracy of information contained in any file or record to which the student has access may be challenged by the student by submitting a request for a hearing in writing to the Provost.

Federal law provides that student records may be released to persons under the following circumstances without first obtaining permission from the student:

- A. To Columbia College professional personnel with legitimate educational interest in students.
- B. To an agency of the government which may require records in connection with legal or judicial matters.
- C. In connection with a student's application for or receipt of financial aid.
- D. In relation to the student's health or safety emergency needs.
- E. On behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, student aid programs, or improvement of instruction, provided such studies are conducted in a way which does not identify individual students.
- F. To accrediting organizations in order to carry out their accrediting functions.
- G. To parents of a dependent as defined for income tax purposes.

In addition to the above exceptions, directory information may be released to a third party without the written consent of the student. The items listed below are designated by the College as directory information and may be released on any student for any purpose at the discretion of the College unless the student has previously submitted a written request for non-disclosure to the Registrar. Students wishing to have their information omitted from the annual Campus Directory must submit a separate written request to the Registrar by July 31 each year.

ACADEMIC REGULATIONS

The academic procedures at Columbia College are designed to aid the student in fulfilling the requirements for graduation. There are requirements each student must meet in order to complete a degree program. The faculty and staff of Columbia College have a

responsibility to guide and assist each student to successfully complete their college education. Likewise, students have a responsibility for their education that goes beyond class attendance and the preparation of assignments. The students' responsibility includes a thorough knowledge of academic requirements and procedures. Through an understanding of these matters, students can participate in the planning of their formal education and at the same time better understand the wide range of intellectual opportunities provided at Columbia College. Should students have any questions, they should seek advice from their advisor, the Office of the Registrar, located on the second floor of the Allison Administration Building, or the Office of the Provost, located on the first floor of the Allison Administration Building

STUDENT ACADEMIC OR GRADE GRIEVANCE

Students who believe that they have been unjustly evaluated by a professor may follow the Grade Grievance procedure to contest a final course grade. Students who wish to appeal for an exception to a program specific academic policy must follow the Academic Grievance policies. The Grade Grievance Procedure and the Academic Grievance Procedure for undergraduate students are defined in the Undergraduate Bulletin. The procedures for graduate students can be found in the Graduate Bulletin.

ADA POLICY

Columbia College is committed to providing an equal educational opportunity and full participation for persons with disabilities. It is the policy of the College to ensure that students with a documented disability receive appropriate accommodations as mandated by state and federal law. These policies are a reflection of the College's commitment to non-discrimination for all persons' in employment, access to facilities, student programs, activities and services. The policies are consistent with section 504 of the Rehabilitation Act of 1973 which states that no recipient of federal financial assistance may discriminate against a qualified individual with a handicap solely by reason of their disability. These policies are also congruent with the Americans with Disabilities Act (ADA) of 1990.

Requesting Accommodations

Those students needing special accommodations for classes, housing, meals, or other scholastic needs shall provide documentation from their primary care provider as to the specific nature of those needs, and how Columbia College can work with the student to provide the best possible environment. If a student does not disclose the need for special accommodations, the College is not responsible for providing accommodations. To register for accommodations contact the Office Student Success at 803-786-3800.

RIGHTS AND RESPONSIBILITIES FOR PREGNANT & PARENTING STUDENTS

Columbia College is committed to creating an accessible and inclusive environment for pregnant and parenting students.

Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in education programs or activities including academic, educational, extracurricular, athletic, and other programs or activities of schools. This prohibition includes discrimination against pregnant and parenting students. Students have specific rights and responsibilities under Title IX, which the Office of Student Success can help them navigate.

Student Rights

- Access to classes and extracurricular activities
- Excused absences and the ability to make-up missed work with medical recommendation and documentation
- Medical Leave of Absence

Student Responsibilities

A pregnant student is encouraged to contact the Office of Student Success to discuss their rights and needs under Title IX. The Office of Student Success will ask for documentation that supports the students' requests. Once documentation is received, the Office of Student Success will help the student determine a plan and communicate with professors.

Requesting Accommodations

Accommodation requests should be directed to Office of Student Success. The Office of Student Success will discuss the pregnant student's individual needs and may ask for documentation that supports the requested accommodations.

Reporting Harassment or Discrimination Due to Pregnancy

Columbia College prohibits discrimination and harassment on the basis of sex. Pregnant or parenting students who believe they have been discriminated against or harassed because of a qualifying condition may file a complaint with the Title IX Coordinator.

Additional information regarding the rights of pregnant students and how best to support pregnant students can be found on at the [Department of Education](#).

COLUMBIA COLLEGE INTELLECTUAL PROPERTY POLICY

Background

Columbia College is committed to free and vigorous intellectual exploration and expression. Hence the College is committed to providing an environment that supports the research and teaching activities of its faculty, students, and staff. In the course of professional duties, faculty members create intellectual property. As a matter of principle and practice, the College encourages all members of the Columbia College community to publish without restriction their papers, books, and other forms of communication in order to share openly and fully their findings and knowledge with colleagues and the public. The long-standing academic tradition that creators of works own the intellectual property resulting from their research, teaching, and writing is the foundation of the College policy.

Policy

It is the general policy of Columbia College that intellectual property shall be the property of the author or creator. The College will address exceptions to this rule as described in the AAUP Policy Documents and Reports, Tenth Edition on pages 214-216. To resolve emerging issues and disputes concerning the interpretation of this policy and/or negotiation of intellectual property rights, the Provost will convene a panel of faculty and peers to submit recommendations to be considered by the College administration.

Students should note that all lecture and course materials are the property of the instructor and are covered by copyright laws both

federal and state. Students may not distribute or reproduce these materials for commercial purposes without the written consent of the instructor. This does not prevent students from sharing notes on an individual basis for personal use. Violation of copyright laws may result in referral to the Judicial Coordinator.

Recordings of Class Sessions

The instructor may record portions of a class session (in-person or virtual) for educational purposes only. A recording is defined as a video or audio replication or photographic image recorded on devices, including, but not limited to, audio recorders, video recorders, cellular phones, digital cameras, MP3 players, computers, tablets, and other handheld devices that records images and/or sound.

Such a recording may be shared without student permission within the Canvas course shell of the class section in which it has been recorded. The instructor may reproduce a recording for later use, or for use in another Canvas course section if the recording does not contain images or voices of students or all students appearing in image or sound in the recording give written permission to the instructor. The instructor may seek student permission for multiple class periods during the semester with the understanding that the student has the right to revoke prior permission.

The instructor may not reproduce the recording for later use, if the recording contains images or voices of students and students' permissions have not been secured. In this case, the recording will be shared only with students enrolled in the course and will be deleted from recording devices, computer hard drives, and cloud services at the end of the term. At the conclusion of the course, a final check will be performed to ensure that all recordings are deleted.

Students may not reproduce, post, or distribute any recordings provided by the instructor or create any recordings of a class session, whether it is held in person or virtually, except according to the terms of an accommodation provided by Columbia College Office of Disabilities.

Instructor's failure to comply with the Recording of Class Session policy will be reported to the Office of the Provost. Student's failure to comply to the Recording of Class Session policy is a violation of Honor Code and will be reported to the Judicial Board.

IMMUNIZATION POLICY

All students in Columbia College's Undergraduate Day program must present a valid immunization certificate (dated, signed, or stamped by a health care professional/office) documenting the student has received those immunizations required by the College. Failure to comply will result in delayed registration for the subsequent semester.

Pursuant to South Carolina law, the Columbia College institutional policy, and endorsement by the American College Health Association, all students in the Undergraduate College are REQUIRED to have the following immunizations:
Students born after December 31, 1956:

- 2 Measles (Rubeola), 1 Mumps, and 1 Rubella (2 MMR doses meet this requirement)

All international students are required to have the following screening:

- Tuberculosis Screening (PPD) within the last 6 months. A PPD is required regardless of prior BCG inoculation.

Several options are available to achieve compliance with the Columbia College Immunization Policy:

- Private Physician
- Medical Centers
- Your local Health Department can provide the second MMR and tuberculosis screening free of charge or for a nominal fee to college students.

Columbia College will keep a student's immunization records on file for the duration of their tenure at Columbia College. Any student wishing to receive a copy of their immunization records should contact the Division of Student Affairs (803-786-3856).

STUDENT IDENTIFICATION CARDS

All Columbia College students are issued a student identification card (ID). The ID is used to check out library materials, obtain reduced student rates at college events and theatre productions, permit resident students access to residence hall front entrances, grant access to classroom buildings, and serve as the meal card for students on a meal plan. The ID is non-transferable and must be carried at all times. When requested by a College official, a student must present an ID. Further information about the ID can be found in the Student Code of Conduct, Honor Code, and Judicial System section of this *Student Handbook*.

The Columbia College Police Department (CCPD) issues identification cards. There is no fee for the first card; however, replacement fees apply.

Lost or Stolen Identification Cards

Lost or stolen identification cards must be reported immediately to the Columbia College Police Department. If the card is not found by the end of the day, the student will need to get another identification card made. A fee will be charged for ID replacement. A student who has temporarily misplaced their Student ID may request a temporary ID from CCPD to allow them access to the Dining Hall. Temporary IDs are only valid for 24-72 hours.

COMPUTER USE POLICY

Section 1: Definition of Terms

Acceptable Use: Use of Columbia College's information and/or information technology (especially Internet) in a manner consistent with this policy and consistent with the mission and goals of the institution.

Commercial Use: Unauthorized use of or sharing of institutional data, courseware, web sites, or any other College-owned or College-sponsored information and/or information technologies (especially Internet) for the purpose of securing personal gain or profit or to enable others to secure profit.

Information Technology Resources: Hardware and software owned or managed by the College, to include all servers (Internet, local area networks, and Voicemail), networks (includes phone, cable TV, and data), classroom teaching technology, satellite receivers, and desktop computers.

Unacceptable Use: Use of Columbia College's information and/or information technology (especially Internet) in a manner that violates the College's mission and that is not in keeping with the responsible and ethical behavior expected of the College's students, faculty, and staff.

Section 2: Policies

As student, faculty, and staff access to campus resources becomes a routine expectation, Columbia College has formulated a policy on the acceptable use of information technology resources. This policy will cover specifically a number of technology usage issues, but the basis of the policy is simple:

Columbia College expects its students, faculty, and staff to support and adhere to the ethical and legal standards surrounding information technology. An understanding of those standards is prerequisite. This expectation is grounded in the College's Honor Code and Student Code of Conduct and in the long-standing principles of integrity, truth, and intellectual freedom crucial to the success of an academic community. Information Technology resources contained on College-owned equipment are property of the College. Any unauthorized use of College-owned equipment is strictly prohibited.

It is the responsibility of each member of the campus community to understand and comply with the requirements of this policy.

Access to Computing Facilities

Columbia College computing facilities are made available to authorized faculty, staff, and students of the College and to other users by special arrangement. Proper authorization is provided by means of a username requested and granted by Information Technology. When a member of the College community becomes an authorized user of the College's computing resources, that individual agrees to abide by all provisions of the Columbia College Computer Use Policy.

User IDs and passwords must be kept confidential by users, and the sharing of user IDs or passwords is prohibited. Each employee, staff member, or faculty member using the College's system must identify themselves honestly, accurately, and completely when using the system.

Hours of Operation

The hours of operation for the Academic Computing Lab, housed in the basement of Edens Library, coincide with library hours including late access during peak student demand times toward the end of the semester.

Computer facilities are also available in the Bush Science Center seven days a week, 24 hours a day, during the regular semesters. Computer facilities in the Breed Leadership Center are available during normal working hours. These buildings are open during regular working hours and the Bush Science Center facilities may be accessed after hours with a computer coded student identification card.

Printing Policy

Individuals must have a valid user name and password to access the print Kiosk on campus. Students are allotted 500 print credits each semester in the lab. Print credits are indicated in dollar amounts. Each student is provided with \$50 of print credit per semester. Black and white prints are charged at \$.10 a print. With the College's print system (ePrint), color prints are available and charged at \$.40 a print and photo quality color prints are charged at \$1.00 a print. All these prints are expensed against the \$50 print credit per semester until

exhausted. If a student requires additional pages or color copies, the student can purchase them at the Print Kiosk using a credit card.

Internet Usage Consistent with Law

The usage of all Columbia College computing resources will be consistent with local, state, and federal law.

Copyright Law

Columbia College respects the ownership of all intellectual property (including e-mail) which is protected by the United States Copyright Law. A copy of this law is available on reserve in Edens Library in a book by Janis Bruwelheide entitled *The Copyright Primer for Librarians and Educators* (Washington, D. C.: National Education Association, 1995). No Columbia College student or employee may copy purchased software except as allowed under the terms of the contract under which the software has been acquired. All software licensing agreements will be strictly followed. Also, no illegally copied software product may be stored on College systems or transmitted over College networks.

File Sharing Policy

The Recording Industry Association of America (RIAA) and the Motion Picture Association of America (MPAA) vigorously pursue infringements of copyrights owned by their individual members, as is their right under the U.S. Copyright Law.

Downloading copyrighted music and movies from the Internet to one's own personal computer without permission of the copyright owner is illegal and a violation of the law; and strictly forbidden on Columbia College's network.

Because of the illegality of sharing copyrighted material without permission and the negative impact on the network, sharing programs such as BitTorrent are prohibited on the Columbia College network. If this type of activity is discovered or reported by outside agencies such as the RIAA, the network connection to the suspected computer will be terminated immediately. The student will receive a letter detailing the infraction. A copy of the letter will be sent to the appropriate Judicial Coordinator, who will follow the appropriate procedures.

It is the student's responsibility to remove the offending file share program and to prove this has been done in order to regain access to the Columbia College Network. The student should contact Information Technology (IT) at 803-786-3007 to schedule an appointment to verify the removal of the offending program. This process could take several weeks, during which time the student will be without an internet connection in their residence hall room. In some cases this will affect all the students in that room. It is important for a student to remove these programs and materials immediately from their computer in order to avoid consequences of having one's network connection disabled or worse to be sued by the RIAA or MPAA.

Institutional Data Access

Columbia College institutional data is important to the College, and access to this data by faculty or staff members who have a "need to know" is vital to the conduct of College business. Institutional data must be used solely for the legitimate business of the College and must not be modified, destroyed, or disclosed in any way that is detrimental to the purposes of the College and/or that violates the

provisions of the Family Education and Right to Privacy Act (FERPA).

A data custodian is responsible for specifying the use and protection of computerized institutional data and for approving access to institutional data. The following listing indicates the College's primary institutional data categories and the related data custodians:

Admissions Data – Dean of Admissions
Course Data – Registrar
Facilities Data - Vice President for Finance
Financial Aid Data - Director of Financial Aid
Human Resource Data - Vice President for Finance
Student Data – Registrar

An individual who has been granted access to institutional data is a data user. Each data user must ensure they use data services and facilities only as required in the performance of job functions.

Columbia College E-Mail

E-mail is considered an official method of communication at Columbia College. Columbia College e-mail provides easy communication among students, faculty, and staff. It delivers information in a convenient, timely, and effective manner. The Columbia College e-mail system is intended to meet academic and administrative needs of the campus.

Format Guidelines/Assignment of Student E-mail Accounts

Columbia College provides an e-mail account to all enrolled students at the College. Students have access to their Columbia College e-mail from both on and off campus. Accounts are created by the Columbia College Information Technology Department.

Expiration of Accounts

Students are allowed to keep their accounts for 6 months after graduation after which the accounts will be removed and all data will be lost.

Accessing Columbia College E-mail

Students can access their Columbia College e-mail via the Internet at www.outlook.com/my.columbiasc.edu.

Faculty/Staff Expectations and Educational Use of E-mail

E-mail is a tool for Columbia College faculty and staff to communicate with members of the campus community and to post news, activities, and announcements related to the Columbia College community via the Koala Weekly. Faculty members will determine how e-mail is used in their classes and may require students to use their e-mail. For example, the class syllabus may be posted and/or assignments may be sent out via e-mail.

Expectations Regarding Student E-mail

All students are required to check their Columbia College e-mail on a frequent and consistent basis in order to stay current with college-related communications. Students have the responsibility to recognize that certain communications are time-critical and not checking their e-mail is not an acceptable excuse for missing official College communications via e-mail.

Authentication and Confidential E-mail

No one is to use e-mail to impersonate a College office, faculty/staff member, or student. To minimize the risk, all e-mail accounts are

password protected. Passwords should be changed on a regular basis and kept confidential. To change one's password:

1. Log in using a computer on the campus network. After log in is complete, push the ctrl, alt, and delete keys at the same time. A "Window Security" window will pop up with six options. Select "Change Password" and enter the information requested. Then restart the computer. After it boots up, the new password can be used to log in and then used to check e-mail.
2. Call the Help Desk Monday - Friday 8:00 am -5:00 pm or submit a work request on our website: <http://koalatech.columbiasc.edu>. Remember that one's e-mail username and password are also their network username and password. (They are the same.) When one is changed, both are changed.

Appropriate Use of E-mail

All use of e-mail will be consistent to other Columbia College policies, including Columbia College's Appropriate Use of Information Technology Resources. All use of e-mail will be consistent with local, state, and federal laws.

Prohibited Use of E-mail

The Columbia College e-mail system is not to be used for the following: personal gain, chain letters, and solicitations for contributions for non-college entities, pyramid schemes, harassment of an individual or organization, and any illegal activity of unlawful purpose. Note: This prohibition does not extend to distribution of community service opportunities for the campus.

No one should intercept, receive, and/or view another individual's e-mail without that user's consent.

The misuse of the Columbia College system will be adjudicated by the appropriate College oversight body. Penalties range from verbal or written denial to access campus computer resources to suspension or dismissal from the College.

Columbia College Distribution Lists

Individual students are prohibited from sending e-mail messages to the College distribution lists. However, students and student organizations can have messages sent via their advisor by posting them in The Koala Weekly. The advisor must approve and send the requested messages to the Koala Weekly database. There are a limited number of College administrators with access to the College distribution lists. All messages sent to distribution lists must be associated with official College business.

Network Security

Use of computers on the College Network to promote commercial business is prohibited. The College reserves the right to periodically monitor traffic to ensure that things are operating safely and efficiently. Students should not tamper with any wall jacks and wiring. Each machine will be dynamically assigned an IP address. Configuring one's system in any way is prohibited.

Internet Access, Chat Groups, News Groups

With regard to Internet access, chat groups, news groups, and social media, all users are reminded that such forums are public forums and that appropriate conduct as otherwise required by the *Student Handbook*, *Faculty Handbook*, and *Staff Handbook* should control their actions.

Appropriate Use of Computer Facilities

The usage demand for campus computer facilities continues to increase. In an effort to fulfill the educational mission of Columbia College and to provide all users fair and equitable access to the system resources, it is imperative that all students comply with the following:

- Use only your username and password to access the network. Do not allow other users to use your username and password to access the system.
- Keep your password confidential.
- Use courtesy to maintain a peaceful and quiet lab environment

Unacceptable Use

The uses of information technology resources summarized in this section describe some, but not all, of the ways that users of the College's information technology system can violate the College Computer Use Policy. As emphasized in the introduction to this document, Columbia College expects all members of the College community to abide by the legal and ethical standards pertaining to electronic transfer of information.

Damage or Disruption

Users may not damage computer systems or knowingly disrupt the operation or use of a computer system. Disruptions include the injecting of computer viruses and sustained high volume network traffic that hinders others in the use of the network.

Personal or Commercial Gain

Users must not use the computer systems for personal gain or profit, such as selling access to institutional data or performing work for profit with College technology resources in an unauthorized manner.

Excessive Use

Users must not monopolize systems, overload networks with excessive data, or waste computer time, disk space, printer paper, or other resources.

Downloading Programs

With the exception of Information Technology personnel, absolutely no one is allowed to download or install programs on any Computer Lab PC.

SOCIAL MEDIA SITES POLICY

Wise use of social networking promotes healthy communication. Students may be held accountable for information shared in the public arena that could be in violation of College policy, indicate illegal activity, or appear to be libelous information regarding a member or policy of the College. Posts and other content specifically added by administrators of the College's page are official Columbia College content. Opinions expressed by other users do not necessarily reflect the opinion of the College. User provided content that is not categorized as official Columbia College content is not screened or evaluated during the submission process.

The College is not responsible for content posted on individual personal faculty, staff, and student social media pages. Further users are expected to abide by applicable laws, regulations, rules, and policies including the Columbia College *Student Handbook*, the Columbia College Faculty/Staff Manual/ Handbook, and other regulations and policies concerning public communications. The College reserves the right to remove content from its page and

encourages users to report content that violates Facebook's Code of Conduct.

Student organization leaders should follow the #CCofSC Social Media Policies.

Section 3: Enforcement and Penalties

Administrative Responsibility

While all academic divisions and administrative offices are required to ensure that information technology is used responsibly within each respective division or office, the Office of the Provost is responsible for the establishment of the campus-wide Computer Use Policy and for the overall administration and compliance with the policy's provisions. Administration of specific issues of oversight and implementation is delegated to Information Technology.

The imposition of penalties for those who have violated the College Computer Use Policy will be handled by the following administrative areas:

Student Violator: Students may face sanctions as described in the *Student Handbook*. These sanctions fall under the purview of the Vice President for Student Affairs & Dean of Students.

Faculty Violator: These actions fall under the purview of the Provost.

Staff Violator: These actions fall under the purview of the Vice President for Finance.

Penalties

Persons found responsible for violating the Columbia College Computer Use Policy will be sanctioned by the appropriate College oversight body. Penalties may range from verbal or written warning to denial of access to campus computer resources to suspension or dismissal from the College. Following appropriate investigation and hearing procedure and determination of responsibility in cases of policy violation, penalties may be imposed in accordance with the above established guidelines.

PUBLIC DISPLAYS OF AFFECTION

Displays of physical intimacy are private matters and must not be expressed in the presence of others.

POSTING POLICY

Recognized student organizations, academic divisions, campus departments, and approved off-campus entities may post flyers or other forms of advertisement on campus property as long as the flyers are in accordance with the Solicitation Policy. Flyers may only be posted on approved bulletin boards located throughout the campus. No posting may be placed on glass, painted surfaces, brick, or in elevators. Any organization that fails to comply may face repair costs for damages done to these surfaces or may lose posting privileges. Off-campus entities, students, faculty, and staff wishing to advertise non-Columbia College events or services must first obtain approval from Student Activities before posting flyers on the Off-Campus Boards. The Off-Campus Boards, located in T.J. Harrelson Student Services Center and the 1st floor of the Student Union, are the only locations where off-campus entities and non-Columbia College events and services can be advertised.

All postings (including flyers, posters, table tents, and mailbox inserts) must be approved through the following process:

1. All recognized student organizations, academic divisions, campus departments, and off-campus entities must receive permission to post flyers from the Office of Student Activities. Residence hall groups (e.g. RAs and RHA) posting only in residence halls must receive permission from the Area Coordinator of the building or the Director of Residence Life and Housing.
2. All flyers must be stamped “approved” by the Office of Student Activities before posting. When using photocopied flyers, it is suggested that the original copy be stamped before additional copies are made. An electronic copy can be submitted to the “Flyer and T-shirt Approval” online form, which is available under the Campus Life tab on Koala Connection. The name of the sponsoring organization, division, department, or group must appear on all postings as well as all relevant event information (time, date, place, what, and who).
3. Permission to hang or affix banners, posters, and the like from buildings or other exterior areas must be obtained from the Office of Student Activities. After receiving permission, the organizing group must request space, if appropriate, and is responsible for making arrangements with Facilities to put up and take down their requested item.
4. All postings must be removed within 48 hours following the event. Student organizations, divisions, and departments that do not comply may lose their posting privileges for a specified period of time. *Please be courteous with event posts that span a long period of time. We suggest no more than a week of events per flyer as space is limited and those with more will be removed as needed to accommodate advertisement of other events.*
5. The College reserves the right to remove any and all postings, notices, and flyers from College

SIDEWALK CHALK

We strongly encourage organizations, departments, etc. to utilize sidewalk chalk to advertise events and campus happenings. Sidewalk Chalk can only be used on sidewalks in areas where the rain, bucket of water, etc. will easily wash off the chalk. Please know you are responsible for washing off chalk in a timely manner if the rain does not. A large variety of sidewalk chalk is available in the Office of Student Activities.

SOLICITATION POLICY

Columbia College recognizes all members of the extended College community, which includes faculty, staff, students, alumnae, and donors, should be free from unwanted or undesired appeals, approaches, and solicitations of a financial nature which may be considered intrusions into their privacy. The College also recognizes it has a responsibility to ensure, to the best of its ability, such activities do not occur without authorization of the College administration.

Official student organizations may conduct fundraisers or collect donations on campus, if approved by the Director of Student Activities. Organizations must complete the Student Organization Solicitation Form available in the Office of Student Activities and on the Campus Life tab of Koala Connection under “Student Organizations.”

Student organizations may promote their fundraisers through on-campus postings with written/stamped approval of the Office of

Student Activities or through campus mail. They may not use personal visits, telephones, or e-mails for solicitation. Student organizations requesting to hold fundraisers in the residence halls must secure additional approval from the Director of Residence Life and Housing.

The Executive Vice President must approve all requests for student organization fundraisers, sponsorships, or solicitations involving external companies, organizations, or individuals.

Columbia College allows certain commercial solicitations and promotions only when the products or services directly benefit the College community. Individuals and external organizations may request permission to sell or promote merchandise by completing the Vendor Solicitation Form available in the Office of Student Activities. This form must be approved by the Director of Student Activities. A service fee or percentage of sales is charged to vendors. Purveyors of credit cards, pornographic or sexually explicit materials, alcohol, or other drugs are expressly prohibited from selling or promoting products on the Columbia College campus. External vendors may not use College communication systems including telephone, e-mail, campus mail, on-campus meetings, and personal visits to promote or sell a product.

College mailing lists are proprietary information and may not be duplicated or electronically transmitted to any person or organization for any reason. Such mailing lists may be used only by authorized College personnel to comply with state or federal regulations, to meet requirements of accrediting agencies, or to raise money from or disseminate information to internal or external constituents for the direct benefit of the College.

Only authorized Columbia College faculty and staff may use College listservs.

PROSELYTIZING ON CAMPUS POLICY

While we encourage people of all perspectives to enter into a meaningful discussion with others, this statement is intended to help the College community distinguish between appropriate and inappropriate proselytizing in a multicultural environment such as that which exists at Columbia College. Anonymous attempts to force one’s own belief system(s) on another and/or inappropriate proselytizing are uncivil, unilateral, and/or possibly harassing and may also constitute a violation of the Student Code of Conduct.

In order to create an environment that promotes lively, mutually edifying debate, members of the Columbia College community are expected to uphold the following principles of behavior when expressing differing viewpoints and beliefs:

1. Embody civility in discussions and relationships concerning different viewpoints and beliefs.
2. Encourage mutual dialogue instead of unilateral (one-way) communication concerning different viewpoints or beliefs.
3. Identify the author or responsible party for any form of communication (i.e. letters, e-mails, gifts, flyers, posters, etc.).
4. Clearly state the intent or goal of each communication or event.

SMOKING & TOBACCO POLICY

The College desires to provide a healthy environment for all students, employees, and visitors to the campus. Smoking and use of tobacco products are prohibited on campus property. Electronic cigarettes are also subject to the smoking policy. Other tobacco products (i.e. chewing tobacco) and all smoking devices (i.e. pipes and hookahs) are prohibited on campus property. Persons found to be violating the College’s Smoking and Tobacco Policy can be cited

by the Columbia College Police Department (citations range from \$5 - \$25). Repeat violations involving students will be handled by the Judicial Board. This policy applies to all Columbia College students, faculty, staff and other persons on the campus (i.e. guests, visitors, contractors, and vendors). It is the responsibility of all members of the Columbia College community to uphold the College's smoking and tobacco policy.

FIRE, EMERGENCIES, AND EVACUATION OF BUILDINGS

1. In case of fire, sound the nearest alarm. If conditions permit, call 9-911 then call 3333 (CCPD) and report the exact location of the fire.
2. Become familiar with the evacuation routes that are posted in campus buildings. In the residence halls, these are found on the back of the student room doors.
3. Leave the building by the nearest exit. Proceed at least 100 feet from the building. Students in McNair, Knox, and Kneec Halls should leave the building by the nearest exit and report to the area across the street between Godbold Center and the tennis courts. Students in Mirse, Wesley, and Hudson Halls should leave by the nearest exit and report to the mall area across the street near the Ariail-Peele building. Do not use the elevators.
4. Remain outside the building until the Columbia College Police Department give explicit instructions to re-enter.
5. Students exiting a residence hall should: a. Wear shoes. b. Take a towel to cover their faces in case of smoke. c. Leave lights on in their rooms. d. Close the door to their rooms.
6. Failure to evacuate the premises after an alarm has sounded or notice to evacuate has been given will result in judicial action, including fines and the possibility of expulsion from the residence halls.
7. Tampering with fire alarms or fire-safety equipment, reporting false alarms, or making bomb threats will result in judicial action, including the possibility of permanent expulsion from the College without refund of tuition and fees. Persons found guilty of such actions will be held liable for all expenses incurred as a result of their actions.
8. College officials reserve the right to evacuate any building or facility for emergency reasons.

EMS & QUARANTINE POLICY

If the responding officer determines the health and well-being of a student is such that the student needs to be transported to a hospital or checked out by EMS, the student is responsible for any charges that may be incurred.

In addition, the College has a right to place a student in quarantine on campus or request they leave campus until released by a medical professional.

INFECTIOUS DISEASE POLICY

Columbia College strives to provide a safe and healthy living and learning environment. Any student (commuter or resident) that attends classes on campus who knows, or has a reasonable basis for believing, that they are infected with an infectious disease (e.g. coronaviruses or influenza) or other public health threat has an obligation to report that information to the Division of Student Affairs at 803-786-3856. During non-business hours, please call the Columbia College Police Department (CCPD) at 803-786-3333 and

CCPD will contact the Student Affairs Area Coordinator On Call who will work with the Director of Residence Life & Housing and Vice President for Student Affairs and Dean of Students to implement strategies of care. Documentation may be requested. Offices such as the Provost, Facilities Management, and Student Success may assist. Student athletes should also notify the athletic trainer. All students should inform their professors of their absence and develop a plan to fulfill their academic obligations.

Students should follow the medical guidance pertaining to their diagnosis, which may require them to isolate themselves. Commuters should isolate themselves off-campus. Residential students who have a roommate and/or suitemate or who live in the McNair Annex will relocate to a temporary housing assignment during their isolation period. Student Affairs will arrange meal delivery. Students should contact CCPD if they experience a medical emergency.

If a student has been exposed to an individual diagnosed with an infectious disease, they should monitor their health and get tested if they exhibit symptoms.

The College reserves the right to inform the campus community if there is an infectious disease outbreak on campus, without including the student's personal identifying information.

MISSING STUDENT POLICY AND NOTIFICATION PROCEDURES

Under the Higher Education Opportunity Act, Columbia College is required to establish the following policy and procedures for students living on campus in the residence halls or college owned or operated houses. If a member of the College community has reason to believe that a residential student is missing, they should immediately notify the Columbia College Police Department (CCPD) at (803)786-3333. The College holds that every person reported missing will be considered at risk until significant information to the contrary is confirmed. All possible efforts will be made to locate the student to determine their state of health and well-being through collaboration with the Division of Student Affairs, the Registrar's Office, and other offices as appropriate. Concurrently, College officials will endeavor to determine the student's whereabouts through contact with friends, associates, and/or employers of the student.

If the above actions are unsuccessful in locating the student within 24 hours of the report or it is apparent immediately that the student is a missing person (e.g., witnessed abduction), Columbia College Police Department will contact local law enforcement to report the student as a missing person and the local law enforcement agency will take over the investigation. It is the policy of CCPD to support and assist missing person's investigations initiating outside of our jurisdiction.

It should also be noted that there is no required waiting period for reporting a missing person. A person may be declared missing when their whereabouts are unknown and unexplainable for a period of time, typically 24 hours or sooner, especially if the subjects' behavior patterns, plans, or routines are regarded by knowledgeable persons as highly unusual or suspicious.

In accordance with the College's Missing Student Notification Policy & Procedures, each student is required annually to provide the Office of Residence Life & Housing with a confidential emergency contact during the move-in process for whom the College will contact no later than 24 hours of determining a student is missing.

The contact designee will remain in effect until changed or revoked by the student. The Vice President for Student Affairs & Dean of Students or their designee will notify the emergency contact (for students 18 and over or emancipated) or the parent/guardian (for students under the age of 18) that the student is believed to be *missing*. Contact is contingent upon the correct emergency contact information being made available by the student.

In all cases of a missing student, where the student is declared missing by CCPD after an initial investigation, the law enforcement agency conducting the subsequent investigation will provide information to the media to obtain public assistance in the search for a missing student. The Office of Public Relations is available to provide consultation on communication with the investigating law enforcement agency. Any media requests to the college will be directed to the Office of Public Relations. Prior to providing the Columbia College community with any information about a missing student, the Office of Public Relations shall consult with CCPD and with local law enforcement authorities to ensure that communications do not hinder the investigation.

CHILDREN ON CAMPUS

Classrooms

Faculty reserve the right to limit class attendance to enrolled students only. Faculty also have the right to allow guests in their classrooms. Children may attend classes with their parent/legal guardian in emergency situations with the permission of the course instructor. If the instructor determines the child's presence is disruptive to the class or is inappropriate because of a sensitive topic, the parent/guardian must take the child out. Under no circumstances is a child to be left unsupervised anywhere on College property.

Other Buildings on Campus and Campus Grounds

Children are allowed in non-residential campus buildings and grounds only under the direct and continuous supervision of an adult.

RELATIONSHIPS BETWEEN STUDENTS AND FACULTY/STAFF

Amorous relationships between faculty/staff members and students are strictly prohibited except in the case of relationships that pre-date a student's enrollment at the College. Both parties are responsible for reporting this type of relationship to either the Provost or the Director of Human Resources. If necessary, arrangements will be made to mitigate a conflict that may prove detrimental to the College. Violation of this policy may result in discipline.

COLUMBIA COLLEGE SEXUAL MISCONDUCT POLICY

I. Introduction

Columbia College is a learning environment fostering common standards of conduct and a commitment to its institutional mission. Sexual Misconduct, including Sexual and Gender-Based Harassment, Sexual Assault, Relationship Violence, and Sexual Exploitation is prohibited by Title IX. In addition to being a violation of federal and state law, Sexual Misconduct interferes

with the mission of Columbia College by endangering the physical, mental, and emotional safety of community members, disrupting the academic progress of survivors as they recover, and flagrantly violating the community of trust. The Board of Trustees, faculty, staff, and students who comprise the Columbia College community will not tolerate Sexual Misconduct. Columbia College prohibits all forms of Sexual Misconduct, including but not limited to Sexual and Gender-Based Harassment, Sexual Assault, Stalking and Relationship Violence, whether perpetrated by a stranger or acquaintance, whether occurring in connection with an education program or activity, and whether directed against a member of the Columbia College community or someone outside the Columbia College community ("Prohibited Conduct").

All members of the Columbia College community play a role in building a safe and just educational environment by:

- Modeling healthy and respectful behavior in personal and professional relationships;
- Increasing personal awareness of what constitutes Sexual Misconduct;
- Speaking out against behavior that encourages Sexual Misconduct or discourages reporting;
- Developing the necessary skills to be an effective and supportive ally to survivors of Sexual Misconduct;
- Intervening in situations that can lead to Sexual Misconduct and related misbehavior; and
- Interrupting an incident of Sexual Misconduct if it is safe to do so.

If you or someone you know has experienced Sexual Misconduct, you are not alone. Anyone can be a victim of Sexual Misconduct.

II. Definitions

A. Prohibited Conduct

Columbia College prohibits all forms of Sexual Misconduct, including but not limited to, Sexual and Gender-Based Harassment, Sexual Assault, Stalking and Relationship Violence, whether perpetrated by a stranger or acquaintance, whether occurring in connection with the College's education program or activity, and whether directed against a member of the Columbia College community or someone outside the Columbia College community. Such conduct by a Columbia College Student, Employee, Trustee or Third Party is a violation of Columbia College policy.

Columbia College does not limit its ability to respond to inappropriate sexual conduct and forms of Sexual Misconduct that may not be specifically described in this policy or that does not constitute criminal conduct under other applicable Columbia College policies. None of the definitions below may be read to inhibit Columbia College's ability to address any incident or conduct that it reasonably deems to constitute Sexual Misconduct or that creates a discriminatory environment.

1. **SEXUAL MISCONDUCT** is a broad term that encompasses a range of behaviors including all forms of sexual harassment, including sexual assault, as well as other forms of misconduct or violence of a sexual nature, including, without limitation, relationship violence, stalking, and sexual exploitation. Sexual Misconduct can occur between individuals who know each

other, have an established relationship, have previously engaged in consensual sexual activity, or between individuals who do not know each other. Sexual Misconduct can be committed by persons of any gender identity, and it can occur between people of the same or different gender.

- 2. SEXUAL AND GENDER-BASED HARASSMENT** is unwanted or offensive sexual behavior that has the purpose or effect of creating a hostile or stressful living, learning, or working environment, or whenever toleration of such conduct or rejection of it is the basis for a personnel or academic decision affecting an individual. Examples of behavior that may constitute sexual harassment include, but are not limited to, sexual advances, any form of retaliation or threat of retaliation against an individual who rejects such advances, sexual epithets, jokes or comments, comments or inquiries about an individual's body or sexual experiences, unwelcome leering, whistling, brushing against the body, sexual gestures, or displaying sexually suggestive images.

Sexual harassment includes any unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity. This may include a single incident of sexual assault or other serious Sexual Misconduct.

If there is a single incident of one of the following crimes, the incident is considered "sexual harassment" under Title IX. Sexual harassment also includes a College faculty or staff member conditioning education benefits on participation in unwelcome sexual conduct (i.e., quid pro quo).

2.a. Dating violence: "means violence committed by a person— (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship, (ii) The type of relationship, (iii) The frequency of interaction between the persons involved in the relationship."

2.b. Domestic violence: "includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction." Dating and Domestic violence are patterns of abusive behaviors that are used by an intimate partner to gain or maintain power and control over the other partner. Relationship violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. Relationship violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim, where the existence of such a relationship is determined based on the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

2.c. Stalking: "means engaging in a course of conduct directed at a specific person that would cause a reasonable person to— (A) fear for their safety or the safety of others; or (B) suffer substantial emotional distress." Generally, stalking involves a course of conduct which is defined as two or more acts including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. Examples include but are not limited to: following a person; appearing at a person's home, class or work; making frequent phone calls, e-mails, text messages, etc.; continuing to contact a person after receiving requests not to; leaving written messages, objects or unwanted gifts; vandalizing a person's property; and threatening, intimidating or intrusive behavior.

- 3. SEXUAL ASSAULT** is "an offense classified as a forcible or nonforcible sex offense as defined below:

3.a. Rape: "The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim."

3.b. Sex Offenses: "Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

3.c. Fondling—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.

3.d. Incest—Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

3.e. Statutory Rape—Sexual intercourse with a person who is under the statutory age of consent."

- 4. SEXUAL CONTACT** includes intentional contact with the intimate parts of another person, causing another person to touch one's intimate parts, or disrobing or exposure of another person without permission. Intimate parts may include the breasts, genitals, buttocks, groin, mouth, or any other part of the body that is touched in a sexual manner. Sexual contact also includes attempted sexual intercourse.
- 5. SEXUAL PENETRATION** includes vaginal or anal penetration, however slight, with a body part (e.g., penis, tongue, finger, hand, etc.) or object, or oral penetration involving mouth to genital contact.
- 6. SEXUAL EXPLOITATION** means taking sexual advantage of another person and includes, without limitation: indecent exposure; causing or attempting to cause the incapacitation of another person in order to gain a sexual advantage over them; causing the prostitution of another person; recording, photographing, or transmitting images of private sexual activity and/or the intimate parts

of another person without consent; observing or allowing third parties to observe private sexual acts or otherwise violating a person's sexual privacy without consent; and knowingly or recklessly exposing another person to a significant risk of sexually transmitted infection.

7. **"Prohibited Conduct"** means any of the defined terms under this Section II.A. Misconduct that is not defined as Prohibited Conduct under this Section may be prohibited by other College policies such as the Student Code of Conduct or the policies applicable to employees and faculty.
8. **"Retaliation"** means intimidation, threats, coercion, or discrimination, including charges against an individual for policy or code of conduct violations that do not involve Sex Discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of Sex Discrimination, or a report or Formal Complaint of Sexual Harassment, for the purpose of interfering with any right or privilege under this Policy. Retaliation may be directed against a Party, or against anyone who participates or who refuses to participate in any process under this Policy. However, charging an individual with a policy or code of conduct violation for making a materially false statement in bad faith in the course of the process under this Policy does not constitute Retaliation under this Policy. A determination regarding responsibility, alone, will not be sufficient to conclude that any Party made a materially false statement in bad faith.

Notwithstanding this definition of Retaliation, the exercise of rights protected under the First Amendment of the U.S. Constitution does not constitute Retaliation under this Policy. A person engaged in retaliatory conduct is subject to disciplinary sanctions under this Policy. For students, this may include but is not limited to denial of certain privileges, disciplinary probation, suspension, or expulsion. For employees, this may include but is not limited to warnings, suspensions, or termination. The College will consider interim measures in response to Retaliation-related concerns in order to stop prohibited conduct and its recurrence. In some instances, this may lead to the removal of the person accused of Retaliation from campus pending resolution of the matter, in accordance with Section III.F.

B. Other Definitions

1. **"RESPONSIBLE EMPLOYEES"** means all employees, trustees, and contractors except those employees, trustees, or full-time contractors who have legally-defined confidentiality privileges, including but not limited to College counselors, nurses and pastors. Exempted from this section includes the College's physical and mental health counselors.
2. **"ACTUAL KNOWLEDGE"** means notice of Prohibited Conduct or allegations of Prohibited Conduct Under this Policy by the Title IX Coordinator(s) or any Responsible Employees as defined herein. However, the College is not deemed to have Actual Knowledge when the only

Responsible Employees with Actual Knowledge is the Respondent.

3. **"COERCION"** means the use of express or implied threats, intimidation, or physical force which places an individual in reasonable fear of immediate harm or physical injury.
4. **"COMPLAINANT"** means an individual who is alleged to be the victim of conduct that could constitute Prohibited Conduct.
5. **"CONSENT"** means mutually understandable words or actions that clearly indicate a willingness to engage in a specific sexual activity. Consent to engage in sexual activity must exist from beginning to end of each instance of sexual activity. Silence alone, without actions evidencing permission, does not demonstrate consent. While consent may be expressed by words or by actions, it is highly recommended that consent be expressed and obtained verbally. Non-verbal consent expressed through actions may lead to confusion and potential for misunderstandings, which may lead to a violation of this Policy. It is the responsibility of the initiator of any sexual activity to obtain their partner's consent. An individual's use of alcohol or drugs does not diminish that individual's responsibility to obtain consent if that individual is the one who initiates sexual activity. Consent must be knowing and voluntary. To give consent, a person must be of age in the state where the activity takes place. The age of consent in South Carolina is 16. Assent does not constitute consent if obtained through "coercion" or from an individual whom the respondent knows or reasonably should know is "incapacitated".

Consent to engage in sexual activity may be withdrawn by any person at any time. Once withdrawal of consent has been expressed, the sexual activity must cease immediately. Consent is automatically withdrawn by a person who is no longer capable of giving consent due to incapacitation. A current or previous consensual dating or sexual relationship between the Parties does not itself imply consent or preclude a finding of responsibility under this Policy"

6. **"FORMAL COMPLAINT"** means a document filed by a Complainant or signed by the Title IX Coordinator(s) alleging Sexual Harassment against a Respondent and requesting that the College investigate the allegation of Sexual Harassment. At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the College. A Formal Complaint may be filed with the Title IX Coordinator(s) in person, by mail, or by e-mail, by using the contact information contained in Section III.B. of this Policy. As used in this definition, the phrase "document filed by a Complainant" means a document or electronic submission that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint.

7. **“GRIEVANCE PROCESS”** means the process used by the College to investigate and adjudicate Formal Complaints.
8. **“INCAPACITATED”** means, by reason of mental or physical condition, an individual is manifestly unable to make a knowing and deliberate choice to engage in sexual activity. Someone who is drunk or intoxicated is not necessarily incapacitated. Individuals who are asleep, unresponsive, or unconscious are incapacitated. Factors the College will use to assess whether someone is incapacitated for purposes of this Policy include, but are not limited to: inability to communicate coherently, inability to dress or undress without assistance, inability to walk without assistance, slurred speech, loss of coordination, vomiting, or inability to perform other physical or cognitive tasks without assistance. The existence of any one of these factors may support a finding of incapacitation for purposes of this Policy.
9. **INCAPACITATION** is the inability to make informed, rational judgments and decisions. If alcohol or drugs are involved, incapacitation may be measured by evaluating how the substance affects a person’s decision-making capacity, awareness, and ability to make informed judgments. The impact of alcohol and drugs varies from person to person; however, warning signs of possible incapacitation include slurred speech, unsteady gait, impaired coordination, inability to perform personal tasks such as undressing, inability to maintain eye contact, vomiting, and emotional volatility.
10. **“PARTY” OR “PARTIES”** means any Complainant or Respondent, individually or collectively.
11. **“RESPONDENT”** means an individual who has been reported to be the perpetrator of conduct that could constitute Prohibited Conduct.
12. **“SUPPORTIVE MEASURES”** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. These measures are designed to restore or preserve equal access to the College’s education program or activity without unreasonably burdening the other Party, including measures designed to protect the safety of all Parties or the College’s educational environment, or deter Prohibited Conduct. Supportive Measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the Parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The College will maintain as confidential any Supportive Measures provided to either Party, to the extent it can do so without impairing its ability to provide the Supportive Measures, and unless otherwise required by law. The Title IX Coordinator(s) is/ are

responsible for coordinating the effective implementation of Supportive Measures.

III. To Whom This Policy Applies

This policy applies to students who are registered or enrolled for credit – or non-credit – bearing coursework (“Students”); Columbia College employees, consisting of full-time, part-time and adjunct faculty, and College staff (“Employees”); the Board of Trustees; and contractors, vendors, visitors, guests or other third parties within Columbia College’s control (“Third Parties”). This policy pertains to acts of Prohibited Conduct committed by or against Students, Employees; the Board of Trustees and Third Parties on Columbia College campus and/ or in connection with Columbia College’s education program or activity.

IV. Applicable Procedures Under This Policy

The procedures referenced below provide for prompt and equitable response to reports of Prohibited Conduct. The procedures designate specific timeframes for major stages of the grievance process and provide for thorough and impartial investigations that afford all parties notice and an opportunity to present witnesses and evidence and to view the information that will be used in determining whether a policy violation has occurred. Columbia College applies the Preponderance of the Evidence standard when determining whether this policy has been violated. “Preponderance of the Evidence” means that it is more likely than not that a policy violation occurred. “Complainant” means the individual who is reporting they were a victim of Prohibited Conduct. “Respondent” means the individual who allegedly committed the Prohibited Conduct.

A Student or Employee determined by Columbia College to have committed an act of Prohibited Conduct is subject to disciplinary action, up to and including separation from the College. Trustees determined to have committed an act of Prohibited Conduct are subject to removal from the Board of Trustees. Faculty or staff who commit Prohibited Conduct may have their employment suspended or terminated. Third Parties who commit Prohibited Conduct may have their relationship with the College terminated and/or their privilege of being on College premises withdrawn.

A. Where the Respondent is a Student, Employee or Trustee

The Procedures for reports of Prohibited Conduct committed by Students, Employees or Trustees follow this document in both the Student and Employee Handbooks.

B. Procedures for Reports of Prohibited Conduct Committed by Third Parties

Columbia College’s ability to take appropriate corrective action against a Third Party will be determined by the nature of the relationship of the Third Party to the College. The Title IX Coordinator(s) will determine the appropriate manner of resolution consistent with the College’s commitment to a prompt and equitable process consistent with federal law, federal guidance, and this policy.

V. Prevention Education, Training, and Notification

The core of Columbia College's response to Sexual Misconduct is through proactive education and training, with emphasis on prevention. Our response is designed to collect and disseminate information about Sexual Misconduct, promote open discussion, encourage reporting, and provide information and training about prevention to faculty, staff, and students.

The College will:

1. Provide prevention programs on topics related to Sexual Misconduct;
2. Provide information to all students regarding our Sexual Misconduct Policy and reporting requirements twice a year;
3. Train all College employees on Sexual Misconduct and reporting;
4. Train student staff, such as resident assistants, orientation leaders, and student success leaders on their role as responsible employees of the College regarding Sexual Misconduct;
5. Discuss the topic of Sexual Misconduct and the College's expectations for an environment free of Sexual Misconduct during first year fall orientation; and
6. Distribute Sexual Misconduct awareness materials and flyers with information about where to go for help in several high-traffic areas twice a semester.

VI. Confidential Resources & Follow-up and Recovery Services For Persons Affected by Sexual Misconduct

Follow-up support and counseling is of significant benefit to individuals impacted by of Sexual Misconduct. The counseling may begin at any time after an incident, from hours to years. On campus and off campus counseling and other services are available to a Complainant or Respondent, whether or not a crime is reported or prosecuted.

VII. Amnesty Consideration

If a survivor of a crime is suspected of having used alcohol and/or drugs, amnesty will be extended to the survivor and any person(s) seeking assistance on behalf of the survivor. Amnesty means a person will be exempt from sanctioning through the Student Conduct process regarding the College's alcohol and drug policies. Prosecution of individuals under federal, state, or local laws would be at the discretion of appropriate officials of the applicable jurisdiction.

VIII. Criminal Proceedings

If the incident occurred on campus and you wish to pursue criminal charges, please contact the **Columbia College Police Department (CCPD)**. If the incident occurred off-campus, CCPD can assist you with contacting the proper authorities.

Because Prohibited Conduct may constitute both a violation of College policy and criminal activity, the College encourages students to report alleged Sexual Misconduct promptly to local law enforcement agencies.

Criminal investigations may be useful in gathering relevant evidence, particularly forensic evidence. For purposes of this policy, criminal investigations or reports are not determinative of whether Sexual Misconduct has occurred. In other words, conduct may constitute Sexual Misconduct under this policy even if law enforcement agencies lack sufficient evidence of a crime and therefore decline to prosecute.

The filing of a complaint of Prohibited Conduct under this policy is independent of any criminal investigation or proceeding, and (except that the College's investigation may be delayed temporarily while the criminal investigators are gathering evidence) the College will not wait for the conclusion of any criminal investigation or proceedings to commence its own investigation and take interim measures to protect the Complainant and the College community, if necessary.

Disclosure of Sexual Misconduct by or about a Complainant who is under the age of 18 must be reported to law enforcement.

IX. Obligation to Provide Truthful Information

All Columbia College community members are expected to provide truthful information in any report or proceeding under this policy. Submitting or providing false or misleading information in bad faith or with a view to personal gain or intentional harm to another in connection with an incident of Prohibited Conduct is prohibited and subject to disciplinary sanctions under the Columbia College Honor Code, the disciplinary action under the applicable Employee disciplinary policy, or the Board of Trustees bylaws. This provision does not apply to reports made or information provided in good faith, even if the facts alleged in the report are not later substantiated.

COLUMBIA COLLEGE PROCEDURES FOR REPORTS OF PROHIBITED CONDUCT

I. Introduction

These are the procedures Columbia College follows when it receives a report alleging Prohibited Conduct. The College uses these procedures to investigate and adjudicate any such allegation and to impose disciplinary sanctions against Students, Employees or Trustees found responsible for violating the Sexual Misconduct Policy ("Policy").

II. Reporting the Incident to Columbia College

Columbia College urges anyone who becomes aware of an incident of Prohibited Conduct involving a Student, Employee or Trustee to immediately report the incident to the College Title IX Coordinator(s). The Title IX Coordinator(s) are appointed by the President of the College to ensure the school is compliant with Title IX, coordinate the investigation and disciplinary process, and look for patterns of systematic problems with compliance to ensure the College fulfills all federal obligations.

Title IX Coordinators:

Mrs. Julie King
Mail Address: 1301 Columbia College Drive, Columbia College,
Columbia, SC 29203
E-mail: juking@columbiasc.edu
Telephone: 803-786-3765 during business hours and
Contact Columbia College Police Department in the evening and on
the weekends.

Alternatively, any person may report Prohibited Conduct under this Policy (whether or not the person reporting is the person alleged to be the victim of such conduct), to a Responsible Employee, as defined in this Policy. Responsible Employee(s) who obtains Actual Knowledge of Prohibited Conduct must promptly advise the Title IX Coordinator(s) of any report, allegations or observations of Prohibited Conduct, including the identities of the individuals involved. This is required even if the person reporting the Policy violation is unsure about pursuing a Formal Complaint. Failure of a Responsible Employee to comply with this reporting requirement may result in disciplinary action, up to and including termination.

Similarly, all other College employees are who receive a report, make observations or learn of allegation of Prohibited Conduct must promptly advise the Title IX Coordinator(s) of any report, allegations or observations of Prohibited Conduct, including the identities of the individuals involved. This is required even if the person reporting

the Policy violation is unsure about pursuing a Formal Complaint. Failure of an employee to comply with this reporting requirement may result in disciplinary action, up to and including termination.

There is no time limit to notify the College of an incident of Prohibited Conduct; however, Complainants (an individual who is reporting they were a victim of Prohibited Conduct) are encouraged to report allegations of Prohibited Conduct immediately in order to maximize the College's ability to obtain evidence and conduct a thorough, impartial, and reliable investigation. The College only has jurisdiction over enrolled students, current faculty, current staff members and Trustees. A delay in filing a complaint may compromise the subsequent investigation, particularly if neither the Complainant nor the Respondent (the individual who allegedly committed Prohibited Conduct) is enrolled as a student or employed by the College at the time the complaint is filed.

All cases of reported Prohibited Conduct are held in confidence to the extent possible subject to the College's need to properly investigate allegations of Prohibited Conduct. Reporting Prohibited Conduct does not in any way obligate an individual to pursue legal or institutional disciplinary action; however, Columbia College has the right to pursue disciplinary action at its discretion when there could be a threat to the campus community.

The College will keep the Complainant's identity confidential (including from the Respondent), unless disclosing the Complainant's identity is necessary to provide Supportive Measures for the Complainant (e.g., where a no-contact order is appropriate and the Respondent would need to know the identity of the Complainant in order to comply with the no-contact order, or campus security is informed about the no-contact order in order to help enforce its terms), and except as may be necessary in order to carry out the provisions of this Policy or a related College Policy or to comply with applicable law.

Any person may choose to make a report anonymously. Where a person makes an anonymous report, the College will comply with this Section to the fullest extent possible, but may be limited in its ability to do so if the identity of any Complainant is unknown.

All individuals are encouraged to report sexual misconduct that may also violate criminal law to both the College and to local law enforcement. These processes are not mutually exclusive. In accordance with South Carolina law, the College **requires** all personnel, including faculty, staff, students, as well as third-Parties, to report suspected child abuse of which they are made aware in their capacity of employment or duties. Any uncertainty about whether reporting Child Abuse should always be resolved in favor of making a report to law enforcement.

III. Intake Meeting with Title IX Coordinator(s)

Upon receipt of notice of any allegation of Prohibited Conduct, the Title IX Coordinator(s) will schedule an individual intake meeting with the Complainant in order to provide the Complainant with a general understanding of the College's Sexual Misconduct Policy and to identify forms of Supportive Measures available to the Complainant. Below are supportive measures that may be taken:

- Academic scheduling or class modifications;
- A change or modification to residence hall;
- On-campus employment change or work schedule modifications;

- Assistance with extra-curriculars, organizations, activities, etc.;
- Police escort to vehicle;
- Other accommodations as deemed appropriate

The Title IX Coordinator(s) will also (1) consider the Complainant's wishes with respect to Supportive Measures; (2) inform the Complainant of the availability of the Supportive Measures with or without the filing of a Formal Complaint; and (3) explain to the Complainant the process for filing a Formal Complaint.

The investigation procedures set forth in this Policy will typically apply only to Formal Complaints made in accordance with the policy. All other reports of Prohibited Conduct will typically be investigated using the procedures set forth in the Student Code of Conduct or the policies applicable to the employees and faculty, within the discretion of the College.

IV. Formal Complaints of Sexual Misconduct; Supportive Measures

1. Filing a Formal Complaint

A Complainant may file a Formal Complaint of Sexual Harassment against a Respondent by submitting it to the Title IX Coordinator(s) in person, by mail, or by e-mail, by using the contact information listed above. A Formal Complaint must be a document or electronic submission that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. A Formal Complaint must allege Sexual Harassment against a Respondent and request that the College investigate the allegations of Sexual Harassment. Complainants who seek to file a Formal Complaint may choose to use the Formal Complaint form, but are not required to do so.

Reporting Sexual Harassment, whether verbally or in writing, to a Responsible Employee (other than the Title IX Coordinators), or anyone other than the Title IX Coordinators, does not constitute a Formal Complaint.

Where a Complainant desires to initiate the Grievance Process, the Complainant cannot remain anonymous. The Complainant's identity will need to be disclosed to each Respondent. However, the Title IX Coordinator(s) may file a Formal Complaint based on an anonymous report or complaint, which the College will investigate. Where the Title IX Coordinator(s) signs a Formal Complaint, the Title IX Coordinator(s) is not a Complainant or otherwise a Party under this Policy.

Upon receiving a Formal Complaint, the Title IX Coordinator(s) shall:

- promptly contact the Complainant to discuss the availability of Supportive Measures;
- consider the Complainant's wishes with respect to Supportive Measures

2. Emergency Removal

Prior to removing a Respondent from its education program or activity on an emergency basis, Title IX Coordinator(s), Provost of the College and Dean of Students shall: (1) undertake an individualized safety and risk analysis; (2) determine that an immediate threat to the physical health or safety of any student

or other individual arising from the allegations of Sexual Harassment justifies removal; and (3) provide the Respondent and Complainant(s) with notice of the emergency removal and provide the Respondent with an opportunity to challenge the decision immediately following the removal.

A Respondent seeking to challenge a decision ordering emergency removal must submit a written request specifying the reason(s) the emergency removal should be overturned to the Title IX Coordinator(s) within 5 days of receiving notice. A written notification of Title IX Coordinator(s), Provost of the College and Dean of Students' decision as to whether the emergency removal is sustained or overturned will be provided to the Respondent and Complainant(s) within 3 days of receipt of Respondent's written request.

3. Administrative Leave

The College may determine to place a non-student employee Respondent on administrative leave during the pendency of the Grievance Process. The College, in its sole discretion, shall determine whether such leave will be paid or unpaid.

V. Disposition of Formal Complaints & Pre-Investigation Process

1. Initial Review of Formal Complaint; Dismissal

Promptly upon receipt of a Formal Complaint, the Title IX Coordinator(s) shall assess whether the Formal Complaint is to be dismissed on a required or permissive basis.

The Title IX Coordinator(s) must dismiss a Formal Complaint, if any time during the investigation or hearing:

- The conduct alleged in the Formal Complaint would not constitute Sexual Harassment as defined under this Policy, even if proven;
- The conduct alleged in the Formal Complaint did not occur in the College's education program or activity; or
- The conduct alleged in the Formal Complaint did not occur against a person in the United States

The Title IX Coordinator(s) may dismiss a Formal Complaint, if at any time during the investigation or hearing:

- A Complainant notifies the Title IX Coordinator(s) in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;
- The Respondent is no longer enrolled at or employed by the College;
- Specific circumstances prevent the College from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

If the Title IX Coordinator(s) decides to dismiss the Formal Complaint, the Title IX Coordinator(s) shall provide a "Notice of Dismissal" to the Parties simultaneously indicating the reasons for the dismissal. The Parties may appeal the dismissal as described below. Unless the Formal Complaint is dismissed, the Title IX Coordinator(s) shall provide notice of the allegations to the Parties as prescribed by Section B.7., within 7 days after receiving the

Formal Complaint, and shall keep a written record of the reasons for the decision.

The Title IX Coordinator(s) shall assess whether the allegations meet the definition of Sexual Harassment under this Policy before signing a Formal Complaint and shall not sign a Formal Complaint that would require dismissal.

2. Appeal of Dismissal of Formal Complaint

Any Party may appeal a dismissal of a Formal Complaint by submitting a written notice of appeal of dismissal ("Appeal of Dismissal"), explaining the reasons for the appeal, to the Title IX Coordinator(s) within 3 days of receiving the Notice of Dismissal. A Party may appeal dismissal on the following grounds:

- Procedural irregularity that affected the outcome of the determination;
- New allegations or evidence that was not reasonably available at the time the determination regarding dismissal was made, that could affect the outcome of the determination; or
- The Title IX Coordinator(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual Complainant or Respondent that affected the outcome of the determination.

Promptly upon receiving an Appeal of Dismissal, the Title IX Coordinator(s) shall notify all other Parties in writing and provide them with 3 days to submit a written statement in support of, or challenging, the dismissal. The Title IX Coordinator(s) will submit any Appeal of Dismissal to the Provost of the College and Dean of Students for consideration. The Provost of the College and Dean of Students shall consider any Appeal of Dismissal and simultaneously provide the Parties through the Title IX Coordinator(s), with a written decision, including the reason for the decision, within 10 days after receiving the Appeal of Dismissal or additional written statements in support of, or challenging, the dismissal, whichever is later. This decision is final and not subject to further review.

3. Continuing Review

If at any time, the Title IX Coordinator(s) receives information or evidence that may indicate that the Formal Complaint is required to be dismissed or may be dismissed under this Section, they shall assess whether the Formal Complaint is to be dismissed on a required or permissive basis in light of the new information or evidence. If at any time the investigator or member of the Hearing Panel receives information or evidence that may indicate that the Formal Complaint is required to be dismissed or may be dismissed under this Section, they shall immediately notify the Title IX Coordinator(s) and provide the Title IX Coordinator(s) with the new information or evidence, in writing; the Title IX Coordinator(s) shall then assess whether the Formal Complaint is to be dismissed on a required or permissive basis in light of the new information or evidence. If the Title IX Coordinator(s) determines to dismiss the Formal Complaint, the Title IX Coordinator(s) shall follow the procedure relating to dismissals in Section IV.A. However, if the Formal Complaint being dismissed had been consolidated with allegations of sexual or other misconduct under another College Policy, such allegations of sexual or other misconduct may continue to be investigated or adjudicated in accordance with applicable College Policy, which shall be stated in the Notice of Dismissal. If the Title IX Coordinator(s) determines not to dismiss the Formal

Complaint, the Title IX Coordinator(s) shall keep a written record of the reasons the decision.

4. Surviving Allegations after Dismissal of Formal Complaint

If the Title IX Coordinator(s) determines to dismiss a Formal Complaint, but the Formal Complaint alleges sexual or other misconduct that may violate other College policies, the Title IX Coordinator(s) shall communicate in the Notice of Dismissal that the allegations may violate other College policies and will be addressed in accordance with such policies. Generally speaking, the Respondent's identity will determine whether the allegations will be addressed pursuant to the Student Code of Conduct, or the policies applicable to faculty or employees, which the College shall determine at its discretion.

5. Consolidation; Related Allegations

The Title IX Coordinator(s) may consolidate Formal Complaints against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one Party against the other Party (multiple complaints or counter-complaints), where the allegations arise out of the same facts or circumstances. The decision of whether and how to consolidate Formal Complaints is within the Title IX Coordinator(s)' discretion.

The Title IX Coordinator(s) may also consolidate a Formal Complaint with a report or complaint of Prohibited Conduct that may violate this Policy, or a report or complaint of conduct that may violate another College policy, where the allegations arise out of the same facts or circumstances. The decision of whether and how to consolidate a Formal Complaint with a report or complaint of other Prohibited Conduct or conduct that may violate another College policy is within the Title IX Coordinator(s)' discretion.

The Title IX Coordinator(s) shall endeavor to make decisions regarding consolidation as early in the Grievance Process as possible. When the Title IX Coordinator(s) determines to consolidate Formal Complaints or allegations under this Section, the coordinator(s) shall advise the Parties of the consolidation in the Notice of Allegations under Section B.7., or in a writing as soon thereafter as practicable.

6. Notice of Allegations

Within 7 days after a Formal Complaint is filed (or in the event a Party appeals a dismissal, within 3 days of the issuance of a decision reversing the dismissal), the Title IX Coordinator(s) shall provide written notice of the allegations ("Notice of Allegations") to the Parties who are known, which shall include the following:

- (i) Notice of the College's Grievance Process, including its informal resolution process, under this Policy;
- (ii) Notice of the allegations potentially constituting Sexual Harassment as defined in this Policy;
- (iii) Sufficient details surrounding the allegations including the identities of the Parties involved in the incident, if known, the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident, if known;
- (iv) A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the Grievance Process;

- (v) A statement informing the Parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, who may accompany them to any meeting or hearing during the Grievance Process. The statement shall explain that the College shall not limit the choice or presence of advisor for either the Complainant or Respondent in any meeting or hearing during the Grievance Process.
- (vi) A List of the names and titles of available advisors from which to choose, and a statement that the Parties must notify the Title IX Coordinator(S) of their choice of advisor within 10 days of the Notice of Allegations: and
- (vii) A statement informing the Parties that they may inspect and review evidence obtained as part of the investigation that is directly related to the allegations raised in a Formal Complaint, including the evidence upon which the College does not intend to rely in reaching a determination regarding responsibility, and including inculpatory or exculpatory evidence whether obtained from a Party or other source;
- (viii) A statement informing the Parties that the College's Student Code of Conduct and employee and faculty policies prohibit knowingly making false statements or knowingly submitting false information during the Grievance Process.

If the Title IX Coordinator(s) consolidated two or more Formal Complaints, the Notice of Allegations must advise the Parties of the consolidation. Similarly, if the Title IX Coordinator(s) consolidated a Formal Complaint with allegations of Prohibited Conduct under this Policy or other misconduct under another College Policies, the Notice of Allegations include a statement of all the charges, specify all provisions and policies alleged to have been violated, and advise the Parties of such consolidation.

The Complainant and Respondent will be called and asked to come to the Title IX Coordinator(s)' Office to sign and pick up the Notice of Allegations. If the Complainant or Respondent is not in a position to come to the Title IX Coordinator(s) office, the Notice Letter will be sent electronically to the Respondent's provided e-mail. The Title IX Coordinator(s) will "Request a Delivery Receipt" and provide documentation when it has been delivered. The Notice Letter will include the names of the Title IX Hearing Board members assigned to their case. If the Complainant or Respondent believes there is a conflict of interest with any of the Hearing Board Members, they must notify in writing the Title IX Coordinator(s).

7. Amended Notice of Allegations

If, in the course of an investigation or Grievance Process, the College receives additional Formal Complaints or learns of additional information or allegations of sexual or other misconduct that arise out of or relate to the same or related facts or circumstances, the Title IX Coordinator(s) may consolidate those matters and provide an Amended Notice of Allegations to the Parties as soon as practicable. If necessary, the Title IX Coordinator(s) may temporarily pause the proceedings to provide an Amended Notice of Allegations.

8. Respondent Admits Responsibility

If, in the course of an investigation or Grievance Process, the Respondent accepts responsibility for the charges by submitting a written notice to the Title IX Coordinator(s), the investigator will continue and conclude the investigation. In such case, an

abbreviated hearing will be held in order to consider sanctions only; the Respondent alone may choose whether the sanctions will be determined by the Hearing Officer or a Hearing Panel in accordance with Section IV.C. In consolidated cases involving multiple Respondents where only one or some Respondents accept the charges, or in cases the Respondent only accepts some charges but not others, the Grievance Process shall proceed in the ordinary course with regard to the remaining Respondents or charges.

9. Choice of Advisor

The Parties are entitled to an advisor of their choice, who may be, but is not required to be an attorney. The College maintains a list of advisors that are available to the Parties at no cost. Should a Party choose to engage an advisor that the College does not provide, the Party is responsible for any costs and fees for the advisor.

If a Party elects to use an advisor provided by the College, the Party shall notify the Title IX Coordinator(s) within 5 days following receipt of the Notice of Allegations and shall indicate the name of the Party's preferred advisor. A party may list alternate advisors in the event the Party's first choice for advisor is unavailable or otherwise unable to serve as advisor for the Party. If more than one party requests the same College-provided advisor, the Title IX Coordinator(s) shall use a neutral method (such as flipping a coin or placing names in a hat) to determine which Party will be assigned that advisor. If necessary, the Title IX Coordinator(s) will communicate with the Parties to identify alternative advisors.

A Party who chooses to use an outside advisor or attorney may seek to use a different outside advisor or attorney at any time, or may instead seek to request a College-provided advisor, upon written notice to the Title IX Coordinator(s). A Party who chooses to use a College-provided advisor may seek to instead use an outside advisor or attorney at any time, upon written notice to the Title IX Coordinator(s). A Party who chooses to use a College-provided advisor may request a different College-provided advisor at any time by submitting a written request to the Title IX Coordinator(s), including the reasons therefore.

VI. Investigation

After the Complainant and Respondent meet with the Title IX Coordinator(s), the matter will be referred to a Title IX Investigator. The Title IX Investigator(s) (Columbia College faculty or staff members) will conduct a thorough, reliable, and impartial investigation of the reported incident. If the Complainant or Respondent believes there is a conflict of interest with one of the Investigators, they must notify the Title IX Coordinator(s) when initially notified of the names of the Investigators. An investigation should begin within one week of receipt of the initial report and ordinarily should be complete within a reasonable timeframe (i.e. 30 to 45 days). The Title IX investigation and hearing should be completed in a timely manner and as appropriate while balancing the interest of fairness to all parties. Every effort will be made to complete the investigation and hearing within a reasonable timeframe while balancing the interest of fairness to all parties.

1. Evidence and Witnesses

The investigation includes interviewing the Complainant and Respondent, interviewing witnesses, collecting evidence, and creating timelines. However, the investigator cannot access, consider, disclose, or otherwise use a Party's records that are made or maintained by a physician, psychiatrist, psychologist, or other

recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the Party, unless the investigator obtains that Party's voluntary, written consent.

The investigator shall provide at least 5 days written notice to a Party or witness whose participation is invited or expected, including the date, time, location, participants, and purpose of all investigative interviews or other meetings or proceedings.

The Parties shall have an equal opportunity to identify witnesses, including fact and expert witnesses, and to present other inculpatory and exculpatory evidence. The Parties shall not be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence. However, no individual shall attempt to alter or prevent a witness's statement or participation.

2. Investigative Interviews

The Parties shall have an equal opportunity to be accompanied by their advisor in any investigative interview or other meeting or proceeding under this Policy; however, advisors may not speak or participate during an investigative interview. A Party may take brief breaks in order to consult with their advisor. No Party shall have the right to attend, or have their advisor attend, an investigative interview of another Party or witness.

3. Right to Inspect and Review Evidence

The investigator shall provide the Parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a Formal Complaint, including the evidence the investigator does not intend to include in the investigative report, and inculpatory or exculpatory evidence whether obtained from a Party or other source, so that each Party can meaningfully respond to the evidence prior to conclusion of the investigation. Before completing the investigative report, the investigator shall provide to each Party a copy of the evidence for inspection and review in an electronic format or a hard copy. Neither the Parties nor their advisors shall be permitted to disclose or disseminate the evidence to any person who is not a Party or witness or other participant in the Grievance Process. The investigator shall redact from such evidence any information that is not directly related to the allegations (or that is otherwise barred from use by any provision of this Policy, such as information protected by a legally recognized privilege, or a Party's treatment records if the Party has not given written consent). The Parties shall have 10 days to submit a written response, which the investigator will consider prior to completing of the investigative report.

4. Investigative Report

The Investigator(s) shall draft a comprehensive report that includes witness statements, electronic or other records of communications between the parties or witnesses (via voice-mail, text message, e-mail and social media sites), photographs (including those stored on computers and smartphones), and medical records (subject to the consent of the applicable party).

At the conclusion of the investigation, the matter will be referred to the Title IX Hearing Board. The Complainant and Respondent will be given a copy of the Investigator's report at least ten days prior to the

hearing. After receiving the report, the Parties will have 5 days to submit an optional written response to the Title IX Coordinator(s).

5. No Bias or Conflict of Interest

Neither the Title IX Coordinator(s) nor any individuals designated to serve as an investigator, Hearing Board member, or informal resolution facilitator shall have a bias or conflict of interest for or against Complainants or Respondents generally or an individual Complainant or Respondent. A Party may submit a written letter of concern relating to bias or conflict of interest at any time to the Title IX Coordinator(s); however, if the letter of concern relates to the alleged bias or conflict of interest by the Title IX Coordinator(s), the Party shall submit the letter to the Dean of Students. The Title IX Coordinator(s) or the Dean of Students, shall promptly speak with the individual alleged to have a bias or conflict of interest and conduct any other appropriate inquiry into the matter. The Title IX Coordinator(s) or the Dean of Students shall make a determination as to whether the individual alleged to have a bias or conflict of interest shall be removed from their role. If the individual alleged to have a bias or conflict is removed from their role, the Title IX Coordinator(s) or the Dean of Students shall appoint an alternate individual to serve in their place.

6. Investigations of Allegations of Misconduct Other than Sexual Harassment

Allegations of misconduct other than Sexual Harassment will be investigated in accordance with this Section but are not subject to the hearing procedures in Section VI of this Policy; rather, when such allegations are found to be substantiated by the investigator, a decision will be made pursuant to the Student Code of Conduct or policies applicable to faculty or employees, as appropriate.

VII. Title IX Hearing

1. Pre-Hearing Procedures

A. Notice of Hearing

A live hearing will be scheduled to take place no less than 10 days and no more than 30 days after the investigator sends the investigative report to each Party. The Title IX Coordinator(s) shall give all Parties and witnesses at least 10 days' notice of the hearing specifying the date, time, and place of the hearing, or if the hearing is virtual, the access instructions. Any party or witness that is unable to attend the hearing must immediately notify the Title IX Coordinator(s) of the reasons for the inability to attend.

The Title IX Coordinator(s) shall send to the Hearing Officer the investigative report along with the relevant evidence and any timely received written responses to the investigative report at least 5 days prior to the hearing.

B. Questions About Process

All pre-hearing questions regarding hearing procedures shall be directed to the Title IX Coordinator(s). The Title IX Coordinator(s) will share the questions and response with all Parties. During the hearing, procedural questions may be directed to the Hearing Officer.

C. Attendance at Hearing

If the Respondent and/or Complainant fail(s) to appear for a hearing and the Title IX Coordinator(s) has(have), in good faith, exhausted all reasonable efforts to notify the Respondent and/or Complainant, the Title IX Hearing Board shall conduct a hearing in the Respondent's and/or Complainant's absence on the basis of the information made available during the course of the investigation.

Parties are responsible for organizing the attendance of their Advisors. The College will allow release time from work and/or class for appearance at the hearing.

Advisors' participation in hearings is generally limited to cross-examination of the other Party and witnesses, including questions challenging credibility. Only the Advisor(s) can attend the hearing with the party(ies), unless someone else is required by the law. An Advisor(s) can attend the hearing even if the party(ies) they are advising does not attend. If an Advisor and party do not attend the hearing, another provided Advisor can cross-examine the other attending party, resulting in consideration of the appearing party's statement and without any inference being drawn on the non-appearance. If both the Advisors representing the parties are absent from the scheduled hearing, The Chairperson of the Hearing Board has the right to postpone the hearing and recommend a new hearing schedule. If neither Party nor their Advisors is present at the hearing, the Hearing Board will attempt to reschedule the hearing a single time. If neither Party nor their Advisors attend the subsequent hearing, the hearing shall be conducted on the basis of the information made available during the course of the investigation. If a Party does not have an Advisor present at the live hearing, the College shall provide without fee or charge to that Party an advisor, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that Party. At the conclusion of each Party's or witnesses' testimony, the Hearing Officer will ask each Party if their advisor has any additional questions for the Party witness. At that time, advisors may request that the Hearing Officer ask additional questions.

D. Title IX Hearing Board Chair

The Title IX Hearing Board Chair ("Chairperson") is a non-voting member of the Title IX Hearing Board. The Chairperson is responsible for resolving all procedural issues and maintaining the fairness of the hearing by ensuring that the Hearing Board receives all relevant evidence necessary to make its determination. The Chairperson is also responsible for drafting the Outcome Letter (discussed further in subsection IV(H)) at the conclusion of the hearing.

E. Pre-Hearing Submissions

Prior to the Hearing, the parties will provide the Chairperson with a list of witnesses they propose to call, copies of documents and a description of any other information they propose to present at the hearing on or before a date set by the Chairperson. Both the parties will be given equal opportunities to inspect and review any evidence(s) that is directly related to the allegations, including both inculpatory and exculpatory evidence and includes protections for medical treatment records and information subject to a privilege. All evidence will be provided and sent in either electronic form or in hard copy to the parties and their advisors.

F. Pre-Hearing Meeting

The Chairperson will schedule a prehearing meeting prior to the hearing date. At the meeting, the Chairperson will review hearing procedures with the parties, separately or jointly, at the discretion of the Chairperson. The Chairperson will also review the complaint of alleged Prohibited Conduct and review the parties' respective lists of proposed witnesses and advisors to assist them in eliminating redundant information. Thereafter, the Investigator's report will be provided to the Hearing Board in advance of the hearing.

G. Title IX Hearing Board

The Title IX Hearing Board is responsible for:

- I. Hearing all evidence presented;
- II. Making a determination of whether a violation of the Sexual Misconduct Policy has occurred;
- III. If a violation is determined to have been committed by a Student Respondent, imposing a sanction; and
- IV. Communicating its findings in writing to the Complainant and Respondent via an Outcome Letter.

2. Hearing

Hearings shall be conducted by the Title IX Hearing Board according to the following guidelines:

- i. All hearings will be conducted in a manner that is fair to all parties.
- ii. The Respondent is presumed not in violation of the Policy until a violation is determined by the Title IX Hearing Board.
- iii. Live Hearings shall be conducted in private and in 'real-time'. Arrangements can be made so the Complainant, Respondent, and their Advisors are able to attend the hearing at the same time through video conferencing or through other technology. A recording of the live hearing will be made available to the parties to inspect and review.
- iv. Cases involving more than one Respondent will be conducted at the same time. Cases involving more than one Complainant may be consolidated into one hearing at the discretion of the Chairperson. The decision to consolidate will be governed by the relevancy of the evidence and the fairness to both parties.
- v. The Complainant and the Respondent both have the right to be assisted by an advisor of their choosing, who does not appear as a witness during the hearing. Both parties are responsible for presenting their own cases and are not allowed to cross examine parties, witnesses or evidences. Advisors are permitted to cross examine the parties and witnesses. Such cross-examination must be conducted directly, orally, and in real time by the Party's advisor of choice and never by a Party personally. In answering a question, the Complainant or Respondent may seek assistance from the advisor. Advisors may be asked to leave the hearing room if they are disruptive or cause an unreasonable delay in the conduct of the hearing. The Chairperson at the hearing must determine whether each question asked during cross-examination

is “relevant” and whether it violates rape shield law protections—*before* it is answered. The Chairperson will provide on-the-spot explanation for any decision to disallow a question.

- vi. If a Party or witness does not submit to cross-examination at the hearing, the Hearing Board must not rely on any statement of that Party or witness in reaching a determination regarding responsibility; provided, however, that the Hearing Board cannot draw an inference about the determination regarding responsibility based solely on a Party’s or witness’s absence from the live hearing or refusal to answer cross-examination or other questions. This provision does not preclude the Hearing Board from reviewing evidence that may involve the Party or witness who refused to submit to cross-examination for purposes other than relying on a statement of the Party or witness who did not submit to cross-examination in reaching a determination regarding responsibility.
- vii. Admission to the hearing of any person(s) other than the Respondent or Complainant, along with their respective advisor, shall be at the discretion of the Chairperson.
- viii. All procedural questions are subject to the final decision of the Chairperson. The Chairperson may consult with the Title IX Coordinator(s) on procedural issues as the Chairperson deems necessary.
- ix. Statements by parties as part of an investigation who are not cross-examined at the hearing are not used as evidence.
- x. All evidence presented at the hearing, whether through live testimony or writings and exhibits, must be relevant. The Chairperson has the discretion to decide what evidence is admitted and excluded. Evidence of either party’s prior sexual history will not be permitted at the hearing unless it is relevant to the complaint. Evidence of consent on a prior occasion is not evidence of consent in a subsequent occasion.
- xi. The Complainant, the Respondent, the Advisors and the Chairperson shall have the privilege of calling and questioning witnesses, including those presented by the opposing party. Efforts should be made not to call witnesses who present redundant testimony.
- xii. The parties will be given an equal opportunity to present relevant witnesses and other evidence. This includes the following:
 - a. The opportunity to remain silent;
 - b. The opportunity to present relevant witnesses of fact and information on their behalf;
 - c. The opportunity to be informed that any oral or written statements they may make pertaining to the alleged violation may be presented in any subsequent proceedings;
 - d. The opportunity to prepare a written statement concerning the alleged violation(s);
 - e. The opportunity to review all evidence, statements, and the investigative report;

- f. The opportunity to question the Title IX Investigators through the Chairperson; and
- g. The privilege to appeal a decision by the Title IX Hearing Board (See Item H: Appeals).

3. Deliberations

After the hearing, the Title IX Hearing Board shall convene outside the presence of the individuals who participated in the hearing and determine by a unanimous vote whether the Respondent has violated the Policy, which they have been charged in writing with violating. Both parties will be provided with a written determination regarding responsibility explaining how and why the Hearing Board reached the conclusions; the written determination may also include suggestions to implement remedies for the complainant if a respondent is found responsible for sexual harassment. The written determination by the Hearing Board shall also include:

- a. the allegations constituting sexual harassment;
- b. the procedural steps taken from the receipt of the formal complaint through the determination;
- c. findings of fact supporting the determination;
- d. conclusions regarding the application of this Policy to the Facts;
- e. a statement of, and rationale for, the result as to each allegation; including a determination regarding responsibility, any disciplinary sanctions the Hearing Panel determines to impose on the Respondent, and whether Supportive Measures will be provided for the Complainant; and
- f. procedures and permissible bases for appeal

If the charges in the Notice of Allegations or Amended Notice of Allegations included other charges of Prohibited Conduct under this Policy or of other misconduct under another College Policy that were consolidated in the same proceeding, the Written Determination shall also provide a statement of and rationale for the result as to each additional allegation and what sanctions, if any, are being imposed.

If an appeal is not timely filed, the determination regarding responsibility becomes final on the date on which the appeal would no longer be considered timely. If an appeal is timely filed, the determination regarding responsibility becomes final on the date that the Title IX Coordinator provides the Parties with the Appeal Decision.

4. Standard of Proof

Columbia College adopts the “preponderance of the evidence” as the standard for its Title IX policy and procedure. A preponderance of the evidence means that the information shows that it is “more likely than not” that the Respondent violated this Policy. In the context of a hearing hereunder, the Respondent will be found to be responsible for the alleged Prohibited Conduct if the Panel, by a unanimous vote, concludes that such Prohibited Conduct more likely than not occurred based upon careful review of all information presented.

5. Record of Hearing

There shall be a single verbatim record, such as an audio recording, of all hearings before the Title IX Hearing Board. The record shall be the property of the College. All records of the Title

IX proceeding will be kept secured for at least seven years with the College. Parties are not permitted to make their own recordings.

VIII Informal Resolution

Subject to voluntary consents from both the Complainant and Respondent, the College allows the complaint to be resolved informally. Voluntary consent means that there will be no conditions placed on the parties in exchange for their consent — i.e., there will be no conditional promise of continued enrollment or employment in exchange for consent to informal resolution. Informal resolution processes is an alternative to a full investigation and adjudication of the formal complaint. The College will not offer informal resolution to the parties unless a formal and written complaint is filed or lodged with the Title IX Coordinator(s). Informal resolution is not allowed to proceed in case of Complainant being a student and Respondent is either a faculty, staff or Trustee. Either party has the right to withdraw from informal resolution and request to resume a grievance process at any time before agreeing to a resolution. Informal resolution does not equal no sanction and sanctions listed under Section 9 of this document can be a sanction proposed as part of an informal resolution process as can also be lesser sanctions. The suggested sanction(s) through the informal resolution process, shall be imposed if both parties agree to it as part of the resolution. Without prior written consent(s) from the party(ies), the College will not consider, disclose or otherwise use any medical treatment or other information. The College also protects any legally recognized privilege from being compromised or pierced during the informal resolution process.

When the Parties have indicated to the Title IX Coordinator(s) their assent to engage in an informal resolution process, the Title IX Coordinator(s) shall provide the Parties with a written notice of informal resolution (“Notice of Informal Resolution”) which shall include:

- (i) a statement of the allegations;
- (ii) a statement that no Party is required to participate in an informal resolution process;
- (iii) a statement that any Party may withdraw from the informal resolution process and resume the Grievance Process with regard to a Formal Complaint arising from the same allegations at any time prior to signing a resolution agreement;
- (iv) a statement that the Parties are required to keep all information and communications relating to the informal resolution process confidential both during and after the informal resolution process;
- (v) a statement that any statements or admissions disclosed during the informal resolution process shall remain confidential and shall not be used in a subsequent investigation or proceeding arising out of the same or any other Formal Complaint;
- (vi) a statement that records relating to the informal resolution process will be maintained by the Title IX Coordinator(s) and may only be shared or disclosed in accordance with this Policy, FERPA and other applicable federal or state laws;

- (vii) a statement that notwithstanding the confidentiality requirements of the informational resolution process, should the informal resolution process fail to satisfactorily resolve the matter, or if any Party withdraws from the informal resolution process, no Party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence after the matter is referred back to the Title IX Coordinator(s) for investigation or adjudication under this Policy;
- (viii) a statement that all Parties must provide their voluntary, written consent to engage in to the informal resolution process to the Title IX Coordinator(s);
- (ix) a statement that a record of the outcome, including a resolution agreement, if any, will be maintained by the Title IX Coordinator(s); and
- (x) A statement that should the informal resolution process fail to satisfactorily resolve the matter, or if any Party withdraws from the informal resolution process, the matter shall be promptly referred back to the Title IX Coordinator(s) for investigation or adjudication under this Policy.

Upon receipt of each Party’s voluntary written consent to participate in an informal resolution process, the Title IX Coordinator(s) shall refer the matter to an informal resolution facilitator. The informal resolution facilitator shall promptly contact the Parties in writing to commence the informal resolution process, which may occur in person or virtually.

The College is not required to provide the Parties with advisors prior to entering into an informal resolution process, nor must it ensure that the Parties confer with advisors prior to entering into an informal resolution process. Advisors are not permitted to participate in an informal resolution process.

In the event a Formal Complaint is not resolved by way of an informal resolution process, the informal resolution facilitator shall not serve as a witness in a related investigation or hearing.

Outcomes of an informal resolution process may include, but are not limited to, any of the following (or any combination thereof):

- Make the Respondent aware that the Respondent’s behavior is being perceived as Sexual Harassment, and make clear that the behavior is prohibited by this Policy;
- Make the Respondent aware that the purpose of this discussion is to achieve a change in behavior;
- Make clear that Policy forbids any Retaliation against the Complainant, or against anyone who participates in any process under this Policy.
- Suggest possible resolutions of the problem, including but not limited to: a change in the offensive behavior, counseling, an apology to the Complainant, a reevaluation of a grade, extension of deadlines or other course-related adjustments, modifications of work or class schedules, leaves of absence, campus escort services, increased security and monitoring of certain areas on campus, mutual restrictions on contact between the Parties or a

change in the relationship between the Parties (i.e., changed advisor, class enrollment, athletic travel or hotel accommodations, or work or housing assignments);

- Provide or continue Supportive Measures for the Complainant;
- Disciplinary measures designed to educate or deter further inappropriate conduct by the Respondent.

A resolution reached by way of an informal resolution process shall become final and binding upon all Parties signing a resolution agreement. Any resolution agreement shall be reduced to a writing signed by the Parties and the informal resolution facilitator as witness, and shall continue the requirement that the Parties keep all information and communications relating to the informal resolution process confidential. Any resolution agreement may contain additional confidentiality requirements as agreed by the Parties.

The informal resolution process should be completed within 10 days of the time a Notice of Informal Resolution is sent to the Parties. Should the informal resolution process fail to satisfactorily resolve the matter, or if any Party withdraws from the informal resolution process, the matter shall be promptly referred back to the Title IX Coordinator(s) for investigation or adjudication under this Policy.

IX. Sanctions

1. Where the Respondent is a Student

Prior to considering sanction, both parties will have an opportunity to address the hearing panel, via either a victim impact statement or a mitigation statement. The Title IX Hearing Board is required to consider suspending or expelling any person found responsible for violating the Sexual Misconduct Policy and removing them from the residence hall if the student lives on campus. Such suspension/expulsion sanctions will be reflected on the student's transcript as "disciplinary suspension" or "disciplinary expulsion." However, the Title IX Hearing Board may impose any other sanction(s) that it finds to be fair and proportionate to the violation(s) and the attending circumstances. Matters that may be considered when deciding on the appropriate sanction include:

1. The record of past violations of any College policy, as well as the nature and severity of such past violations;
2. The acknowledgment of wrongdoing by and the commitment of the Respondent to conform their conduct to acceptable standards in the future;
3. If the Respondent poses a continuing risk to the Complainant and/or College community;
4. The impact on the Complainant;
5. The impact on the College community; and
6. The severity or pervasiveness of the violation.

Sanctions imposed by the Title IX Hearing Board are not final until the resolution of any timely appeal of the decision. If advisable to protect the welfare of the Complainant or the College community, the Title IX Hearing Board may determine that any probation, suspension, or expulsion be temporarily enforced and continue in effect until such time as the appeal process ends or the time for appeal expires.

2. Where the Respondent is an Employee

The Employee Grievance Board will determine the sanction when an Employee is found to be in violation of this Policy. The

Chairperson shall forward the Outcome Letter (discussed in subsection H) to the Grievance Board within three days of the conclusion of the hearing. The Grievance Board shall convene a hearing within two days of receiving the Outcome Letter. Prior to considering sanction, both parties will have an opportunity to address the Grievance Board, via either a victim impact statement or a mitigation statement. In addition to the factors outlined in subsection IV(G)(1), the Grievance Board will be governed by Title VII and any applicable contractual provisions. The Grievance Board will then draft a written statement of sanctions imposed, which it will forward to the Complainant and Respondent.

3. Where the Respondent is a Trustee

The Board of Trustees will determine the sanction when a Trustee is found to be in violation of this Policy. The Chairperson shall forward the Outcome Letter (discussed in the following subsection) to the Board of Trustees within three days of the conclusion of the hearing. The Board of Trustees shall convene a hearing within two days of receiving the Outcome Letter. Prior to considering sanction, both parties will have an opportunity to address the Board of Trustees, via either a victim impact statement or a mitigation statement. In addition to the factors outlined in subsection IV(G)(1), the Board of Trustees will be governed by the Columbia College Bylaws. The Board will then draft a written statement of sanctions imposed, which it will forward to the Complainant and Respondent.

4. Notification Regarding Title IX Hearing Board Decision

The Complainant and Respondent (and the applicable Boards as referenced in subsection IV (G)) will be notified in writing of the outcome of the Title IX hearing via an Outcome Letter. The Outcome Letter will provide the Respondent's name; the violations of this Policy for which the Respondent was found responsible, if any; any essential findings supporting the Panel's decision on the issue of responsibility; and in the case of a Student Respondent, the sanction imposed, if any.

The Respondent and Complainant will be asked to pick up and sign for the Outcome Letter from the Title IX Coordinator's Office. Information for the appeals process will be included in both parties' letter. The College will not require a party to abide by a nondisclosure agreement, in writing or otherwise, that would prevent the re-disclosure of information related to the outcome of the proceeding.

5. Appeals

1. A decision or sanction may be appealed by the Respondent or Complainant within five business days of the date of the Outcome Letter. Such appeals shall be in writing and shall be delivered to the Title IX Coordinator(s), who will forward the appeal to the President for consideration. The President may refer the appeal to the Board of Trustees of the College, as set forth in the Columbia College Bylaws.
2. Within 3 days of receiving any Appeal of Determination, the Title IX Coordinator(s) will conduct an initial review to determine if it is timely. If the appeal is not timely, the

original Written Determination will stand and the decision is final, and the Parties shall be notified in writing. The Title IX Coordinator(s) shall promptly provide copies of all Appeal of Determinations and additional written statements to all other Parties. After the 5-day period, the Title IX Coordinator(s) will submit the Appeal of Determination, and any additional written statements to the Appellate Officer for consideration.

3. An appeal shall be limited to review of the verbatim record of the initial hearing and supporting documents for one or more of the following purposes:
 - a. A procedural defect that would very likely impact the outcome of the matter;
 - b. Newly acquired evidence that was not previously available that would affect the outcome of the matter; and
 - c. Bias or conflict of interest that impedes the procedure and influence the outcome.

The disciplinary sanction will remain in place during the appeal process.

X. FERPA and Title IX

According to the Department of Education's 2001 Guidance, FERPA (The Family Educational Rights and Privacy Act) permits a school to disclose to the Complainant student information about the sanction imposed upon the Respondent(s) who were found to have engaged in Prohibited Conduct when the sanction directly relates to the Complainant. This includes an order that the Respondent stay away from the Complainant or that the Respondent is prohibited from attending school for a period of time or transferred to other classes or another residence hall.

XI. Other Considerations

1. Confidentiality

The College must keep confidential the identity of Complainants, Respondents and witnesses, except as may be permitted by FERPA, as required by applicable law or as necessary to carry out a proceeding under this Policy. To the extent disclosure of the identity of Complainants, Respondents, or witnesses is required by applicable law or is necessary to carry out a proceeding under this Policy, the College will make such disclosure only to the extent necessary.

Parties, advisors, and witnesses are prohibited from photographing, scanning or recording by audio, video or other means the evidence, or disseminating the evidence to third Parties or to the public. Should dissemination become necessary for litigation or other legal proceedings, the individual contemplating disclosure must advise all relevant Parties or other interested participants in writing of the pending disclosure and allow a reasonable time for such persons to contest the disclosure.

The Title IX Coordinator(s) may, within their discretion, require the Parties, advisors, or witnesses to sign appropriate non-disclosure agreements.

The College retains the discretion to determine what additional measures, if any, are reasonably appropriate to

allow the Parties to respond to and use the evidence at a hearing, while preventing the evidence from being used in an impermissible manner as long as such measures apply equally to both Parties and do not restrict the ability of a Party to discuss the allegations under investigation or to gather and present relevant evidence. For example, such measures may be used to address sensitive materials such as photographs with nudity.

Nothing in a non-disclosure agreement, or in this Section or any other Section of this Policy, shall restrict the ability of a Party to discuss or communicate about the allegations under investigation (e.g., with a parent, friend, or other source of emotional support), or to gather and present relevant evidence.

1. Access to Records

Parties may request access to records under this Policy by submitting such request in writing to the Title IX Coordinator(s). In considering such requests, The Title IX Coordinator(s) shall assess the request in light of FERPA and any other applicable federal or state laws. If the request is granted, the Title IX Coordinator(s) may grant the requesting Party the opportunity to review and inspect such records, which may be made available in redacted form. The Title IX Coordinator(s) shall respond to requests for access to records within 25 days.

2. Interpretation and Construction

The headings and subheadings employed in this Policy are provided for ease of reference only, and shall not be construed to limit the rights and responsibilities set forth in this Policy. In all cases, this Policy shall be interpreted consistent with the spirit and purpose of Title IX.

3. Timeframes and Deadlines

The timeframes prescribed under this Policy may be subjected to limited extension of time frames for good cause upon written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a Party, a Party's advisor, or a witness, concurrent law enforcement activity, or the need for language assistance or accommodation of disabilities. Decisions relating to extensions and delays shall be made by the Title IX Coordinator(s).

When any deadline or prescribed time period under this Policy falls on a Saturday, Sunday or holiday recognized by the College, the deadline or prescribed time period shall be extended to the next business day.

POLICY STATEMENT ON THREAT OF HARM TO SELF OR OTHERS

The College is concerned about the well-being of all students and desires to provide for the safety of those on its campus and to maintain a positive academic environment. Students' mental and emotional stability is a primary concern for the College. The College takes seriously any behavior, including a verbal statement that tends to demonstrate a student may harm oneself or another. This policy has been created to outline the medical and psychological response for students currently enrolled at Columbia College. This policy is applied in a nondiscriminatory manner to all students and allows

the College to take interim steps to address immediate safety concerns. The determination to implement this policy will be based on observed student conduct, actions, or statements and individualized assessments by designated professionals will be utilized in each situation.

Concern for the safety of each member of the Columbia College community has compelled the College to adopt the following policy. Any student who **(a) states an intent or desire to harm oneself or another, (b) attempts to harm oneself or another, (c) harms oneself or another, or (d) exhibits behavior that indicates the student could be a danger or risk to oneself or another or engages in disruptive behavior** may not live in College residential facilities, participate in College academic programs, or participate in other College activities the College may deem to be harmful to the student or others until cleared to do so by the Vice President for Student Affairs and Dean of Students or their designee in accordance with the clearance procedure set forth below. College activities may include College work-study programs on or off campus. The College reserves the right to determine what actions might be deemed as harmful to the student or another and what behaviors might be deemed as disruptive. The prohibition against living in College residential facilities, participation in College academic programs, or participation in other College activities the College deems to be harmful to the student or others is not disciplinary in nature; and the fact that such a prohibition has been imposed will not be entered in the student's disciplinary records. **However, if the student engages in disruptive behavior (which may include, but is not limited to, the behavior that caused processing under this policy), fails to comply with the terms of the clearance procedure, or violates a College policy such as harming another or stating the intent to harm another, the student may be subject to disciplinary action in accordance with the Student Conduct Code.** In which case, documents relevant to both processes may be placed in the student's disciplinary record.

Incident Reporting

In order to provide for the safety and security of students and maintain an atmosphere conducive to the pursuit of knowledge, when a student, faculty, or staff member becomes aware of a situation suggesting either a suicide attempt or suicidal threat may occur or has occurred, the following incident reporting procedures should be followed:

1. If the student has recently engaged in or is currently engaging in medically life-threatening behavior, contact Columbia College Police Department at 803-786-3333 immediately. IF A WEAPON IS INVOLVED NOTIFY COLUMBIA COLLEGE POLICE DEPARTMENT OF THIS BEFORE THEY ARRIVE.
2. CCPD will contact EMS for an emergency transport to the Emergency Department.
3. The student's Emergency Contact on file with the College will be contacted.
4. Students making a suicide attempt or threat will be required to: (A) Receive an evaluation by a qualified mental health professional/hospital staff in an Emergency Department before returning to campus.
5. A student may be allowed to come back to campus for class and the residence hall (if applicable) after providing Counseling Services with the hospital discharge paperwork, signed by a mental health professional/hospital staff member. If a student disagrees with the terms, they may appeal to the Vice President for Student Affairs. If the student does not agree with the decision of the Vice President for Student Affairs, the student may appeal to the President and to the College's Board of Trustees, through the President.
6. If there is self-destructive behavior that is not imminently endangering nor constitutes a medical emergency, but is

alarming, immediately refer the student to the most appropriate campus resource – Counseling Services, the Vice President for Student Affairs and Dean of Students, the Area Coordinator On-Call, or the Administrator On-Call. If after hours, the student may be required to seek help off campus.

7. Students who make a threat of harm to self or others must meet with the Vice President for Student Affairs & Dean of Students within 24-business hours of their return to campus.

Initial Incident Review

The Vice President for Student Affairs and Dean of Students, or designee, may consult with witnesses, police, or other relevant resources or staff members as deemed necessary, to review the reported incident.

(a) Where the available information does not support a reasonable conclusion that a risk of threat of harm to self or others exists, or that the reported behavior is not disruptive, the matter shall be closed and no further action taken under this policy. The matter may be referred to other authorities as appropriate.

(b) Where the available information supports a reasonable conclusion that a risk of threat of harm to self or others exists, or that the exhibited behavior has or is reasonably likely to be disruptive, the Vice President for Student Affairs and Dean of Students shall proceed under this policy.

Clearance Procedure Following Risk of Threat of Harm to Self or Others

(a) Notice

The Vice President for Student Affairs and Dean of Students, or any College official designated by the Vice President for Student Affairs and Dean of Students, may notify each student who has been observed (a) stating an intent or desire to harm oneself or another, (b) attempting to harm oneself or another, (c) in the process of harming oneself or another, or (d) exhibits behavior that indicates the student could be a danger or risk to oneself or another or that is disruptive, that they will not be permitted to continue to live in the College's residential facilities, participate in academic programs, or participate in other College activities the College deems to be harmful to the student or harmful or disruptive to others until the student receives approval of the Vice President for Student Affairs and Dean of Students in accordance with this clearance procedure. If, after a student has been notified that they cannot live in the College's residential facilities, participate in the College's academic programs, or participate in other College activities, they violate the prohibition by entering a residence hall, attending class, or participating in an activity that has been prohibited, such violation may result in disciplinary action in accordance with the Student Code of Conduct.

(b) Evaluation by a Qualified Mental Health Professional

Before the Vice President for Student Affairs and Dean of Students may clear a student to live in the College's residential facilities, participate in the College's academic programs, or participate in other College activities, the student must have a psychiatric assessment performed by a qualified mental health professional, such as a psychiatrist, psychologist, social worker or clinical mental health counselor. The student may choose the mental health professional. Cost, if any, for evaluation and treatment will be the responsibility of the student. It is possible that the assessment may include the requirement that the student have an additional assessment by a physician before the final assessment can be completed.

(c) Communication of Results of Evaluation to the Vice President for Student Affairs and Dean of Students

The student must arrange for the mental health professional who evaluated the student to contact the Vice President for Student Affairs and Dean of Students. Because the student's contact with the professional is confidential, the student will be requested to sign a release form permitting the mental health professional to disclose

the evaluation to the Vice President for Student Affairs and Dean of Students.

The mental health professional will be asked to provide an evaluation about the overall level of the student's risk or harm to self or another and whether the student can resume some or all activities without disrupting those activities. Recommended reasonable accommodations for the student will be reviewed and considered, and further information from the mental health professional may be requested.

Based on the mental health professional's evaluation, the Vice President for Student Affairs and Dean of Students will determine:

(1) the student's readiness to resume living in the College's residential facilities, participation in the College's academic programs, or participation in other College activities the College had previously deemed to be harmful to the student or others; and
(2) conditions the College should impose on the student's participation that are in the student's best interest; and
(3) conditions the College should impose on the student's participation because, in the opinion of the Vice President for Student Affairs and Dean of Students, in consultation with others, the student's behavior has been disruptive to the educational pursuit of others.

The evaluation of the mental health professional may be communicated orally at first for expedience but must be followed in writing.

(d) Approval from the Vice President for Student Affairs and Dean of Students

Based upon the results of the evaluation by the mental health professional that may include a physician's assessment and/or recommendation, the Vice President for Student Affairs and Dean of Students will make a decision about the student's fitness to resume living in the College's residential facilities, participation in the College's academic programs, or participation in other College activities the College. All students placed under this policy must meet together with the Vice President for Student Affairs and Dean of Students and the Director of Counseling Services. In some cases, the Vice President for Student Affairs and Dean of Students may require an interview with the student prior to making a decision about clearing the student under this policy.

(e) Appeal of the Decision

In the event that the Vice President for Student Affairs and Dean of Students has determined that the student is not fit to return to College academic programs, residential facilities, or other College services or programs at this time, the student has the right to:

(1) meet with the Vice President for Student Affairs and Dean of Students to hear why the student has not been cleared under this policy and what steps the Vice President for Student Affairs and Dean of Students recommends the student take in order to receive clearance under the policy.
(2) file an appeal to the President if the student believes that the decision rendered by the Vice President for Student Affairs and Dean of Students was arbitrary or capricious. The appeal shall be made in writing within three business days of the student receiving the decision. The President shall review the written appeal. If the President finds a lack of substantial evidence to support the decision rendered by the Vice President for Student Affairs and Dean of Students, or that the decision was so contrary to the weight of the evidence that it was arbitrary and capricious, the President may modify the decision. The decision of the President is final.

RETALIATION POLICY

No student may retaliate in any way against any other member of the College community for making an initial report about the possible violation of College policy or outside law by said student, for providing any information about the possible violation of policy or law in the subsequent investigation, or for any decision made by that community member as a representative of a judicial body. Acts

of retaliation include, but are not limited to, physical acts or other acts that provide a risk or endangerment of the community member's health and well-being, harassment or stalking of the community member, damage to the community member's physical possessions/property or physical space, acts that affect that community member's academic work or employment, and acts that negatively affect the reputation of the community member.

MEDICAL AMNESTY POLICY

Although alcohol and illegal drugs/substance(s) use is not allowed on College property or off-campus outside of the confines of local, state, and federal laws, the College also wishes to ensure the safety of its students. If the health and well-being of a student is of concern, those present with the student of concern are encouraged to seek medical assistance and/or the assistance of CCPD for the student of concern, regardless of the use of alcohol and/or illegal drugs/substance(s) by the student of concern and/or the student(s)' reporting.

As long as the situation is actively reported and not discovered after the fact, any student involved in this incident (student of concern and student(s) reporting) will not face judicial proceedings and sanctions, regardless of the use of alcohol and/or illegal drugs/substances by any or all parties. Those parties involved with alcohol and/or drug/substance use illegally will be required to seek an outside alcohol and/or illegal drug/substance abuse assessment, at cost to the student. However, no judicial proceeding or sanction will be listed on the student(s)' judicial records, unless the student(s) refuses to provide proof of the required assessment.

Repeated use of this Medical Amnesty Policy, by either the student of concern or the student reporting (if also having used alcohol drugs in previous situation) may result in judicial proceedings and sanctions.

Any decision(s) made by outside law enforcement in regards to the reported medical concern and possible violation(s) of alcohol and illegal drug/substance law(s) are separate from this Medical Amnesty Policy.

ALCOHOL AND DRUG POLICY

Columbia College is a drug- and alcohol-free institution. (Some approved College events are exempt from the alcohol policy.) The unlawful manufacturing, distribution, dispensation, possession, and use of alcohol, illegal drugs or controlled substances, including synthetically produced stimulants or depressants, and alcohol and drug paraphernalia are against our Student Code of Conduct and state and federal law.

No Columbia College student, whether on campus or at a College sponsored activity not pre-approved for the serving of alcoholic beverages (refer to "Off-Campus Alcohol Policy"), shall engage in using, selling, bartering, loaning, giving, procuring for or furnishing for another, keeping or transporting for sale, directly or indirectly, any illegal drug, drug paraphernalia, or alcoholic beverage. All students are responsible for the contents of their vehicles, residence hall rooms, and personal property. Students who violate any policy listed in the Student Code of Conduct related to alcohol and drugs are subject to College judicial processes outlined in the *Student Handbook*. Parents or legal guardians may be notified of sanctioning for alcohol or drug offenses of students under the age of 21, as is allowed by the Family Educational Rights and Privacy Act (FERPA).

Alcoholic beverages may only be served with authorization by the President for certain events, sponsored by a college

department/division or an off-campus facility renter. A TIPS certified bartender, contracted through Sodexo, must open and pour.

Alcohol at Off-Campus Events

Off-campus events sponsored by a student group at a site where alcohol is served must be registered with and approved by the Office of Student Activities. Publicity for an event may not be distributed before the event has been approved. In addition, publicity cannot refer to the availability of alcoholic beverages. If the event is approved, the president and the advisor of the student organization are required to meet with the Director of Student Activities to discuss safety precautions. For student organizations, funding from both restricted and unrestricted sources cannot pay for alcoholic beverages.

In accordance with the Student Code of Conduct, all alcohol used at these approved off-campus events should be done legally and public intoxication is not allowed. Any violation of the Student Code of Conduct, by an individual student and/or organization, may result in judicial proceedings.

Counseling and Treatment

With commitment to the wellness concept, Columbia College offers alcohol, tobacco, and other drug education, intervention, and referral. Substance abuse resources are available to students through Counseling Services. A student who feels they have a problem or wants information may seek confidential counseling. A full-time counselor is available for individual or group counseling or for referral for off-campus treatment.

Recognizing that education is essential to substance abuse prevention, special educational events, college orientation programs, and guest speakers will encourage appropriate behavior concerning alcohol and other drugs.

Health Risks

Drug or alcohol abuse can cause damage to body organs, physiological processes, mental and emotional health, or even cause death. In addition, drug or alcohol abuse may cause harm to others. Stimulants such as cocaine can cause heart attacks, seizures, lung damage, severe depression, paranoia, or sudden death. The use of cocaine in any one of its many forms is highly addictive. Marijuana can cause memory loss, lung damage, disorientation, and hyperactivity. Hallucinogens such as LSD, PCP, and mescaline can cause emotional instability, hallucinations, and convulsions. These symptoms can reoccur over long periods of time after ingesting the chemical. Narcotics such as heroin and opium can produce coma,

convulsions, and death. The paraphernalia used to administer these drugs can lead to hepatitis, infections, and AIDS. Depressants such as barbiturates can produce drunken behavior, disorientation, delirium, and death due to cardiac arrest.

Blood Alcohol Concentration (BAC)

Blood Alcohol Concentration (BAC) refers to the amount of alcohol in an individual's bloodstream. A person's size, gender, weight, fat content, and amount of food in the stomach will affect the absorption of alcohol into the bloodstream. The predominant factor in absorption is the metabolism of alcohol by the liver. When alcohol enters the bloodstream, 95 percent is metabolized by the liver and five percent is excreted in breath, sweat, and urine. The liver takes about one hour per drink to clear the body of alcohol. The following can help you estimate approximate Blood Alcohol Concentration. Remember, just one drink can impair your skills and judgment. It is risky to operate any machinery or engage in any activity that requires concentration and alertness after drinking any amount of alcohol.

Influences on Blood-Alcohol Concentrations

- The more you drink, the more intoxicated you become.
- Larger and heavier people will not become intoxicated as fast as those of smaller stature, simply because they have more blood to dilute the alcohol.
- The faster you drink, the faster the alcohol is absorbed. Pace is extremely important in drinking responsibly.
- Women and men, equal in weight and tolerance, do not get intoxicated at equal rates; women become intoxicated faster. Because women have less fluid and more fatty tissue than men, the alcohol does not become as diluted; therefore, it is absorbed faster. In addition, a woman's menstrual cycle influences absorption. In the premenstrual phase, a woman absorbs alcohol more rapidly, so she becomes intoxicated faster. It has also been found that women who are using birth control pills absorb alcohol more rapidly, once again causing higher blood-alcohol concentrations.

Pregnancy

Mothers who drink alcohol during pregnancy may give birth to infants with Fetal Alcohol Syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

Patterns of Alcohol Abuse

Dependence on a substance can be as subtle as a cup of coffee "to start the day" or a drink to "unwind." Either way, the person is still dependent on that substance to alter their mood. A lot of people find it difficult to tell the difference between problem drinking, social drinking, and alcoholism.

The important thing to remember is that substance abuse develops through a pattern of several stages. The more of these signs a person exhibits, the more severe the problem.

- Alcoholic beverages are consumed in moderation; for example, a glass of wine at dinner, a beer or two at a party.
- Alcohol consumption supplements other primary activities.

Problem Drinking

- Occasional to frequent consumption to intoxication.
- Difficulty with relationships.

- Becoming sick/hungover.
- Psychological dependence begins; must drink to have fun.
- Aggression/getting into fights.

Early Stage Dependency

- Frequent drinking to intoxication. Occasional solitary drinking.
- Drinking at inappropriate times. Blackouts—forgetting all or part of what happened while drinking.
- Hard to stop drinking after the first drink. Drinking becomes a way to escape problems and relieve tensions, anxiety, and inhibitions.

Middle Stage Dependency

- Harder to get alcohol-induced high regardless of quantity consumed.
- Conceals drinking. Hiding or covering a drink or lying about amount consumed. Avoids talking about alcohol and gets upset if someone brings up the subject.
- Has guilt feelings.
- Blackouts increase. e. Drinks in the morning and often alone.

Late Stage Dependency

- Drinking becomes primary activity. Consistent heavy drinking.
- Further denial of drinking activity and alibis for behavior.
- Pressure from family and friends to stop drinking.
- Work, financial, and legal problems.
- Guilt and remorse.
- Development of other health problems such as ulcer.

Care of an Intoxicated Person

This list provides practical tips for immediate care, but is not exhaustive.

Do not

- Do not give the person any food, liquid (coffee or caffeine), or drugs (not even aspirin) to sober them up. Only time will sober up an intoxicated person.
- Do not give the person a cold shower—the shock may cause the person to pass out, injuring themselves.
- Do not try to walk, run, or exercise the drunk person.
- Do not attempt to constrain the person.
- Do not leave a drunk person alone. Stay with them, but do get help if necessary.

Do

- Do keep the person comfortable (however, don't reinforce drinking behavior).
- Do talk quietly and calmly to the person. If the person is in bed or lying down, do make sure the person is lying on their side, not their back, and monitor breathing. If the person has difficulty breathing or is unconscious (if she/he does not wake up after a shout or a pinch) or if you have any doubt, do get help!
- Remember: A severely intoxicated person is helpless and must be cared for. In case of emergency, call Columbia College Police Department or the residence hall staff member on duty.

ANIMALS ON CAMPUS POLICY

Columbia College strives to promote a safe and healthy living, learning, and working environment. Consequently, animals, except for fish in a tank no larger than 10 gallons, are prohibited from all residence halls and academic and administrative buildings.

Exceptions to this policy are animals used in the service of a person with a disability, animals approved for emotional support (residence halls only), animals used in classroom instruction, or those animals as described in the following sentences. Students, employees, or guests may walk leashed animals on outdoor college property under the following conditions: the animal does not have a history of aggression, the animal is accompanied by an adult at all times; and the adult cleans up after the animal. Any student, employee, or guest of the college assumes full legal responsibility for the animal in their possession while on college property, including damage to property or injury to persons.

ANIMAL FEEDING POLICY

Leaving food or water on campus grounds for the purpose of feeding animals is prohibited. This practice may attract wild and feral species, which in turn may create a health risk.

RESIDENCE HALL POLICIES

All residents and their guests are expected to adhere to College and residence hall policies. Residents will be held responsible for the actions of their guests. In addition, guests that are Columbia College students, but not residential students will be held responsible for their own actions.

In addition to the following policies, students should consult their Housing Contract and the *Student Handbook* for a detailed statement of the terms and conditions regarding campus housing. Violations of the terms and conditions of the Housing Contract, Student Code of Conduct, and/or the Residence Life Policies listed in this *Student Handbook* may result in judicial action.

1. Residency Requirement

- A first-time college student in the Undergraduate Day College (21 years of age or under) is required to live on campus during the first two years of enrollment at Columbia College (note that students who enter Columbia College directly from high school and have earned dual enrollment college credit are considered "first-time college students" at Columbia College).
- A first-year or second-year student may choose to live off campus if they are living with a legal guardian within Richland or Lexington Counties and are living at the address on record with the College as their permanent address.
- First-year and second-year students who are married will also be exempted from the residency requirement but may be asked to submit verification.
- First-year and second-year students who are living with dependents will also be exempted from the residency requirement but may be asked to submit verification.
- All other exceptions to the residency requirement must be requested in writing and will be reviewed and approved by the Director of Residence Life and Housing and/or a committee. A form requesting an exemption to this requirement is available through the Office of Residence Life & Housing.
- All first-year and second year students who do not meet the above stated exemptions or who do not have an approved exemption form turned in by August 1 of the current year will

be given a residence hall assigned space and the appropriate housing and board fees will be added to the student's account accordingly.

2. How to Apply for College Housing

- A. All requests for on-campus housing for incoming first-year or transfer students are made to the Office of Residence Life and Housing, via the Office of Admissions.
- B. Students who are currently enrolled and who seek residence hall placement should go to the Office of Residence Life and Housing in the Student Union.
- C. Assignment to on-campus housing is based upon acceptance of the Housing Contract, completion of a housing application, submission of the Initial Housing Payment, and availability.

3. Eligibility & Process: Residence Hall Placement

- A. Students must be enrolled as a full-time undergraduate student in the Undergraduate College at Columbia College. Full-time status is defined as enrollment for 12 or more credit hours per semester or its equivalency. Individual housing eligibility is non-transferable.
- B. Resident students fulfilling approved student teaching or internship requirements or who are in the final semester of their senior year may not meet full-time enrollment standards but are eligible for residency during that period if approved by the Director of Residence Life and Housing.
- C. Graduate and evening college students are eligible to stay in residential housing, but they must be at full-time status. Undergraduate day students will be given precedence when it comes to receiving housing assignments.
- D. Part-time students may be granted eligibility by the Director of residence Life and Housing on a case-by-case basis.
- E. Students must complete and submit the following:
 - 1. Housing Application Form
 - 2. Housing Contract
 - 3. Initial Housing Payment (as determined by Director of Residence Life & Housing)
- F. Room assignments for new students are made by the Office of Residence Life and Housing prior to the beginning of each semester.
- G. Returning students who complete all paperwork by the stated deadlines may participate in the Room Selection process in the spring to select their rooms for the upcoming academic year. Specific policies for the Room Selection process are determined by the Office of Residence Life and Housing with feedback from students.
- H. Some campus housing options are designated with special privileges and require a minimum GPA or other eligibility requirements of students who choose to live in these areas.
- I. Housing assignments for returning students who do not participate in the room selection process will be made by the Office of Residence Life and Housing.

4. Room Assignments

- A. All attempts are made to grant the request(s) of a residential student when making an assignment. However, if the student is not eligible for the space being requested, if the space is not available, or if there is a concern for the comfort or rights of another student, the request will not be granted.

- B. There will be a one-week period during the first few weeks of the fall and spring semesters during which students may request a room change for any reason. A room change request form will be sent out electronically to your Columbia College e-mail by Residence Life and Housing for this purpose. During any other time in the year, students will be asked to talk with their Resident Assistant or Area Coordinator about their reasons for wanting to make a room change request. If there is a roommate concern, the student will be asked to work with the RA or AC in an attempt to remedy the roommate concern. Only those situations which may result in health or safety concerns, an extreme discomfort, or situations which have been discussed previously with an AC and for which a solution has not been found may be approved for a room change.
- C. If a room change occurs, the Office of Residence Life and Housing will attempt, if at all possible, to notify any students residing in the space in which the moving student has been assigned to. During the summer, this notice may be provided in the form of a change to the room and roommate assignment in Koala Connection. During the academic year, students will receive an e-mail notification when possible. However, all students with open beds in their rooms for which they are not paying should be ready for a new roommate at any time, regardless of notification. Note: only students approved for a "double as a single" or "approved private" are permitted to occupy both sides of the room. Students found to be occupying both sides of a room without permission may be fined up to the cost of the entire room. When a student is approved for a "double as a single" or "approved private," the approval is a permanent guarantee. The approval of one of these options for one year does not guarantee an approval for subsequent years.
- D. If a need arises, an additional student may be assigned to a residence hall room, or certain common rooms within the residence halls may be designated as living areas. In order to adjust to the stresses caused by overcrowding, it may be necessary to make adjustments in residential policies and procedures.

5. Family Housing

Columbia College is not able to offer housing to family members of students. This includes spouses, partners, children, or extended family members who are not also enrolled in the Undergraduate College at Columbia College.

6. Break Periods

- A. All residence halls are closed during scheduled break periods (Thanksgiving, Winter, Spring, and Summer). Students are expected to leave the residence hall on the day of their last fall or spring semester examination and no later than the designated closing date for Thanksgiving and Spring Breaks.
- B. Students needing to remain in the residence halls during the breaks may complete a request for a break pass to do so.
 - 1. The Office of Residence Life will send the break pass request link to each resident student through their campus e-mail.
 - 2. All break passes must be submitted before the published due date. Students who request a break pass after the deadline will be assessed a late fee of \$15.00.

3. There will be an additional fee, as stated in the housing contract, charged to students who need to stay during Winter and/or Spring Break.
 4. Students must have an approved break pass from the Director of Residence Life and Housing in order to remain in the residence halls during the breaks. Anyone found without an approved break pass may be removed from the halls, charged a fee, and/or be documented for a possible violation of policy.
- C. During the break periods, there may be special policies put into place by the Director of Residence Life and Housing. Students will be required to comply with all special policies and/or the policies listed in the Student Code of Conduct and Residence Hall Policies. Failure to do so may result in a request for the resident to leave housing immediately until further investigation and/or judicial proceedings can be held.

7. Summer Housing

Summer housing is provided for the entirety of the summer for female students in the Undergraduate College program. Space is limited and priority is given to students that are involved in some type of on-campus work experience or academic, internship, or employment experience related to the student's degree. Summer residents must also be residing in campus housing in the fall semester, unless an exception is allowed by the Director of Residence Life and Housing. The summer period is not included in the academic year housing contract and there is a separate fee for summer housing. Those students needing summer housing must complete a summer housing application and contract. Information regarding the summer housing application process and deadlines will be available through the Office of Residence Life and Housing in late spring.

8. Residence Hall Withdrawal

1. Residents must vacate the residence halls and cease using the College board plan within 48 hours (unless notified of a shorter time requirement) after withdrawal, dismissal from housing and/or when no longer actively enrolled in classes. In situations where a student is required to vacate the residence halls, a student's parent or legal guardian may be notified. Students withdrawing from the College should notify the Office of Residence Life and Housing by completing a withdrawal form. Students leaving the halls for any of these reasons should follow all policies and procedures when vacating the room.
2. Residential students are expected to be full-time Undergraduate College students and must attend classes regularly. If a student, through their attendance, drops below full-time status they will be asked to move out of the residence hall and their contract may be terminated. Students who are asked to leave housing for this reason will not be awarded a refund of room and board charges for the current semester.

9. Housing Refunds and Cancellations

- A. For new incoming students, the Initial Housing Payment is collected within the deposit given to the Admissions Office and applied to the room charges for a student's first semester at Columbia College. The deadline to cancel assignments without forfeiting the Initial Housing Payment and being bound to the contract for the academic year is August 1 for new students enrolling in the fall semester and January 1 for new students enrolling in the spring semester. Cancellations must be made in writing to the Office of Residence Life and Housing.

- B. All returning resident students wishing to receive a room assignment after the Room Selection Process should contact the Office of Residence Life & Housing.
- C. All housing contracts are binding after July 1 for returning students, August 1 for incoming students in the fall, and January 1 for incoming students in the spring. An automatic release from the housing contract will be granted to rising juniors and rising seniors if written notification is received by July 1 for the upcoming academic year. A contract signed after this date is automatically a binding agreement with no window of time to cancel.
- D. All students in their first two years of enrollment are required to live on campus, as per the College's residency requirement. Failure to select a room during the Room Selection Process does not release a student that is required to live on campus from the Housing Contract. All students that are required to reside on campus, except students approved for an exemption by the Office of Residence Life and Housing, will be charged for room and board for the upcoming academic year.
- E. A resident whose residence hall contract is terminated by the College will forfeit all room and board charges for the current semester.
- F. A student who fails to claim the room assignment and key made for that student by the conclusion of the Add/Drop period will thereby forfeit that reservation for the current semester. The student will not be eligible for any refund of room and board charges already applied to the student's account. This does not apply for those still enrolled in classes and required to reside on campus.
- G. All refunds for housing charges or deposits are paid back in the form of the original payment, unless otherwise decided upon by Tuition Accounts or the student request for use of the payment for other charges on the account. Refunds are contingent upon:
 1. Compliance with the College residency requirement and the provisions of the Housing Contract;
 2. Prior settlement of all assessments of damage charges and fines;
 3. A written request submitted in accordance with all deadlines to reserve or cancel a room assignment; and
 4. The student not having any other fees/charges owed to the College.
 5. Guidelines provide in the *Undergraduate College Bulletin*.

10. Residence Hall Security

- A. The following measures should be followed for the safety of all residents:
 - B. The best security a student has is a locked room. Always keep doors locked.
 - C. A room key and a front door access card (Student ID) for the residence hall are issued to each resident upon arrival. Students should keep these items in their possession at all times.
 - D. Failure to return a key or a lost key will result in the need for a lock change with the cost assessed to the responsible student. This charge can range from \$130 and up per key.
 - E. Students leaving the residence hall permanently, for a period of time (e.g., students studying abroad), or at the end of the academic year, must return their key(s) to the Office of Residence Life and Housing upon immediate vacating of the room.
 - F. Tampering with locks, theft, and duplication or unauthorized use of any key or access card to a College facility is prohibited and will result in judicial action.
 - G. No resident student is permitted to lend a key(s), a student identification card, or an access card originally issued to that

student to another student or to a non-student. If this occurs, judicial action will be taken.

- H. All entrance doors will be locked 24 hours a day. Fire doors are clearly labeled and alarmed and are not to be used, except in an emergency. Any individual found responsible for using or tampering with a fire door will face judicial action.
- I. For the safety of all residents, unauthorized persons should not be allowed entrance into any residential facility. All visitors must be greeted and signed in at the front desk by the hosting student and escorted at all times.
- J. Report any suspicious person(s) to the Area Coordinator, the Assistant Area Coordinator, Resident Assistant, desk staff, or the Columbia College Police Department immediately.

11. Personal Property

While measures are taken to ensure safety and protection of personal property, the College cannot be held responsible for theft, destruction, or loss of property belonging to or in the custody of students. It is advisable to carry personal property insurance. The College suggests that students check with their parent or guardian's home owners insurance to see if that policy will cover any losses while the student is living in the residence halls. Students may also contact the Office of Residence Life and Housing to obtain a brochure regarding purchasing personal property insurance from an outside vendor not affiliated with Columbia College. Students are encouraged to purchase renters insurance.

12. Alcohol and Drugs

Alcohol and drugs and the use of alcohol and drugs are not allowed in the residence halls for any reason. For more information on the College's policy, please refer to the policy statement on Alcohol and Other Drugs, detailed on page 54 of the *Student Handbook*, and to the policies listed in the Student Code of Conduct, section of the *Student Handbook*.

13. Alcohol and Drug Paraphernalia

Empty alcohol containers (any container that once contained alcohol) or containers that are specifically designed to contain alcohol (including, but not limited to, shot glasses, wine glasses, beer mugs, pilsners, flasks, martini glasses, kegs, and champagne flutes) are not allowed in residence halls. Columbia College is a dry campus and alcohol paraphernalia of any type, even that which is used for decorative purposes, is not permitted.

Drug paraphernalia is not allowed in the residence halls for any reason.

14. Animals

- A. Animals are not allowed in the residence halls, with the exception of fish kept in a tank no larger than 10 gallons. Other animals that can live in fish tanks but are not fish are not permitted.
- B. Only those animals in compliance with the Americans with Disabilities Act and Fair Housing Act will be permitted, once approved. All approvals for animals in the halls, except for fish, must go through the Columbia College Office of Student Success.
- C. Students found in violation of this policy may be fined a cleaning fee up to \$250.00.

15. Appliances

- A. Due to safety concerns and the desire to provide the most efficient power sources for residents, students are required to meet the following conditions:
 - 1. A U.L. approved power strip, with a built-in 1.5 amp or less circuit breaker and on/off switch should be used.
 - 2. All appliances must be on a 110 volt current rating and must be U.L. approved.
 - 3. No more than four power strips may be used in any residence hall room (U.L. approved surge protectors or power strips with surge protectors are recommended).
 - 4. Extension cords and multiple plug outlets/outlet extenders are prohibited.
 - 5. Power strips and surge protectors may not be plugged into other power strips.
 - 6. Splitters of any type or devices designed to manipulate the original supply (power, cable, or Ethernet) are not allowed.
- B. The following appliances are allowed in the residence halls:
 - 1. Small microwaves not to exceed 1000 watts.
 - 2. Refrigerators no larger than 5 cubic feet and 12 running amps.
 - 3. Irons with automatic shut-off are permitted but should be used with caution.
 - 4. Blenders, crock pots, lava lamps, and small coffee pots. These items must all have automatic shut-off functions. This includes single serve coffee makers.
 - 5. George Foreman type grills can only be used in the residence hall kitchen.
 - 6. Air fryers can only be used in the residence hall kitchen.
- C. The following appliances are not allowed in the residence halls:
 - 1. Routers of any type.
 - 2. Sun/heat lamps and candle warmers/hotplates /wax warmers.
 - 3. Space heaters (unless provided by Facilities Management upon emergency).
 - 4. Ceiling fans.
 - 5. Personal air conditioners.
 - 6. Electric blankets.
 - 7. Cooking appliances (broiler/toaster ovens, toasters, hot plates, pressure cookers, convection cooking items, etc.).
 - 8. Halogen lamps and halogen lightbulbs of any type.
 - 9. Paper lanterns or lamps.
 - 10. In general, appliances with an open coil or heating unit or appliances that are hot to the touch are not allowed.
- D. If you are unsure whether or not an appliance is allowed, ask your RA or AC before bringing the item into the residence hall. If appliances that are prohibited in the residence halls are found in a student's room, the violation will be documented and the student will be asked to remove the item from the residence hall within a given amount of time. Staff reserves the right to confiscate the prohibited item(s) and store or properly dispose of the item.

16. Babysitting

Students may not babysit at any time and for any reason in the residence halls. This also applies to siblings and other biological relatives. Students who have children and also live in the residence halls will be allowed to visit with their

children provided the policies regarding minors as guests are followed, as referenced later in this section.

17. Check-Ins and Checkouts

- A. Students are required to properly check into and check out of their assigned residence halls rooms when moving in and vacating the space. This ensures that the Office of Residence Life and Housing is aware of the occupancy of the room, the verification of the assigned resident, and the condition of the space, all for health and safety purposes.
- B. To properly check in:
 - 1. A student may complete a standard checkout with a Residence Life staff member (typically an RA or AC) or complete an Express Checkout. A student may contact a member of Residence Life to schedule a checkout time, during which the Residence Life staff member will walk through the assigned room with the student and complete the remaining half of the RCR. **We highly recommend the use of standard check-out.**
 - 2. The student should not enter or attempt to gain access to the assigned residence hall room before this proper check-in has occurred.
 - 3. Students may check in at the Office of Residence Life and Housing during business hours, unless notified of a special check-in time and location.
- C. To properly check out:
 - 1. A student may complete a standard checkout with a Residence Life staff member (typically an RA or AC) or complete an Express Checkout. A student may contact a member of Residence Life to schedule a checkout time, during which the Residence Life staff member will walk through the assigned room with the student and complete the remaining half of the RCR. The use of standard checkout is highly recommend.
 - 2. The student should have all personal items out of the cleaned room at this time and be ready to turn in the key and vacate the room.
 - 3. The student will receive a signed copy of the completed RCR, which will also include any possible damage indications.
 - 4. The resident will give the room key to the Residence Life staff member at that time, which will complete the proper checkout process.
- D. If a student does not wish to be present while the condition of the room is being assessed by a Residence Life staff member, the student may obtain an Express Checkout envelope from the Office of Residence Life and Housing, an AC, or from the key return box located outside of the Office of Residence Life and Housing. The student must complete the information on the outside of the Express Checkout envelope, place the room key(s) in the envelope, seal the envelope, and drop the envelope in the key return box outside of the Office of Residence Life and Housing (or in the labeled key drop boxes available in the hall lobbies during closing at the end of the academic year). **Students who choose to complete an Express Checkout option may not appeal their damage charges** (more information in the Damage to Residence Hall Property section).
- E. Students who have failed to accurately complete previous check-outs, (Thanksgiving, Christmas, Spring Break), may not (at the discretion of Residence Life Personal) be allowed the option of express check-out.

- F. Students who do not properly check in or check out of their residence hall spaces may be fined \$50 or more. A fee may also be assessed to replace the cost of changing the lock and creating new room keys to replace the unreturned keys from an improper checkout. A limited amount of time may be granted, if possible, to allow for the late return of room keys from improper checkouts but the improper checkout fine may still be assessed.
- G. Students will also be assessed a fee of \$100 or more if the Residence Life staff must pack up a student's space or relocate a student's items due to improper checkout.

18. Lock Outs

- A. Students with repetitive lockouts from their assigned spaces may be assessed a fee. Students will be contacted via email to meet with a Residence Life Staff member before a fee is applied to their student account.

19. Community Spaces

- A. Community spaces are created and maintained for the purpose of providing students with additional living spaces in which to interact/socialize with other students, cook, do laundry, study, and overall, build community. Community spaces include any space within the residence hall that is not secured behind a locked door. These include, but are not limited to, lounge/lobby restrooms, hallways, stairwells, lobby areas and lounges, kitchens, the McNair classroom, the McNair Fitness Center, and laundry rooms.
- B. Residents and organizations wishing to use these community spaces for scheduled events must reserve the spaces through the Area Coordinator for that specific area.
- C. All residents having access to these community spaces have a responsibility to maintain the good condition of these spaces. Community damage fees may be assessed if damages are done to the community spaces and the person(s) responsible is not identified. Proper care should be used when utilizing the space for activities involving materials that may damage the community spaces such as paint, glue and glitter glue, permanent markers, and cutting materials. Loose glitter and spray paint should not be used in the community spaces. See the Damage to Residence Hall Property section below for more information.

20. Damage to Residence Hall Property

- A. The Office of Residence Life and Housing staff will work diligently to track the condition of each room and community space within the residence halls, using a system of Room Condition Reports (RCRs). Each student will be provided a copy of the RCR at the time of check-in and checkout. The student is also responsible for noting any damage or condition concerns (not already noted on the RCR) and notifying the Office of Residence Life and Housing within 48 hours of checking in. Any conditions that have changed since the time of check-in, as noted on the RCR, will be the responsibility of all students having access to the space, unless an individual student claims responsibility for the difference in condition or damage.
- B. All community members have a responsibility to maintain the condition of those spaces in the hall that are accessible by all and considered to be community spaces (hallways, lounges, kitchen, laundry room, gym, etc.). If there are any changes in the condition of these spaces or damages done in

these spaces, all members of the community that had access to that space may be charged for the cost of the damage if the person or persons responsible are not found. If a community damage fee is assessed, the total cost of the damage will be divided evenly amongst all members of the community. Any fees amounting to less than \$5 per community member will not be assessed, but the cost of that damage may be added to any other damages done later in the academic year and assessed at that time.

- C. Any student who is responsible for committing damage to College property, whether accidental or willful and malicious, will be required to pay for the repair or replacement of that property. It is the responsibility of each resident to cooperate with College staff in the apprehension of individuals causing damage. A student that leaves belongings in the room at checkout or fails to leave the room in a clean and orderly state can be charged, based on the assessment made by the AC, in consultation with Facilities Management. Broken items or significant damage, such as a broken mirror or badly stained carpet, will be charged on a per item basis, depending on the replacement/repair cost to the College. All fees and costs associated with the damage and subsequent repair or replacement will be placed on the responsible student's account and will be owed, according to the policies of the Tuition Accounts office.
- D. Most damage fees may be appealed, following the process and deadlines listed in each damage notification. All appeals should be made to the Director of Residence Life and Housing. Only damages discovered during a room inspection for those students who selected to complete an Express Checkout may not be appealed.

21. Decorations

Students are encouraged to decorate their rooms in a way that creates a sense of comfort and home. However, decorations should not cause damage to the room or create a safety concern. The following decoration policies should be followed and the Residence Life staff may ask students to remove items at any time or may remove items for students if the students are not present:

1. Nothing should be placed on or hung from the ceiling and very top of the walls. This includes the fire sprinklers.
2. No wall or door surface area should be entirely covered. Only a moderate amount of each wall should be covered.
3. No rugs, quilts, blankets, nets, sheets, cloth, or any other pieces of fabric or flammable materials should be hung on the walls or from the ceiling.
4. Rugs/mats are not permitted in the hallway.
5. No items should be placed across the doorways or under carpets. No items should hang across the room.
6. Decorative lights, such as holiday lights, may be used as long as they meet all appliance requirements, as listed in the "Appliances" section of the Residence Hall Policies. These lights are not hung from the ceiling or fire safety equipment and should not be placed near anything that may become overheated and start a fire.
7. Small plants and trees are allowed, provided they are potted. No gardens or flower beds should be created and the watering of these plants should not cause damage.
8. The walls, windows, furniture, and any other surfaces may not be painted at any time. All paint upkeep will be conducted by Facilities Management only

9. Only adhesive materials that can be easily removed without causing damage to the paint or staining of the surface should be used. Prohibited items include, but are not limited to, duct tape, nails, Scotch tape, screws, and stickers. The use of any adhesive materials by a student, even those that may be recommended by the Residence Life staff, is done at the student's own risk and all damages caused by adhesive materials or nails/screws will be charged to the student.
10. Loose glitter and spray paint should not be used inside the residence halls.
11. Decorations in the community spaces are allowed, as long as they adhere to the policies listed above in this section and are approved by the Residence Life staff. The removal of or damage to any decorations from a community space or from the door of another student is considered to be theft or damage of personal property and will not be tolerated.

22. Fire Safety

- A. Given the compact nature of the residence halls, it is essential that all fire safety regulations are followed, to provide the safest living areas possible for students. Students must adhere to the following fire safety related policies:
 1. No items listed on the prohibited appliances list in the "Appliances" section 15 of the Residence Hall Policies should be brought into or used in the residence halls.
 2. Candles, incense, wax warmers, fuel of any type, and anything with an open flame is prohibited. Electronic flameless candles are allowed.
 3. The burning of candles and incense is prohibited.
 4. Smoking of any type is not allowed (Please refer to the smoking and tobacco use section of this handbook).
 5. Live/real Christmas trees are not permitted. Any Christmas trees or trees used for decorative purposes must be made of a fire retardant material. Documentation may be required.
 6. All draperies and bedspreads should be made of a fire retardant material.
 7. A path of egress must be available at all times in the rooms, hallways, and community spaces. Items may not be placed in the path of egress. This includes, but is not limited to, furniture in the path of egress or that blocks the door or window, excessive amounts of items on the floor of a room, locked or blocked doors, and items left in the hallway. Staff may request that the student(s) move the items immediately or may move the items without the permission of the student(s).
 8. Any tampering with, disarming of, or covering of the fire safety equipment in the residence halls is against federal and state laws and is prohibited. This includes smoke detectors, sprinklers, pull stations, exit door alarms, hood/exhaust and fire suppression systems, and fire extinguishers.
 9. It is important for all residents to have knowledge of the evacuation procedures, in case of a fire. These procedures can be found in this section of the *Student Handbook* under "Fire, Emergencies, and Evacuation of Buildings." All students must evacuate the residence hall completely and in a timely manner after any sounding of the fire alarm or evacuation order, for any reason. Any student

found in the residence hall after an alarm or evacuation order may face criminal proceedings, in addition to judicial proceedings.

23. Furniture

- a) No furnishings may be removed from any of the residence halls.
- b) All furniture placed in the student's individual room should remain in that room. Students may not move furniture into the hallways or any community spaces.
- c) Students may not move furniture from the community spaces into individual rooms or other community spaces.
- d) Students will be held responsible for damage done to furnishings.
- e) Lofts are not allowed in any way. Bed risers or other materials may not be used to raise the bed from the floor. Students are encouraged to place service requests with Facilities Management to adjust the height of the bed. Beds may not be bunked or placed on top of each other.
- f) Students may use carpet or rugs to cover the floors but these materials should be fire retardant and should not be adhered to the floor or cause damage to the floor.
- g) Furniture may not be placed in any way that would block the path of egress.
- h) Water filled furniture or beds are prohibited.
- i) All mirrors located in the rooms should remain on the walls and should not be moved.

23. Guest Philosophy and Policy

We, as a residential community of scholars, recognize the rights to privacy and to full utilization of one's living environment as fundamental and necessary in order to ensure the right to live and learn in a diverse community. We also recognize visitation is an important privilege which can contribute to living and learning in such a community; however, this privilege comes with responsibility and cannot impede on another's rights, even within the stated guest hours. Furthermore, we understand that the right of students to safety and security in their living environment is paramount to the development of community in the residence halls. In order to equally protect the rights of everyone in the community, consistency with policy enforcement; acknowledgement of privileges among roommates and suitemates; and the provision of a safe, secure environment are essential.

- A. Guests of Columbia College residential students include anyone not assigned by the Office of Residence Life and Housing to live in a particular room. The following policies apply:
 1. The right of a resident to sleep, nap, study, or simply to enjoy privacy always takes precedence over the roommate's and/or suitemate's right to have guests in the room/suite, regardless of posted guest hours. Roommates and suitemates are encouraged to discuss when guests may or may not be present and to fill out the roommate and suitemate agreements.
 2. Guests may only visit during the approved guest hours (listed later in the section), unless approved as an overnight guest. The Office of Residence Life and Housing may restrict guests from the residence halls completely during the beginning of the fall semester, exam periods, hall closers, breaks and summer.

3. Resident students or hosts must escort their guest(s) at all times, from entry into the residence hall to exit from the residence hall. The hosting student must remain with the guest(s), even in the hosting student's room. Any guests found unescorted in the residence hall may be escorted out of the hall by a Residence Life staff member or CCPD.
4. A resident may host a maximum of two guests at any given time, including minors in the company of their parent/legal guardian.
5. A guest is considered to be an "overnight guest" if the person will be visiting in the residence hall past the stated visitation hours for the residence halls. This includes Columbia College students visiting in a residence hall room to which they are not currently assigned.
6. Cohabitation is not permitted in the residence halls. Cohabitation is defined as anyone not assigned to the same room that is present in the room for more than the allotted number of overnight visits allowed in this policy. Excessive visitation of a person not assigned to that room during visitation hours may also be defined as cohabitation. If it is believed that a guest is residing with different people in a hall or on campus for several consecutive nights or a grouping of nights, that guest may not be approved for an overnight request for a certain amount of time.
7. Displays of physical intimacy are private matters and must not be expressed in the presence of others. Students are encouraged to remember this when hosting guests.
8. Each resident student is responsible for their guest's conduct and is liable for any damage done to College property or violations of College policy committed by the guest. All guests are expected to adhere to the policies of the College.
9. If the guest policy is ignored, violated, or otherwise abused by an individual resident, group of residents, or the residents in a residence hall, the AC or Director of Residence Life and Housing may reduce or suspend guest privileges for that individual, group of residents, or all residents of that hall.

- B. The following applies to all visitors (non-undergraduate day college students) to the College:
 1. All guests must be properly signed in and signed out by the hosting student in the guest logbook at the front desk of each residence hall. To ensure the security of residents and their guests at all times, it is necessary for guests to present a picture ID (State ID, Driver's License, or Military ID preferred) to the desk staff upon entrance to the building. Desk staff will record the identification information in the guest log for each visitor. At times when no desk staff is available, a student is expected to remember the Honor Code and sign in each guest by recording all of the required information, legibly, in the guest logbook.
 2. All overnight guests who are not Columbia College Day students must have prior approval to stay overnight on campus. Out of respect for roommates and suitemates, the host must request and receive approval for an overnight guest from their roommate and suitemates. This approval is signified on the Overnight Guest

Registration Form, available from the Office of Residence Life and Housing or the ACs. The student must then give the completed form to the AC for that residence hall, at least 24 hours prior to the arrival of the guest or by 5:00pm on Thursday if arriving on Friday or Saturday. The AC will provide a copy of the Overnight Guest Registration Form if approved, which the student must collect from the AC or RA on duty and keep at all times while the guest is in the hall. If a guest is denied for any reason, the AC will notify the student and the student may appeal the denial to the Director of Residence Life and Housing. Note that minors as overnight guests follow a slightly different process (as outlined in the Minors as Guests section 22B).

3. A guest is considered to be an “overnight guest” if the person will be visiting in the residence hall past the stated visitation hours for that hall. This includes Columbia College students visiting in a residence hall to which they are not currently assigned. A completed and approved Overnight Guest Registration Form is required for this type of overnight guest and is due at least 24 hours prior to the guests’ arrival or by 5:00pm on Thursday if arriving during the weekend.
4. Overnight guests may stay for a maximum of two consecutive nights. Resident students may only host overnight guests for a maximum of four (4) nights per month, regardless of whether the guest is the same or different for those four nights. Resident guests may only host a maximum of two (2) overnight guests at a time. Exceptions to these requirements may be made by the AC/AAC, in consultation with the Director of Residence Life and Housing, for emergency situations.
5. Overnight visitation will only occur on Friday and Saturday. All guests will be able to stay overnight on the weekends, no matter the guest’s sex.
6. Overnight guests will not be allowed at the beginning of the fall semester, during final exam weeks, during breaks or during summer. Information about these restrictions will be shared through the Office of Residence Life and Housing.

C. The following applies to visitors who are Undergraduate College students:

1. All guests must be properly signed in and signed out by the hosting student in the guest logbook at the front desk of each residence hall. To ensure the security of residents and their guests at all times, it is necessary for guests to present their student ID to the desk staff upon entrance to the building. Desk staff will record the identification information in the guest log for each visitor. At times when no desk staff is available, a student is expected to remember the Honor Code and sign in each guest by recording all of the required information, legibly, in the guest logbook.
2. Guests who are residential students from other halls on campus or Undergraduate College commuter students must:
 - a. be met in the lobby area by the resident of that hall.
 - b. be completely signed in and signed out by the desk assistant or by their host by the end of stated visitation hours.
 - c. be escorted by the resident of the hall at all times.

3. Overnight guests may stay for a maximum of two consecutive nights. Residential students may only host a maximum of two (2) overnight guests at a time. Exceptions to these requirements may be made by the AC in consultation with the Director of Residence Life and Housing, for emergency situations.
4. Overnight visitation for Columbia College undergraduate day college students will only occur on Friday and Saturday.
5. Any Undergraduate Day College student who is a guest of another student will be liable, along with their host for any damage done or violations of college policies.

Guest Hours	
Sunday through Saturday (7 Days a Week)	9:00am – 2:00am

- D. In the case of Columbia College students visiting residence halls, other than their own, for approved organizational meetings and special events in the residence halls, these guests are required to sign the Special Event/Organizational Meeting Visitor Sign-in log. Guests visiting for this reason must travel directly to the space being used for the meeting/event and travel directly to front desk to sign out and leave the hall after the event is over. As long as these requirements are met, the Columbia College student guest does not need to be escorted for this time. However, any non-Columbia College students must still be signed in and escorted at all times for this purpose. Those visiting for this specific purpose may not sign in anyone else for this event.

24. Minors as Guests in the Residence Halls

Students who wish to have a guest under the age of 18 visit them in their residence hall may do so under the following guidelines:

- A. Students who wish to host a minor as a guest during regular visitation hours must secure the approval of their roommate and suitemates prior to hosting the guest and have an approved minor visitation form filled out in advance (24 business hours prior) if not accompanied by a parent or legal guardian.
- B. Visitors under the age of 12 must be accompanied by a parent or legal guardian at all times and the parent/legal guardian must be able to provide proof of legal guardianship, if requested.
- C. Students who wish to host a minor as an overnight guest must secure approval 24-hours (business operation hours, Monday-Friday 8:30am – 5:00pm) in advance from the student’s roommate, suitemates, and AC by filling out an Overnight Guest Registration Form, along with the submission of the minor visitation form. Only minors 12 years and older are eligible to stay overnight. Exceptions to this policy may be made for special weekends (e.g. Ludy Bowl, Follies, etc.) as deemed appropriate by the Director of Residence Life and Housing. Minors may stay overnight for a maximum of two consecutive nights and may not visit more than one time per month.
- D. At any time, if a minor who is a guest of a student becomes disruptive to the community, the student host will be asked to return the child to a parent or legal guardian off campus, if the parent or legal guardian is not already present with

the student. If the parent or legal guardian is already present, that person will be asked to remove the minor from the campus.

- E. When possible, the minor should keep a form of identification (military ID, school ID, driver’s permit or license, etc.) on them at all times.

25. Quiet and Courtesy Hours

- A. In consideration of others, students should be reasonably quiet at all times while in the residence halls. Courtesy hours are in effect 24 hours a day. If a neighbor or hallmate asks another student to keep the noise level down, the student causing the noise has the obligation to reasonably accommodate the concerned student. If a compromise cannot be reached, the RA should be contacted to assist in mediation. It is the responsibility of all members of the community to be aware of their own noise production levels and to enforce quiet hours. Cooperation in this matter is essential for creating a community of respect and an environment that is conducive to academic success and wellbeing.
- B. Loud use of electronic devices, radios, televisions, and computers is strictly prohibited. Earphones for electronic devices, computers, and televisions are strongly recommended. Using equipment which disturbs other residents is not permitted.

Quiet Hours:	
Sunday through Thursday	10:00pm – 8:00am
Friday and Saturday	12:00am – 9:00am
<i>*Twenty-four-hour quiet hours will be in effect during exam weeks and will be clearly published in all closing materials and marketing.</i>	
Courtesy Hours:	
24-hours a day	

26. Hall Sports

The use of any balls, darts/dart boards, or other sporting equipment inside the residence halls is prohibited. Only the proper use of the ping pong and air hockey equipment in the appropriate spaces is allowed. Students may not run or rough-house or use any type of vehicle with wheels in the residence halls. Bikes may be stored in a resident’s room if they do not block the path of egress and are agreed upon by all roommates.

27. Heat and Air Conditioning in Mirse and Wesley Halls

The Heating and Air Conditioning (HVAC) unit is a shared system between Mirse and Wesley Halls. This system operates on the outside temperatures and the heat or air will turn on and off automatically, depending upon the temperatures outside. During the times when the outside temperature is not generally consistent, there may be times when the halls will be warmer or cooler depending on the air trapped inside. Residents are always encouraged to report any concerns about the temperature to their RA or AC. If it is believed that there is a concern with an individual room unit or a larger concern with the functioning of the system, Facilities Management will be consulted. However, energy efficient practices during these times of transition to more consistent temperatures.

28. Pregnancy

Students who are pregnant may live on campus for the duration of their pregnancy as long as they inform the Director of Residence Life and Housing about the pregnancy, provide documentation of on-going prenatal care, and continue to attend classes regularly and complete all academic work.

29. Recycling in the Residence Halls

- A. Students are encouraged to recycle at Columbia College, both in the residence halls and in other locations on campus. Bins for aluminum, plastic and paper (including newspaper) are located in each residence hall lobby. Resident students are asked to bring recyclable items from their residence hall rooms to the collection bins on a regular basis. Students are asked to rinse out all aluminum cans and plastic bottles before depositing these items in the bins.
- B. If students have larger collections of recycled items, those collections can be taken to one of the outside collection areas, located between Hudson Hall and Wesley Hall and McNair Hall (across from the tennis courts). Glass and other recycled items can be recycled at these outside locations as well.
- C. Students are also encouraged to recycle cardboard. Cardboard can be placed in the trailer behind the Center for Career Coaching and Professional Development. For more information about the College’s Recycling program, contact the Office of Residence Life and Housing.
- D. Students found to be contaminating or putting trash in the recycling bins may be fined and/or put through the judicial process.

30. Room Conditions During Break Periods

During break periods when the residence halls close, students will be asked to complete a short list of closing tasks, including removing all trash and items that may cause safety concerns or unsanitary conditions. The Residence Life staff will check each room (not approved to be occupied during the break) after the closing of the halls to ensure that each closing task has been completed. Students leaving trash or any items that may cause unsanitary conditions may be fined.

31. Room Entry and Inspection Policy

- A. The College respects students’ rights to privacy and their desire to control their own living environment, and the College has the responsibility to provide quality residential facilities for both present and future occupants. Therefore, the College retains the right to enter students’ rooms at any time, for any reason it deems necessary. Entrance to students’ rooms will generally be for the purpose of making routine administrative and safety inspections, or when an authorized agent of the College has reasonable cause to believe:
 1. the well-being of the occupant or others may be at stake;
 2. significant damage is being done to College property;
 3. college policy or an applicable law has been or is being violated;
 4. custodial services, maintenance and/or repair is necessary; or
 5. inspections consisting of a visual search for fire, health, and policy violations are needed.

- B. Entry by Columbia College authorities into assigned rooms in residence halls is generally divided into three categories: inspections, search, and emergency.
1. Inspection – An inspection will consist of the entry by College officials into an occupied room in order to ascertain the general welfare of students, to determine health and safety conditions in the room, to check the physical conditions of the room, to make repairs on facilities, or to perform cleaning and custodial operations. Inspection is not necessarily conducted in the presence of the room occupant(s). The Director of Residence Life and Housing, the ACs, and RAs may conduct announced inspections of students' rooms once a semester for the purpose of maintaining health and safety conditions in the residence halls. This will typically include a visual inspection that may include looking under beds, opening closets, and refrigerators. Evidence of violations of the Student Code of Conduct and/or Residence Hall Policies found during a visual inspection or during routine repairs or custodial services will be referred to the Judicial Coordinator or the Columbia College Police Department (CCPD).
 2. Search – A search consists of the entry by College officials into an assigned room for the purpose of (1) investigating suspected violations of the Student Code of Conduct and/or Residence Hall Policies and/or city, state, or federal law or (2) investigating circumstances that require immediate attention. Although not required, depending upon the nature of the situation before an examination of a premises occupied by students occurs, documentation will typically be given to the Vice President for Student Affairs & Dean of Students, the Director of Residence Life and Housing, or their designee, indicating the reasons for the search and the objects or information sought. CCPD may be requested to escort the Dean, Director, or designee during the search process. If reasonably possible under the circumstances, at least one of the occupants of the room being searched will be invited to be present. Presence of an occupant is not required, but preferred. The occupant will be informed of the reason for the examination unless such disclosure would interfere with the purposes of the search. Searches conducted by CCPD or an outside law enforcement agency with the assistance of CCPD for possible violation of criminal law generally require a valid search warrant or consent of the party whose person or property is being searched. In the case of suspected College regulation infractions, evidence produced during a room search (with or without a search warrant) may be used in College judicial proceedings. All contents of the room may be inspected during a search.
 3. Emergency – The entry by College authorities into an assigned room when there is perceived imminent danger to persons, properties or buildings. Emergency entry is not necessarily conducted in the presence of the room occupant(s).

32. Roommate/Suitemate Agreements

- A. All residents will be expected to discuss, complete, and update as needed, roommate and suitemate agreements, which will be kept on file by a Residence Life staff member.

Guest privileges may be revoked as needed by the AC or Director of Residence Life and Housing until these agreements are fully completed.

- B. If an agreement that has been fully completed and settled upon by all students in that residential space is violated by one or more students involved in the making of that agreement, the Director of Residence Life and Housing may use this violation as a reason to move the student(s) found to be in violation of the agreement.

33. Smoking & Tobacco Use in the Residence Halls

For the health and safety of everyone, smoking of any type, including E-cigarettes or vapes, is not permitted anywhere in or around the residence halls. Use of chewing tobacco is not permitted in the residence halls. Any person choosing to smoke legal substances or chew tobacco while on campus is required to follow the Columbia College Smoking and Tobacco Policy, as referenced in this section of the *Student Handbook*.

34. Marijuana Policy

The Code of Conduct Section 3 policy 10 states “Use, possession, or distribution of narcotics, other controlled substances, synthetically produced stimulants or depressants (such as K2Spice, marijuana), and drug paraphernalia, on or off campus” is prohibited. What does this mean?

- A. Whether you are found responsible or not of a violation of our Student Code of Conduct is based on preponderance of evidence (more likely than not a violation has occurred).
- B. Coming to campus smelling like marijuana will be treated as if you are in possession of the substance. This is still a violation.
- C. College officials are able to enter a room and conduct a search for the purpose of investigating suspected violations of the Student Code of Conduct and/or Residence Hall Policies.
- D. Minimum Sanctions: The minimum sanction for Section 3 #10 is a fine of up to \$250. Other sanctions may also be imposed (i.e. suspension, educational requirement etc.). The College also reserves the right to impose interim suspension while the incident is being adjudicated. The Columbia College Department may also take further action.

35. Solicitation

Solicitation for purchase of goods or services occurring within the residence halls and/or utilizing the residence halls, except as approved by the Director of Residence Life and Housing or the Director of Student Activities, is prohibited. Solicitation includes, but is not limited to, any unapproved fliers and physical paper marketing, marketing on social media for anything that utilizes the residence halls, campaigning, distribution of materials and literature, conducting of surveys and research, and any other door-to-door approach or approach of students in the community spaces. If a student is bothered by solicitation, that student should notify a member of the Residence Life staff or the Columbia College Police Department immediately. All fliers and marketing items placed in the residence halls not related to a Residence Life program or initiative should be approved by the Office of Student Activities first and will be placed in the halls by the Residence Life staff. See the Solicitation and Posting Policies in the Policy

Statements section of the *Student Handbook* for more information.

36. Storage Policy

- A. The Office of Residence Life and Housing offers a storage option to resident students who meet the following criteria:
 - 1. The student is an international student or lives at a permanent home address that is outside a 3 hour driving radius from Columbia College, according to an online map service.
 - 2. The student will be returning to the residence halls for the upcoming academic year.
- B. The Storage Guidelines are as follows:
 - 1. Any student that meets the storage needs criteria must complete an electronic storage request form by the stated deadline.
 - 2. If approved, the student will be required to move their belongings into storage during a scheduled appointment with the AC for the hall in which the items have been approved for storage. All information about the student's approval status, which hall the student has been approved to store items in, and the process for scheduling an appointment with the appropriate AC will be shared with that student via the student's campus e-mail after receipt of the Storage Request Form.
 - 3. Storage is provided solely for larger items such as a refrigerator, microwave, and plastic bins. No smaller individual items will be allowed.
 - 4. Any item that is not a large appliance such as a refrigerator, microwave, TV or piece of furniture must be placed in a trunk or plastic, waterproof bin or storage container.
 - 5. Each student is limited to ten (10) large items.
 - 6. Each item must be clearly labeled with the student's full name, building, and room number for their Fall Housing assignment.
 - 7. The Office of Residence Life and Housing will properly dispose of and/or pack and store items left in the room after the space has been vacated (whether the space was properly checked out of or the student fails to return for classes). The Residence Life staff will pack and store the belongings of a student who does not appear to be returning after all reasonable attempts to contact the student have been made and/or time for the student to collect the belongings in question have expired. Once placed into storage, these items will only be stored for 60 days and will be disposed of after that time.
 - 8. The Office of Residence Life and Housing assumes no responsibility for items left in storage (whether placed there by the student or by the Office of Residence Life & Housing after packing up a room). The Residence Life staff will properly dispose of any items left in student storage that have not been claimed by the rightful owner after 60 days (This includes items that have been removed from a room by the Residence Life staff or items that have no information about the owner clearly marked on them). Any items that have been properly stored by a resident in student storage that remain unclaimed 30 days after the start of the fall semester will be properly disposed of, without notification to the rightful owner.

37. Summer Housing Policies

Overnight guests will not be allowed in summer housing, and summer visitation hours end at 11:00pm. All other residence hall policies and procedures are in effect for summer sessions, unless informed otherwise by the Director of Residence Life and Housing. When a summer resident moves to their fall housing assignment, they must follow the visitation guidelines in place for Early Arrivals.

38. Trash and Room Conditions

- A. Trash should be properly disposed of in the appropriate places. All room trash should be removed from the residence halls and disposed of in the dumpsters located next to McNair Hall (across from the tennis courts) or across from Mirse Hall. Trash should not be left sitting in the hallways, stairwells, or community spaces. The trash cans located in the community spaces, including the kitchens, laundry rooms and restrooms, should only be used for small personal items used in those areas such as paper towels and food scraps. Trash should not be swept into the hallways. Any trash not properly disposed of that can be connected to an individual may result in a fine or Judicial proceedings for that student.
- B. Students should maintain a clean living environment. The cleaning of each room and suite bathroom is the responsibility of all students sharing that space. The Residence Life staff will conduct Health and Safety Inspections each semester during a publicized time, during which students may be present. Students will be asked to address any concerns regarding the condition of the room during this time. The Residence Life staff may address any other concerns about the cleanliness and condition of a living space at any point beyond the time of Health and Safety Inspections. If a student or group of students does not rectify any cleanliness or living condition concerns after being requested to do so by Residence Life staff, Facilities Management may be asked to perform cleaning services and the fee will be assessed equally to those students in the living area.
- C. Students are expected to report any facilities related concerns to a member of the Residence Life staff in a timely manner so that a service request can be placed. Students are expected to leave the area around the bottom, front, and top of their room Heating and Air Conditioning (HVAC) unit free and open, to allow for proper functioning of the system. In the case of any damage or compounded damage due to a lack of proper reporting of facilities concerns or blocking the air flow of the HVAC unit, the student or students responsible may be assessed the fee for any repairs.

39. Unauthorized Access

- A. Access to the residence halls is limited for the safety of the students residing in each hall. Students should adhere to the following access related policies while in the residence halls:
 - 1. Students are required to use the Columbia College identification card issued to them to gain access to the residence halls to which they are assigned. The Desk Staff do not function as a concierge and at times may be limited in their ability to leave the desk immediately.
 - 2. No doors leading to the exterior of the building should be propped open or left unsecured at any time. Students are encouraged not to allow "tailgating" or the allowance of

someone else to enter behind them, especially for those that they do not recognize as residents of that hall.

3. The use of clearly labeled emergency exits is only allowed during an actual emergency (i.e. the sounding of a fire alarm or evacuation order). Students wishing to leave the residence halls during a time of non-emergency should use the main entrance.
4. Students are not permitted to be in the residence halls during the times when the halls are officially closed, unless approved to remain in the halls by the Director of Residence Life and Housing or visiting a student that has been approved to stay (while following break guest policies). Students must leave the residence halls by the publicized closing time for breaks and may not gain entry until the break period is over. Any student found to be in the residence halls without proper approval during the breaks may be escorted from the residence halls by CCPD and may face criminal trespassing charges and judicial proceedings.

40. Unauthorized Room Changes

- A. Unauthorized room changes are defined as those room changes that occur without proper authorization from the Director of Residence Life and Housing. Students who make an unauthorized room change will be assessed up to a \$250 unauthorized room change fee and may face possible judicial action or an additional cost for the dual room usage. It is imperative that each student move into the room assigned to that student and not occupy space assigned to another student. Furthermore, the student is responsible for any damages found in the vacated room. In the event of an unauthorized room change, the student(s) will move back into their original assignment(s) until proper authorization can be obtained
- B. Students must only occupy the space assigned to them within the room. Unless the student is assigned to a single room with room for only one bed or is paying for an approved double-as-a-single room/privatized room, one side of the room, including one set of furniture, must be clean and easy to access at all times. A student with an open bed in the room may place a limited amount of items on the open side of the room such as a refrigerator, a basic sheet set on the bed, some posters, etc. However, these items may be moved back to the side of the owner by a member of the Residence Life staff or the newly assigned roommate if the owner is not present during the time of the new roommate's move in. If a student appears to be using more than one side of the room and is only paying for the use of one bed, that student may be assessed a fee up to the amount for the use of the entire room.

WEAPONS POLICY

With the exception of officers of the Columbia College Police Department, the carrying of weapons or firearms of any type, including open or concealable weapons, is prohibited on the premises of Columbia College, including its parking lots. Possessing, using, storing, or manufacturing any weapon or any facsimile (copy/duplicate) of a weapon on College controlled property or in connection with a College affiliated activity, unless authorized in writing by the Chief of Police is strictly prohibited. If permission is granted, the College's Event Manager will work in conjunction with Facilities Management to ensure usage occurs in an approved

location. The term "weapon" means any device, instrument, or substance that is designed to, or reasonably could be expected to, inflict a wound, incapacitate, or cause serious bodily injury or death, including, but not limited to, firearms (loaded and unloaded, real and replica and toy – including water guns), ammunition, electronic control devices (such as tasers and stun guns), devices designed to discharge an object (such as Orbeez splatter ball guns, bb guns, air guns, pellet guns, potato guns, and slingshots), explosives, dangerous chemicals, martial arts weapons, bows and arrows, artificial knuckles, nightsticks, blackjacks, dirks, daggers, swords, knives with fixed blades, and mechanical knives..

Weapons may be confiscated and student conduct action may be taken. Students may be subject to criminal charges when the incident rises to that level.

Students may possess mace/pepper spray for self-defense purposes only. Use in other ways would constitute a violation of College regulations or criminal charges being file.

AUTOMOBILE REGULATIONS

Vehicle Registration

Properly licensed and insured vehicles may be operated on campus only if they are registered with the Columbia College Police Department. Vehicle use on campus is governed by the regulations provided by the Columbia College Administration and the Columbia College Police Department.

All vehicles must display a College decal. The decal must be affixed with its adhesive backing to the outside of the rear window, in the lower left-hand corner on the driver's side. Vehicles designed with soft tops or convertible tops must affix the decal with its adhesive backing to the outside of the windshield in the lower right-hand corner on the driver's side.

Temporary use of automobiles requires a temporary permit available at the Columbia College Police Department or from the on-duty officer. A fee will be assessed.

Citations with associated fines will be issued to the operators of unregistered vehicles. Penalties for repeated citations will result in towing of the vehicle and loss of operating the vehicle on campus as well as suspension of driving and/or vehicle registration privileges under South Carolina law. In order to retrieve an impounded vehicle, an individual must pay all associated costs. Penalties include, but are not limited to, costs of parking violations, towing charges, and storage fees.

Divisions, departments or individuals inviting groups or other persons to campus must inform those groups or individuals of parking regulations.

18. Vehicle operators must observe all traffic signs and regulations on campus. The speed limit on campus is 15 miles per hour.

Violation Citation Appeals

Appeals of citations must be filed through e-mail to the Chief of Police within ten (10) business days of the date of issue. The appeal must include the reason for the appeal, the summons number, vehicle license number, decal number, and the name, address, and telephone number of the person appealing the citation. The appeal will be reviewed and answered within seven business days. If a complainant believes that the Columbia College Police Department has not followed the process, they may file a written appeal with the Vice President for Student Affairs.
